Son siège social est situé au 21 rue La Boétie, 75008 Paris, France.
B.4b	Tendances	<p>La gestion des problématiques environnementales revêt une importance et une complexité croissantes tant dans les pays à fort développement que dans les pays matures : l'accès à l'eau est un enjeu fondamental pour le développement des économies et des villes comme pour de nombreuses industries, les pollutions sont de plus en plus difficiles à traiter, les ressources énergétiques et les matières se font de plus en plus rares, et les réglementations sont de plus en plus contraignantes. L'efficacité énergétique et l'énergie circulaire deviennent des enjeux cruciaux.</p> <p>Le 21^e siècle se caractérise ainsi par un changement radical du rôle des villes dans l'économie mondiale, où croissance, prospérité et bien-être social sont devenus des enjeux majeurs. Face à la compétition mondiale qui s'intensifie et à des normes environnementales qui se renforcent, les industriels se voient dans l'obligation d'être accompagnés pour renforcer leur compétitivité et réaliser leurs projets de croissance.</p> <p>Dans ce contexte, la demande de services à l'environnement à forte valeur ajoutée s'accroît et se traduit par des opportunités de développement partout dans le monde. Veolia se positionne comme un créateur de valeur, avec des solutions expertes et innovantes.</p> <p>Afin de se positionner au mieux sur ces marchés, de 2012 à 2015, le Groupe s'est engagé dans une phase de transformation profonde, marquée par un recentrage sur ses géographies et ses métiers les plus porteurs, un désendettement significatif, une organisation plus simple, plus intégrée et plus réactive, un programme substantiel d'économie de coûts et de restauration des marges.</p>

		Depuis 2016, Veolia met en œuvre un plan de développement pour renouer avec une croissance rentable, ciblée et régulière, en capitalisant sur les acquis de la transformation du Groupe.

B.13

Evénements récents

A l'exception des événements listés ci-dessous, aux paragraphes (i) à (vi) et des évolutions dans quelques-unes des procédures significatives auxquelles l'Emetteur ou ses filiales sont parties, l'Emetteur estime qu'aucun événement récent ayant une incidence sur l'évaluation de sa solvabilité n'est intervenu depuis la publication du Document de Référence 2016 :

(i) En mars 2017, Veolia a émis un emprunt obligataire qui se décompose en deux tranches d'un montant de 650 millions d'euros chacune, la première à échéance mars 2022 (5 ans) portant un coupon de 0,672% et la seconde à échéance novembre 2026 (10 ans court) portant un coupon de 1,496%.

(ii) Le contrat de 15 ans opéré par Veolia sur le système de chauffage de Vilnius a pris fin le 29 mars 2017. La ville de Vilnius a soumis une demande d'indemnisation pour les dommages causés aux actifs pendant la période de gestion déléguée à Veolia Environnement et à sa filiale Vilnius Energija (Vilnius Energy), dont le Groupe conteste la totalité du bien-fondé : la ville a récemment communiqué que sa réclamation devrait atteindre 200 millions d'euros. A ce titre, la société municipale a émis un appel en garantie de Veolia pour ces 200 millions d'euros le 29 mars 2017 ('Notice of default') et le Conseil Municipal de Vilnius a décidé du recours en arbitrage devant la Chambre de commerce de Stockholm (SCC) le 25 avril 2017 pour ce montant. Au 31 mars 2017,

		<p>l'évolution vers un désengagement des activités Lituanienes de Veolia, motivé par la fin d'un contrat majeur ainsi que le processus de cession déjà engagé de ses autres activités, a conduit le Groupe à traiter la Lituanie en résultat des activités non poursuivies, conformément à l'application de la norme IFRS 5.</p> <p>(iii) En avril 2017, Veolia remporte le contrat de South London Waste Partnership.</p> <p>(iv) L'Assemblée Générale Mixte des actionnaires de Veolia Environnement a approuvé le jeudi 20 avril 2017, l'ensemble des résolutions qui lui étaient soumises.</p> <p>(v) En mai 2017, Veolia remporte trois contrats de services énergétiques en Chine pour un total de €864 millions.</p> <p>(vi) Le 4 mai 2017, Veolia Environnement a publié un communiqué de presse sur ses résultats trimestriels au 31 mars 2017.</p>
B.14	Dépendance à l'égard des autres entités du Groupe	<p>Voir l'Elément B.5 pour le Groupe et la position de l'Emetteur au sein du Groupe.</p> <p>Veolia Environnement est, directement ou indirectement, la société mère de l'ensemble des sociétés du Groupe. Ses actifs sont essentiellement constitués de participations dans ces sociétés. La société n'a pas d'autres activités ; elle est par conséquent dépendante des autres entités du Groupe et des revenus qu'elle en perçoit.</p>
B.15	Activités principales de l'Emetteur	<p>Le Groupe offre une gamme complète de services environnementaux adaptés aux besoins de chacun de ses clients. Ces services comprennent notamment l'approvisionnement en eau et le recyclage des eaux usées, la collecte, le traitement et la valorisation des déchets, la fourniture de chaleur et climatisation, et généralement l'optimisation des processus industriels.</p> <p>Les activités de Veolia Environnement sont menées au travers de trois secteurs d'activités: l'eau, les services environnementaux et les services énergétiques pour servir l'autorité publique et les clients des secteurs industriels ou services. Veolia Environnement dessert aujourd'hui 100 millions de personnes en eau potable et 63 millions en assainissement dans le monde, traite près de 42,9 millions de tonnes de déchets, assure les besoins en énergie de centaines de milliers de bâtiments pour une clientèle d'industriels, de collectivités et de particuliers. Section C – Les Titres		
C.1	Nature et catégories des Titres et numéro d'identification des Titres	<p>Les Titres seront émis par Souches. Chaque Souche pourra comprendre une ou plusieurs Tranches émises à différentes dates d'émission et régies par des modalités identiques, sauf la date d'émission et le montant du premier paiement d'intérêts qui pourront être différents selon les Tranches.</p> <p>Les Titres pourront être émis sous forme de Titres Dématérialisés ou de Titres Physiques. Les Titres Dématérialisés seront au porteur ou au nominatif. Les Titres Physiques seront uniquement au porteur.</p> <p>Un numéro d'identification spécifique (ISIN) figurera pour chaque Tranche dans les Conditions Définitives applicables.</p>
C.2	Devises	Les Titres pourront être libellés et/ou payables en toute devise indiquée dans les Conditions Définitives, sous réserve de l'obtention des autorisations nécessaires et du respect de toutes les exigences légales et réglementaires applicables.
C.5	Restriction à la libre négociabilité des Titres	<p>Les Titres ne pourront être émis qu'en conformité avec les lois, directives, règlements et autres restrictions ou obligations de communication applicables aux Titres à tout moment, en ce compris les restrictions à l'offre et à la vente de Titres et à la distribution des supports d'offre dans les divers pays applicables à la date du Prospectus de Base.</p> <p>L'Emetteur et les Agents Placeurs ont convenu de certaines restrictions relatives à l'offre, la vente et la livraison des Titres et à la distribution des documents d'offre en France, au Royaume Uni, au Japon, aux Etats-Unis d'Amérique, à Hong-Kong, en République Populaire de Chine et à Singapour. Cependant, les Titres peuvent être transférés librement dans les systèmes de compensation concernés.</p>
C.8	Les droits attachés aux titres, rang et restrictions à ces droits	<i>Droits attachés aux Titres</i> : Les Titres donnent à leurs Porteurs le droit au paiement d'une somme en numéraire en cas de remboursement et au paiement d'intérêts, tel que résumé à l'Elément C.9 ci-après.

	<p><i>Statut des Titres</i> : Les Titres et, le cas échéant, les Coupons y afférents constituent des engagements directs, inconditionnels, (sans préjudice des stipulations relatives au maintien de l'emprunt à son rang) non assortis de sûretés et non subordonnés de l'Emetteur, et se maintiendront au même rang et sans préférence entre eux et, sous réserve des exceptions impératives du droit français, de même rang que les autres obligations, présentes ou futures, non subordonnées et non assorties de sûretés de l'Emetteur, en circulation à tout moment.</p> <p><i>Maintien de l'emprunt à son rang</i> : Aussi longtemps que des Titres ou, le cas échéant, des Coupons attachés aux Titres resteront en circulation, l'Emetteur s'interdira de constituer ou laisser subsister sur son patrimoine, ses actifs ou ses revenus, présents ou futurs, et ceux de ses Filiales Principales, une quelconque hypothèque, un gage, un nantissement, un privilège (autre que légal) ou toute autre forme de sûreté visant à garantir une Dette Pertinente ou tout engagement de garantie d'une Dette Pertinente, à moins que simultanément ou préalablement, ses obligations envers les porteurs de Titres ou de Coupons (A) fassent l'objet d'une sûreté équivalente et proportionnée, ou (B) bénéficient de toute autre sûreté ou arrangement autorisé par la Masse des Porteurs de Titres.</p> <p><i>Fiscalité</i> : Tous paiements en principal, intérêts ou autres revenus effectués par l'Emetteur ou en son nom se rapportant aux Titres ou Coupons devront être effectués nets de toute retenue à la source ou déduction au titre des impôts, taxes, droits, contributions ou charges gouvernementales de toute nature, imposés, prélevés, retenus ou collectés par la France ou toute autorité de ce pays ayant le pouvoir de prélever l'impôt, à moins que cette retenue à la source ou cette déduction ne soit requise par la loi. Dans l'hypothèse où une telle retenue à la source ou déduction serait opérée, l'Emetteur devra, sauf dans certaines circonstances limitées, majorer ses paiements afin de compenser les montants ainsi retenus ou déduits.</p> <p><i>Cas de Défaut</i> : Les Titres seront dus et exigibles à leur montant principal augmenté des intérêts courus en cas de survenance d'un cas d'exigibilité anticipé relatif aux Titres. Les cas d'exigibilité anticipée relatifs aux Titres incluent, sous réserve de certaines conditions :</p> <ul style="list-style-type: none"> • un défaut de paiement de l'Emetteur au titre des Titres pendant une période de quinze (15) jours calendaires ; • un manquement de l'Emetteur relatif à l'une quelconque de ses obligations relatives aux Titres pendant une période de trente (30) jours calendaires suivants une notification écrite de ce défaut ; • un défaut croisé au titre de tout autre endettement de l'Emetteur et/ou de toute Filiale Principale s'agissant de sommes empruntées pour un montant excédant 50.000.000 d'euros ou son équivalent ; • l'ouverture de certaines procédures collectives relatives à l'Emetteur ou à toute Filiale Principale ; • la faillite ou l'état de cessation des paiements de toute Filiale Principale non établie en France ; et

C.9	Intérêts, remboursement et représentation	<p>Voir l'Élément C.8 pour les droits attachés aux Titres, le rang et les restrictions à ces droits.</p> <p><i>Taux d'intérêt nominal</i> : Les Titres pourront ou non donner droit à la perception d'intérêts. Les intérêts (éventuels) pourront être à taux fixe ou variable, ou à un taux qui varie pendant la durée de vie de chaque Tranche, ou à un taux qui varie selon l'évolution d'indices d'inflation.</p> <p><i>Titres à Taux Fixe</i> : Les coupons fixes seront payables à terme échu à la date ou aux dates de chaque année prévues par les Conditions Définitives.</p> <p><i>Titres à Taux Variable</i> : Les Titres à Taux Variable porteront un intérêt déterminé selon une des modalités suivantes :</p> <ul style="list-style-type: none"> • sur la même base que le taux variable applicable à une opération d'échange de taux d'intérêt notionnel dans la devise prévue concernée régie par une convention incorporant les Définitions FBF publiées par la Fédération Bancaire Française ; ou • sur la même base que le taux variable applicable à une opération d'échange de taux d'intérêt notionnel dans la devise prévue concernée régie par une convention incorporant ISDA Definitions publiée par l'International Swaps and Derivatives Association, Inc. ; ou • sur la base d'un taux de référence apparaissant sur une page fournie par un service de cotation de marché ou sur la base des cours du marché. <p>Sauf si un taux minimum d'intérêts supérieur est indiqué dans les Conditions Définitives, le taux minimum d'intérêts sera réputé égal à zéro.</p> <p><i>Titres à Taux Fixe/Variable</i> : Les Titres à Taux Fixe/Variable pour lesquels un changement de base d'intérêt est spécifié comme étant applicable peuvent être émis par l'Émetteur.</p> <p><i>Titres à Coupon Zéro</i> : Les Titres à Coupon Zéro peuvent être émis à leur valeur nominale et ne porteront pas intérêt.</p> <p><i>Titres Indexés sur l'Inflation</i> : Les Titres Indexés sur l'Inflation porteront intérêts à un taux variable indexé sur le rendement des indices d'inflation concerné tels que définis dans les Conditions Définitives. Voir l'Élément C.10 ci-dessous.</p> <p><i>Dates de départ et d'échéance des intérêts</i> : Les Conditions Définitives indiqueront pour chaque Tranche de Titres portant intérêts, les dates de départ et d'échéance des intérêts.</p> <p><i>Maturité</i> : Les Titres auront la maturité indiquée dans les Conditions Définitives applicables, sous réserve du respect des obligations légales et réglementaires applicables.</p> <p><i>Description du sous-jacent applicable auquel est lié le paiement des intérêts</i> : Des Titres Indexés sur l'Inflation pourront être émis dans le cadre du Programme dont l'intérêt est calculé par référence à un ratio d'indice d'inflation, lui-même déterminé en fonction (i) de l'indice des prix à la consommation (hors tabac) des ménages en France métropolitaine, tel que calculé et publié mensuellement par l'Institut National</p>

de la Statistique et des Etudes Economiques ("**INSEE**"), ou (ii) de l'indice harmonisé des prix à la consommation (hors tabac) (ou tout indice qui pourrait lui succéder) mesurant le taux d'inflation dans l'Union Monétaire Européenne, tel que calculé et publié mensuellement par Eurostat ("**Eurostat**").

Montant de Remboursement Final : Les Titres pourront être remboursés au pair ou pour tout autre montant indiqué dans les Conditions Définitives applicables comme étant le Montant de Remboursement Final. Le montant dû lors du remboursement de Titres Indexés sur l'Inflation pourra être lié à l'évolution du ratio d'indice d'inflation concerné.

Remboursement Anticipé : Les Titres pourront être remboursés pour des raisons fiscales, au choix de l'Emetteur, à un prix égal au Montant de Remboursement Anticipé. Les Titres pourront également être remboursés par anticipation, au choix de l'Emetteur et/ou des Porteurs de Titres, à un prix égal au Montant de Remboursement Optionnel, si cette option figure dans les Conditions Définitives, ou à un prix égal au Montant de Remboursement Make-Whole, sauf indication contraire dans les Conditions Définitives applicables, ou à un prix égal au Montant de Remboursement Anticipé si l'option de Remboursement Clean-up est indiquée comme applicable dans les Conditions Définitives, ou à un prix égal au pair si l'option de Remboursement Maturité Résiduelle est indiquée comme applicable dans les Conditions Définitives.

Remboursement Optionnel : Les Conditions Définitives relatives à chaque émission de Titres indiqueront si ceux-ci peuvent être remboursés avant la date d'échéance prévue au gré de l'Émetteur (en totalité ou en partie) et/ou des Porteurs de Titres et, si tel est le cas, les modalités applicables à ce remboursement.

Remboursement Make Whole : Sauf exclusion de cette option dans les Conditions Définitives concernées, l'Emetteur pourra, à son gré, sous réserve du respect par l'Emetteur de toute loi, réglementation ou directive applicable, et à condition d'en aviser de façon irrévocable les Titulaires au moins quinze (15) jours calendaires et au plus trente (30) jours calendaires à l'avance (ou tout autre délai spécifié dans les Conditions Définitives), procéder au remboursement de la totalité ou, le cas échéant, d'une partie des Titres restant en circulation à tout moment avant la Date de Maturité. Ce remboursement de Titres sera effectué au Montant de Remboursement Make-Whole.

Remboursement Clean-up : Si une option de Remboursement Clean-up est indiquée comme applicable dans les Conditions Définitives, dans le cas où au moins 80% du montant total des Titres de la Souche concernée ont été achetés ou rachetés par l'Emetteur autrement que par l'option de remboursement au choix de l'Emetteur, l'Emetteur pourra, à son gré et à condition d'en aviser de façon irrévocable les Titulaires au plus soixante (60) jours calendaires et moins plus trente (30) jours calendaires à l'avance, procéder au remboursement de la totalité, et non une partie seulement, des Titres restant en circulation de la Souche au Montant de Remboursement Anticipé majoré des intérêts courus jusqu'à la date fixée pour le remboursement (incluant, le cas échéant, les intérêts de retard).

Remboursement Maturité Résiduelle : Si une option de Remboursement Maturité Résiduelle est indiquée comme applicable dans les Conditions Définitives, l'Emetteur pourra, à son gré et à condition d'en aviser de façon irrévocable les Titulaires au moins quinze (15) jours calendaires et au plus trente (30) jours calendaires à l'avance (ou tout autre délai spécifié dans les Conditions Définitives), procéder au remboursement de la totalité, et non une partie seulement, des Titres restant en circulation de la Souche au pair majoré des intérêts courus jusqu'à la date fixée pour le remboursement (exclue), à tout moment pendant la période débutant la « Date Initiale de Remboursement Maturité Résiduelle » (inclue) (telle qu'indiquée dans les Conditions Définitives) et terminant à la Date de Maturité.

Rendement : Le rendement des Titres sera indiqué dans les Conditions Définitives.

		<p><i>Représentant des Porteurs de Titres</i> : Les Porteurs de Titres seront automatiquement groupés pour la défense de leurs intérêts communs en une masse (la "Masse"), régie par les dispositions du Code de commerce français, sous réserve de certaines exceptions quand masse contractuelle est applicable. La Masse aura une personnalité juridique distincte et agira soit par l'intermédiaire d'un représentant, soit par l'intermédiaire de l'assemblée générale des Porteurs de Titres.</p>
C.10	Composante dérivée dans le paiement d'intérêts	<p>Voir l'Elément C.9 pour les intérêts, remboursement et représentation.</p> <p>A l'exception des Titres Indexés sur l'Inflation, les Titres émis dans le cadre du Programme ne pourront comporter aucun élément dérivé. Les Titres Indexés sur l'Inflation pourront être liés soit (i) à l'indice des prix à la consommation (hors tabac) des ménages en France métropolitaine (le "CPI") calculé et publié mensuellement par l'INSEE, soit (ii) à l'indice harmonisé des prix à la consommation (hors tabac), ou l'indice concerné lui succédant, mesurant le taux d'inflation dans l'Union Monétaire Européenne (hors tabac) tel que calculé et publié mensuellement par Eurostat (le "HCPI").</p>
C.11	Cotation et admission à la négociation	<p>Une Souche de Titres peut être cotée et/ou admise aux négociations sur (a) Euronext Paris ou (b) tout autre marché réglementé de l'Espace Economique Européen, tel que défini par la Directive 2004/39/EC, telle qu'amendée, (un "Marché Réglementé") ou (c) tout marché indiqué dans les Conditions Définitives applicables, autre qu'un Marché Réglementé.</p> <p>L'Emetteur pourra également émettre des Titres non cotés.</p>
C.15	Description de l'impact de la valeur du sous-jacent sur la valeur de l'investissement	<p>Les Titres Indexés sur l'Inflation sont des titres de créance dont le montant du principal et/ou des intérêts n'est pas prédéterminé. Les montants dus au titre du principal et/ou des intérêts dépendent de l'évolution des Indices d'Inflation. Le montant du principal et/ou des intérêts dus par l'Émetteur pourra donc varier et les Porteurs des Titres pourraient ne pas recevoir d'intérêts. Toutefois, les Titres Indexés sur l'Inflation ne pourront pas être remboursés en dessous de leur valeur nominale.</p>
C.16	Expiration / date d'échéance des instruments dérivés - date d'exercice / date finale de référence	<p>Sous réserve du respect des lois, règlements et directives applicables, toute échéance d'un (1) mois minimum à compter de la date d'émission initiale.</p>
C.17	Procédure de règlement des instruments dérivés	<p>Les Titres Indexés sur l'Inflation émis dans le cadre du Programme sous forme de Titres dématérialisés seront compensés par Euroclear France en tant que dépositaire central.</p> <p>Les Titres Indexés sur l'Inflation émis dans le cadre du Programme sous forme de Titres matérialisés au porteur seront initialement émis sous la forme de Certificats Globaux Temporaires (<i>Temporary Global Certificate</i>) et seront compensés par Clearstream, Luxembourg, Euroclear ou tout autre système de compensation convenu entre l'Émetteur, l'Agent Financier et l'Agent Placeur ou les Agents Placeurs concernés.</p>
C.18	Modalités relatives au produit des instruments dérivés	<p>Les paiements de principal et/ou d'intérêts se rapportant aux Titres Indexés sur l'Inflation seront déterminés en multipliant le montant nominal en circulation de ces Titres par le produit du taux annuel indiqué dans les Conditions Définitives et du Ratio d'Indice d'Inflation concerné.</p>
C.19	Prix d'exercice / Prix de	<p>Sans objet.</p>

	référence final du sous-jacent	
C.20	Type de sous-jacent utilisé et où trouver les informations à ce sujet	Les Titres Indexés sur l'Inflation sont des Titres dont le principal et/ou les intérêts sont indexés. En plus du rendement fixé au moment de l'émission appliqué à un montant nominal non-indexé, l'intérêt est déterminé en appliquant la variation annuelle de l'inflation, exprimée en pourcentage, au montant nominal des Titres Indexés sur l'Inflation. Toutefois, le montant nominal des Titres Indexés sur l'Inflation ne pourra être remboursé en dessous du pair. Les Titres Indexés sur l'Inflation sont liés aux Indices d'Inflation, c'est-à-dire soit le CPI calculé et publié mensuellement par l'INSEE, soit le HCIP calculé et publié mensuellement par Eurostat. Les Conditions Définitives relatives à chaque émission de Titres Indexés sur l'Inflation indiqueront la source des informations relatives à l'indice.
C.21	Indication du marché sur lequel les valeurs seront négociées et pour lequel le prospectus a été publié	<p>Une Souche de Titres peut être cotée et/ou admise aux négociations sur (a) Euronext Paris ou (b) tout autre marché réglementé de l'Espace Economique Européen, tel que défini par la Directive 2004/39/EC, telle qu'amendée, (un "Marché Réglementé") ou (c) tout marché indiqué dans les Conditions Définitives, autre qu'un Marché Réglementé.</p> <p>L'Emetteur pourra également émettre des Titres non cotés.</p>

Section D – Risques

D.2	Principaux risques liés à l'Emetteur	<p>Le Groupe est spécialisé dans la fourniture de services à l'environnement, et encourt de ce fait certains risques liés à son activité. Pour honorer les paiements relatifs aux Titres qu'il émet dans le cadre du Programme, l'Émetteur est dépendant des revenus qu'il perçoit dans le cadre de ses activités. Ces revenus peuvent être affectés par un grand nombre de facteurs, tels que :</p> <ul style="list-style-type: none"> • les risques liés à l'évolution des marchés du Groupe, des technologies et de la concurrence ; • les risques liés au maintien des licences, permis et autorisations nécessaires et aux évolutions réglementaires en matière de santé, d'environnement, d'hygiène et de sécurité ; • les risques de taux et risque de change ; • le risque de contrepartie; • les risques liés aux variations de prix de l'énergie, des consommables et des matières premières secondaires ; • la présence du Groupe dans certains pays peut générer ou exacerber certains risques pour les activités ; • les impacts potentiels du Brexit ; • la déstabilisation d'un pays peut générer des situations d'urgences et des risques exceptionnels ; • les risques liés aux catastrophes naturelles et au dérèglement climatique ; • les risques liés aux conditions climatiques sur les résultats du Groupe et à la saisonnalité ;
------------	---	--

		<ul style="list-style-type: none"> • les risques relatifs au système d'échange de quotas d'émissions de gaz à effet de serre ; • les risques liés au plan stratégique du Groupe ; • les risques liés à l'évolution du périmètre d'activités du Groupe, notamment liés aux opérations de cession et de développement ; • les risques liés à la sûreté des personnes, biens matériels et immatériels, valeurs et systèmes d'information ; • le risque de liquidité • le risque lié à la santé et la sécurité des salariés • le risque lié à la disponibilité des compétences • le risque lié à la dégradation du climat social • les risques de responsabilité civile notamment en matière sanitaire ou environnementale ou liés aux activités présentes ou passées • les risques liés aux activités de conception et de construction des grands projets ; • les risques liés aux procédures de mise en concurrence et d'autorisation d'exercice de certaines activités ; • les risques sanitaires et environnementaux émergents ; • les risques liés aux contrats long terme ; • les risques liés aux prérogatives de la puissance publique ; • les risques liés à la mise en œuvre de partenariats ; • les risques fiscaux ; • les litiges significatifs ; et • les risques liés au non-respect des règles éthiques.
D.3	Principaux risques liés aux Titres	<p>L'achat ou la détention de Titres implique certains risques qui doivent être pris en compte préalablement à toute décision d'investissement. En dépit de leur caractère éventuel, ces risques peuvent entraîner une volatilité voire une baisse de la valeur de marché des Titres en deçà des attentes (financières ou autres) des investisseurs.</p> <p>Il appartient à chaque investisseur potentiel de déterminer par lui-même et, le cas échéant, avec l'assistance de conseils professionnels, si l'achat de Titres correspond à sa situation personnelle, ses besoins financiers et ses objectifs, si cet achat est conforme à ses politiques et contraintes d'investissement, et s'il s'agit d'un investissement qui lui convient, malgré les risques réels et significatifs inhérents à tout achat ou détention de Titres.</p>

Ces risques incluent notamment :

- le risque de modification des modalités des Titres par une décision de l'assemblée générale des Porteurs des Titres, les Porteurs non présents ou en désaccord pouvant se retrouver liés par le vote de la majorité ;
- les risques liés au marché secondaire des Titres ;
- les risques de conflits d'intérêts potentiels ;
- les risques relatifs au change et aux devises ;
- les risques juridiques liés à l'acquisition des Titres ;
- les risques liés au risque de crédit de l'Emetteur ;
- les risques liés à la notation des Titres ;
- les risques liés à la fiscalité ;
- les risques liés à la proposition européenne de taxe sur les transactions financières ;
- les risques liés à la valeur des Titres sur le marché ;
- les risques relatifs à un changement de loi ; et
- les risques relatifs à la loi française sur les entreprises en difficulté.

Il existe aussi des facteurs de risques liés à la structure de certains Titres en particulier :

- les Titres peuvent comporter une option de remboursement anticipé à l'initiative de l'Emetteur; toute possibilité d'un remboursement optionnel des Titres à la main de l'Emetteur est susceptible de limiter leur valeur de marché ;
- les Titres peuvent comporter une option de remboursement anticipé à l'initiative des Porteurs de Titres; toute possibilité d'un remboursement optionnel des Titres à la main des Porteurs de Titres est susceptible de limiter leur valeur de marché ;
- la valeur des Titres à Taux Fixe peut varier ;
- les Porteurs ne pourront pas calculer par avance le taux de rendement des Titres à Taux Variable ;
- les Titres à Coupon Zéro sont sujets à des fluctuations plus importantes que les Titres non décotés ;
- les Titres à Taux Fixe/Variable peuvent avoir un *spread* moins favorable que les *spreads* applicables aux Titres à taux variable comparables et liés au même taux de référence ;
- les Titres à Taux Variable/Fixe peuvent avoir un nouveau taux fixe inférieur ;
- les Porteurs peuvent être exposés au risque relatif aux Titres Indexés sur l'Inflation, qui dépendent de la performance de l'indice ;
- les risques liés au manque d'information en ce qui concerne les Titres

		<p>Indexés sur l'Inflation ;</p> <ul style="list-style-type: none"> les Titres Indexés sur l'Inflation avec un multiplicateur ou autre facteur de levier peuvent constituer des investissements particulièrement volatiles ; des facteurs additionnels relatifs aux Titres Indexés sur l'Inflation (tels que les indices sur l'inflation peuvent être sujets à des changements significatifs, que ce soit en raison de la composition dudit indice sur l'inflation, ou en raison des fluctuations de la valeur de l'indice sur l'inflation; le taux d'intérêt résultant sera moins élevé (ou plus élevé) que celui payable sur des titres de créance classiques émis par l'Emetteur au même moment ; et les Titres RMB ne sont pas convertibles librement et dans certaines hypothèses, l'Émetteur peut être autorisé à effectuer des paiements en U.S. dollars; il existe des restrictions significatives relatives au paiement des Titres RMB au sein et en dehors de la République Populaire de Chine. La liquidité des Titres en RMB pourrait en être affectée de manière significative et défavorable. En outre, les investissements dans les Titres RMB sont soumis aux risques de change.
D.6	Avertissement sur les risques	<p>Voir l'Elément D.3 pour les risques clés propres aux Titres.</p> <p>AVERTISSEMENT : LES INVESTISSEURS DANS LES TITRES QUI CONSTITUENT DES INSTRUMENTS DERIVÉS AU TITRE DU REGLEMENT 809/2004/CE, TEL QUE MODIFIÉ, PEUVENT PERDRE L'INTEGRALITE DE LA VALEUR DE LEUR INVESTISSEMENT OU UNE PARTIE DE CELUI-CI.</p>

Section E – Offre		
E.2b	Raison de l'offre et utilisation des produits	Le produit net des émissions de Veolia Environnement sera affecté à ses besoins généraux ou tels que précisés dans les Conditions Définitives applicables.
E.3	Modalités et conditions de l'offre	<p>Les modalités de l'offre comprendront les conditions de l'offre, les statistiques de l'offre, le calendrier prévisionnel et les modalités de souscription.</p> <p>Les modalités comprendront également les informations relatives au plan de distribution et d'allocation des Titres.</p> <p>Les Titres seront émis au Prix d'Emission qui sera arrêté au moment de l'émission, en fonction des conditions de marché.</p> <p>Les modalités contiendront des informations relatives au placement et à la prise ferme.</p> <p>L'Emetteur et les Agents Placeurs ont convenu de certaines restrictions relatives à l'offre, la vente et la livraison des Titres et la distribution des documents d'offre en France, au Royaume Uni, au Japon, aux Etats-Unis d'Amérique, à Hong-Kong, en République Populaire de Chine et à Singapour.</p>
E.4	Intérêts déterminants pour l'émission	Tout intérêt (en ce compris les éventuels intérêts conflictuels) de nature à influencer sensiblement sur l'émission/l'offre de Titres fera l'objet d'une description dans les Conditions Définitives applicables.
E.7	Estimation des frais	Une estimation des frais refacturés à l'investisseur par l'Emetteur ou l'offreur

		figurera dans les Conditions Définitives applicables.

Section B – Issuer		
B.1	Legal name and commercial name of the Issuer	Veolia Environnement.
B.2	Domicile and legal form of the Issuer, the legislation under which the Issuer operates and its country of incorporation	Veolia Environnement is a <i>société anonyme à conseil d'administration</i> (a limited liability company with a board of directors) incorporated in France since 1995 for a term of ninety-nine (99) years. Its registered office is located at 21, rue La Boétie, 75008 Paris, France.
B.4b	Trends	<p>The management of environmental issues is becoming increasingly important and complex in both rapidly developing and developed countries. Access to water is a key factor in the growth of entire economies, cities and many different industries. Pollution is becoming increasingly difficult to treat, energy resources and raw materials are growing scarcer and regulations are becoming more and more stringent. Energy efficiency and the circular economy are becoming critical issues.</p> <p>The 21st century is therefore seeing a radical change in the role played by cities in the global economy, where growth, prosperity and social welfare have become priority issues. Faced with growing international competition and increasingly stringent environmental regulations, industrial companies are finding that they need support to be more competitive and implement their growth strategies.</p> <p>Against this backdrop, demand for environmental services that offer significant added value is increasing and can be seen in the many growth opportunities opening up around the world. Veolia is therefore offering expert, innovative solutions that enable it to position itself as a “value creator”.</p> <p>To achieve a strong position in these markets, between 2012 and 2015, the Group embarked upon a process of transformation during which it refocused on its most important growth zones and business lines, significantly reduced its debts, restructured its organization to make it simpler, better integrated and more responsive and implemented a major savings program to restore its margins.</p> <p>In 2016, Veolia commenced the implementation of a development plan aiming at achieving profitable, targeted and consistent growth by capitalizing on the achievements gained through the transformation process.</p>

This issuance includes a €650 million bond maturing in March 2022 (5-year maturity) bearing a coupon of 0.672% and a €650 million bond maturing in November 2026 (short 10-year maturity) bearing a coupon of 1.496%.</p> <p>(ii) Veolia's 15-year contract for the operation of the Lithuanian capital's heating system ended on March 29, 2017. The city of Vilnius filed a claim for compensation for damage to assets incurred during the period of delegated management to Veolia Environnement and its subsidiary Vilnius Energija (Vilnius Energy). The Group fully contests this claim. The city of Vilnius recently announced that this claim should amount to €200 million. As a result, the municipal company issued a warranty claim for this €200 million to Veolia on March 29, 2017 (Notice of Default) and the Vilnius Municipal Council decided to go to arbitration before the Stockholm Chamber of Commerce (SCC) on April 25, 2017 for this amount. As of March 31, 2017, the move towards a withdrawal from Lithuania, motivated by the end of a major contract and the sales process already launched for other activities, led the Group to transfer its Lithuanian activities to discontinued operations in accordance with IFRS 5.</p> <p>(iii) On 1st April 2017, Veolia won South London Waste Partnership contract.</p> <p>(iv) The Combined Shareholder's General Meeting of Veolia Environnement took place on Thursday 20th April 2017. The amount of principal and/or interest payable by the Issuer may vary and Noteholders may receive no interest. However, the Inflation Linked Notes shall not be repaid below their nominal amount.
C.16	Expiration/maturity date of the derivative securities – the exercise date/final reference date	Subject to compliance with all relevant laws, regulations and directives, any maturity from one (1) month from the date of original issue.
C.17	Settlement procedure of the derivative securities	Inflation Linked Notes issued under the Programme as Dematerialised Notes will be cleared through Euroclear France as central depository.
		Inflation Linked Notes issued under the Programme as Materialised Bearer Notes will be represented initially upon issue by Temporary Global Certificates and will be cleared through Clearstream, Luxembourg, Euroclear or any other clearing system that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer(s).
C.18	How the return on the derivative securities takes place	Payments of principal and/or interest in respect of any Inflation Linked Notes shall be determined by multiplying the outstanding nominal amount of such Note by the product of the rate per annum specified in the Final Terms and the relevant Inflation Index Ratio.
C.19	External price/final reference price of the underlying	Not Applicable.
C.20	The type of underlying and where information on the underlying can be found	Inflation Linked Notes are Notes where the principal and/or the coupons are indexed. In addition to the yield fixed when the issue is launched applied to a non-indexed principal, the coupon is determined by applying the annual inflation variation, expressed in percentage to the issue's nominal amount. However, the nominal amount of the Inflation Linked Notes will not be repaid below par value. Inflation Linked Notes are linked to the Inflation Indices, either the CPI as calculated and published monthly by the INSEE, or the HICP as calculated and published monthly by Eurostat. The Final Terms issued in respect of each issue of Inflation Linked Notes will state where to obtain information about the Inflation Index.
C.21	Indication of market where securities will be traded and for which prospectus has been	Notes of any particular Series may be listed and/or admitted to trading on (a) Euronext Paris or (b) any other regulated market of the European Economic Area as defined by Directive 2004/39/EC, as amended, (a " Regulated Market ") or (c) a stock exchange as specified in the relevant

	published	Final Terms, other than a Regulated Market. The Issuer may also issue unlisted Notes.

Section D – Risks		
D.2	Key risks specific to the Issuer	The Group specialises in the supply of environmental services and is therefore subject to certain risks in relation to its business activity. Such income may be adversely affected by a large number of factors, including:
		<ul style="list-style-type: none"> • Risks relating to changes in the Group's markets, technologies and to competition; • Risks relating to the retention of necessary licenses, permits and authorizations and regulatory changes regarding healthcare, the environment, hygiene and safety; • Interest rate and foreign exchange risks; • Counterparty risk; • Management of risks relating to volatility in the price of energy, commodities and secondary raw materials; • The Group's presence in certain countries can generate or exacerbate certain risks for businesses; • The potential impacts of Brexit • The destabilization of a country can generate emergency situations and exceptional risks; • Risks relating to natural disasters and climate change; • Risks relating to climatic conditions impacting the Group's results and seasonal factors; • Risks relating to the European Union Emissions Trading Scheme (EU ETS); • Risks relating to the group strategic plan; • Risks relating to changes in the scope of the Group's business activities stemming from divestitures or growth transactions; • Risks relating to the security of persons, tangible and intangible property, securities and information systems; • Liquidity risk; • Risks relating to employee health and safety; • Risks relating to skills availability;

D.3	Key risk specific to the Notes	<p>The acquisition or the holding of the Notes involves certain risks which should be assessed prior to any investment decision. 		<ul style="list-style-type: none"> • risks related to the proposed financial transactions tax; • risks related to the market value of the Notes; • the risk of a change in law; and • risks related to French insolvency law. <p>There are also risk factors relating to the structure of a particular issue of Notes:</p> <ul style="list-style-type: none"> • Notes may be subject to optional redemption by the Issuer; any optional redemption feature where the Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes; • Notes may be subject to optional redemption by the Noteholders; any optional redemption feature where the Noteholders is given the right to redeem the Notes early might negatively affect the market value of such Notes; • Fixed Rate Notes may not always maintain the same market value; • Holders will not be able to calculate their rate of return on Floating Rate Notes in advance; • Zero Coupon Notes are subject to higher price fluctuations than non-discounted debt securities;
		<ul style="list-style-type: none"> • Fixed to Floating Rate Notes may have a less favourable spread than the prevailing spreads on comparable floating rate securities tied to the same reference rate; • Floating to Fixed Rate Notes may have a lower new fixed rate; • Holders may be exposed to risk on Inflation Linked Notes which are dependent upon the performance of an index; • Risks related to the lack of information in relation to Inflation Linked Notes; • Inflation Linked Notes with a multiplier or other leverage factor can be particularly volatile investments; • Additional factors relating to Inflation Linked Notes (such as inflation indices may be subject to significant changes, whether due to the composition of any such inflation index itself, or because of fluctuations in value of the inflation indices; the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time; and • RMB is not freely convertible and the Issuer may, in certain circumstances, be entitled to make payments under RMB Notes in currency U.S. dollars; there are significant restrictions on remittance of RMB into and out of the People's Republic of China and the liquidity of the Notes denominated in RMB may be adversely affected. In addition, investments in RMB Notes are subject to interest rate risks.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer, the Group or any of its subsidiaries.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the main risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer, the Group or any of its subsidiaries face. Additional risks and uncertainties not currently known to the Issuer or that are currently believed to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

Terms defined herein shall have the same meaning as in the "Terms and Conditions of the Notes".

2. **Risk factors relating to the Notes**

The following paragraphs describe the main risk factors that the Issuer believes are material to the Notes to be offered and/or listed and/or admitted to trading in order to assess the market risk associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with an investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

2.1 General risks relating to the Notes

Independent review and advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests in general, including any proposal relating to the modification of the Terms and Conditions of the Notes subject to limitation provided by French law. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority.

No active secondary/trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the European Economic Area and/or offered to the public in the European Economic Area, the Final Terms of the Notes will be filed with the *Autorité des marchés financiers* in France and/or with the competent authority of the Regulated Market of the European Economic Area where the Notes will be listed and/or admitted to trading, there is no assurance that such admission to trading or offer to the public will occur, that any particular Tranche of Notes will be so listed and/or admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

Potential conflicts of interest

All or some of the Dealers, the Calculation Agent or their respective affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, they have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Certain of the Dealers, the Calculation Agent or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers, the Calculation Agent and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Dealers, the Calculation Agent and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

For the purpose of this paragraph, the term “affiliate” also includes parent companies.

The Issuer, the Dealers, the Calculation Agent or their respective affiliates may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such Calculation Agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

Exchange rate and currency risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions) and the risk that authorities with jurisdiction over the investor's currency may impose or modify exchange controls. Fluctuations in exchange rates may affect the value of the Notes.

Government and monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates, as well as the availability of specified currency in which a Note is payable at the time of payment of interest and/or principal in respect of such Note.

Legality of purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Credit ratings

The Issuer and Veolia Environnement's debt have credit ratings which are subject to reviews from time to time by the independent credit rating agencies which assign such credit ratings.

In addition, one or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes.

A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Any such revision, suspension or withdrawal of any such credit rating could adversely affect the value of the Notes.

The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those arising from the offered Notes. Consequently, actual or anticipated declines in the credit ratings of the Issuer may affect the market value of the relevant Notes.

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the relevant rating agencies as a result of changes in or unavailability of information or if, in the rating agencies' judgment, circumstances so warrant. Any rating agency other than Standard and Poor's Credit Market Services France, S.A.S., Moody's Investors Services Ltd or Fitch Ratings could seek to rate the Notes and if such unsolicited ratings are lower than the comparable ratings assigned to the Notes by Standard and Poor's Credit Market Services France, S.A.S., Moody's Investors Services Ltd or Fitch Ratings, such unsolicited ratings could have an adverse effect on the value of the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). On 16 March 2016, Estonia indicated that it will no longer be a Participating Member State.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The FTT proposal remains subject to negotiation between the Participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Market value of the Notes

The market value of the Notes may be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of any inflation linked index, including, but not limited to, the volatility of such index, or market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and factors affecting capital markets in general and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical level of the inflation linked index should not be taken as an indication of such index's future performance during the term of any Note.

Change in law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any change in the law or the official application or interpretation thereof, or the impact of any judicial decision, which would occur after the date of this Base Prospectus.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in case of the opening in France of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a

judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme and regardless of their governing law.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions will be taken by a two-third majority of the debt securities held by the holders expressing a vote at the Assembly. No quorum is required on convocation of the Assembly.

Hence, the provisions relating to the representation of Noteholders described in this Base Prospectus will not be applicable in these circumstances.

Credit Risk of the Issuer

The Noteholders are exposed to the credit risk of the Issuer. Credit risk refers to the risk that the Issuer may be unable to meet its financial obligations under the Notes. If the creditworthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, the value of the Notes may decrease and investors may lose all or part of their investment.

2.2 Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

Notes subject to optional redemption by the Issuer

Redemption for tax reasons

In the event that, by reason of any change in French law or any change in the official application or interpretation of such law becoming effective after the Issue Date, the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions.

Issuer's call options

In addition, the Issuer has the option to redeem all of the Notes:

- under a call option as provided in Condition 7.2.1 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify ; or
- under a make-whole call option as provided in Condition 7.2.2 of the Terms and Conditions unless in the case of any particular Tranche of Notes the Final Terms specify otherwise ; or

- under a clean-up call option as provided in Condition 7.2.3 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify ; or
- under a residual maturity call option as provided in Condition 7.2.4 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify.

Any optional redemption feature where the Issuer is given the right to redeem the Notes early is likely to limit the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

As a consequence, redemption at the option of the Issuer could cause the yield anticipated by the Noteholders to be considerably less than anticipated.

With respect to the Clean-up Call Option by the Issuer, there is no obligation under the Terms and Conditions of the Notes for the Issuer to inform investors if and when the threshold of 20% of the initial aggregate principal amount of a particular Series of Notes referred to in Condition 7.2.3 (*Clean-up Call Option*) has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that, immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

Exercise of the Call Option and the Make-Whole Redemption option by the Issuer in respect of certain Notes only may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Issuer has the option to partially exercise the Call Option and the Make-Whole Redemption option with respect to a Series of Notes. Depending on the number of Notes of the same Series in respect of which such option is not exercised, any trading market in respect of these Notes may become illiquid.

Exercise of the Put Option by the Noteholders in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Noteholders has the option to exercise the Put Option with respect to a Series of Notes. Depending on the number of Notes of the same Series in respect of which such option is not exercised, any trading market in respect of those Notes in respect of which may become illiquid.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk if market interest rates subsequently increase above the rate paid in the Fixed Rate Notes, this may adversely affect the value of the relevant Notes.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the "**Market Interest Rate**") typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases, until the yield of the bond equals approximately the Market Interest Rate.

Floating Rate Notes

The market value of the Floating Rate Notes may be volatile

Floating rate Notes bear interest at a rate comprised of a reference rate and a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. Therefore, the amount of interest payable by the Issuer may vary and Noteholders may receive no interest.

Investor will not be able to calculate in advance their rate of return on Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definitive yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Zero coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of zero coupon notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, zero coupon notes are a type of investment associated with a particularly high price risk.

Fixed/Floating rate Notes

Fixed/Floating rate Notes bear interest at a rate that will automatically, or that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes having the same reference rate. In addition, the new floating rate may be lower at any time than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Inflation Linked Notes

Inflation Linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an inflation index, which will be either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "CPI") as calculated and published monthly by the Institut National de la Statistique et des Etudes Economiques ("INSEE"), or (ii) the harmonized index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "HICP") (each an "Inflation Index" and together, the "Inflation Indices"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary.

Noteholders may receive no interest. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE and Eurostat make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE and Eurostat, as the case may be, without regard to the Issuer or the Notes. Neither the INSEE nor Eurostat, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in determination or calculation of the interest payable under such Notes. Neither the INSEE nor Eurostat has any obligation or liability in connection with the administration, marketing or trading of the Notes. The INSEE or Eurostat, as the case may be, has no responsibility for any calculation agency adjustment made for the indices.

Risk related to the lack of information in relation to Inflation Linked Notes

None of the Issuer, the Dealer(s) or any of their respective affiliates make any representation as to the Inflation Indices (as defined hereafter). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Inflation Indices that is or may be material in the context of the Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

Variable rate Notes with a multiplier or other leverage factor

Notes with a multiplier or other leverage factor can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Renminbi-denominated Notes

Notes denominated in RMB ("**RMB Notes**") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including the following:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC

Renminbi is not freely convertible at the present. Despite a movement towards liberalization of cross-border Renminbi remittance in current account activities and the permission for certain participating banks in Hong Kong, Singapore and Taiwan to engage in the settlement of current account trade transactions in Renminbi, there is no assurance that the PRC government will continue to liberalize control over the cross-border Renminbi remittance in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

Holders of Notes denominated in Renminbi may be required to provide certifications and other information (including Renminbi account information) in order to allow such holder to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong, Singapore and Taiwan.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service such RMB Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited.

While the People's Bank of China has established Renminbi clearing and settlement mechanisms for participating banks in Hong Kong, Singapore and Taiwan through settlement agreements on the clearing of Renminbi business (the "**Settlement Agreements**") with Bank of China (Hong Kong) Limited in Hong Kong, Industrial and Commercial Bank of China, Singapore Branch in Singapore and Bank of China, Taipei Branch in Taiwan, the People's Bank of China has provided several restrictions over the business scope of offshore participating banks in respect of cross-border Renminbi settlement (e.g. related to direct transactions with PRC enterprises), which further limits the availability of Renminbi that participating banks can utilise for conversion services for their clients.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of its RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

If Renminbi is not available to the Issuer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer may settle any such payment (in whole or in part) in U.S. dollars.

RMB Notes issued under the Programme may only be held through an account with Euroclear France or with an Account Holder which itself has an account with Euroclear France

Noteholders may only hold RMB Notes if they have an account with Euroclear France or maintained with an Account Holder which itself has an account with Euroclear France (which includes Euroclear and Clearstream, Luxembourg).

Investment in RMB Notes is subject to exchange rate risks

The value of Renminbi against the Euro, the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. All payments of interest and principal with respect to RMB Notes will be made in Renminbi. As a result, the value of these Renminbi payments in Euro or U.S. dollar terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the Euro, the U.S. dollar or other foreign currencies, the value of investment in Euro, U.S. dollar or other applicable foreign currency terms will decline.

Investment in RMB Notes is also subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Notes denominated in RMB will generally carry a fixed interest rate. Consequently, the trading price of such Notes will vary with fluctuations in Renminbi interest rates. If a Noteholder tries to sell such Notes before their maturity, he may receive an offer that is less than his original investment.

Developments in other markets may adversely affect the market price of any RMB Notes

The market price of RMB Notes may be adversely affected by declines in the international financial markets and world economic conditions. The market for Chinese securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including the PRC. Since the sub-prime mortgage crisis in 2008, the international financial markets have experienced significant volatility. Should similar developments occur in the international financial markets in the future, the market price of RMB Notes could be adversely affected.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law and the implementing regulations which took effect on 1 January 2008, any gain realised on the transfer of the Renminbi Notes by non-resident enterprise

holders may be subject to enterprise income tax if such gain is regarded as income derived from sources within the PRC. However, there remains uncertainty as to whether the gain realised from the transfer of the Renminbi Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. Therefore, if non-resident enterprise holders are required to pay PRC income tax on gains on the transfer of the Renminbi Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of the gross proceeds, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of the Renminbi Notes reside that reduces or exempts the relevant tax), the value of their investment in the Renminbi Notes may be materially and adversely affected.

Risk of change in Government Support and Regulatory Regime

RMB Notes issuance is subject to laws and regulations of Hong Kong as the principal financial center for RMB Notes. The PRC Government currently views Hong Kong as one of the key offshore Renminbi-denominated debt instrument centers and has established a cooperative relationship with Hong Kong's local government to develop the Renminbi-denominated debt instrument market. There can be no assurance that the PRC's Government will continue to encourage issuance of RMB-denominated debt instrument outside of mainland China and any change in the PRC Government's policy or the regulatory regime governing the issuance of Renminbi-denominated debt instruments may adversely affect the Renminbi Notes.

RETAIL CASCADES

In the context of any offer of Notes that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive (a "**Non-exempt Offer**"), the Issuer accepts responsibility, in each Member State for which it has given its consent referred to herein, for the content of this Base Prospectus and the applicable Final Terms (together, the "**Prospectus**") in relation to any person (an "**Investor**") to whom an offer of any Notes is made by any financial intermediary to whom it has given its consent to use the Prospectus (an "**Authorised Offeror**"), where the offer is made during the period for which that consent is given and where the offer is made in the Member State for which that consent was given and is in compliance with all other conditions attached to the giving of the consent. Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such Non-exempt Offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the "Terms and Conditions of the Non-exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-exempt Offer shall be published by that Authorised Offeror on its website at the time of the offer. None of the Issuer, any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

In the case of any Tranche of Notes which are being (a) offered to the public in a Member State (other than pursuant to one or more of the exemptions set out in Article 3.2 of the Prospectus Directive) and/or (b) admitted to trading on a regulated market in a Member State, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of Notes may supplement any information in this Base Prospectus.

2. **Form, denomination(s), title, redenomination and method of issue**

- 2.1 **Form:** Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").

- 2.1.1 Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the Code by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may be issued, at the option of the Issuer and as specified in the relevant Final Terms, in either bearer form (*au porteur*) ("**Dematerialised Bearer Notes**"), in which

case they are inscribed in an account maintained by an Account Holder having itself an account in the books of Euroclear France, or in registered form (*au nominatif*) ("**Dematerialised Registered Notes**") and, in such latter case, at the option of the relevant Noteholder, in either fully registered form (*au nominatif pur*) ("**Dematerialised Fully Registered Notes**", in which case they are inscribed in an account maintained by the Issuer or the Registration Agent, or in administered registered form (*au nominatif administré*) ("**Dematerialised Administered Registered Notes**", in which case the Notes are inscribed both in an account maintained by the Issuer or the Registration Agent and an account maintained by an Account Holder.

- 2.1.2 Materialised Notes are issued in bearer form ("**Materialised Bearer Notes**"). Materialised Bearer Notes are serially numbered and are issued with coupons (the "**Coupons**") and, where appropriate, a talon (the "**Talon**") attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any issue of Materialised Notes requires the appointment by the Issuer of a Materialised Note Agent (designated in the relevant Final Terms) which will perform the functions otherwise attributed, in these Conditions, to the Fiscal Agent and/or Paying Agent.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Unless this possibility is expressly excluded in the applicable Final Terms, the Issuer may, in accordance with the provisions of Article L. 228-2 of the *Code de commerce*, request at any time from the central depository identification information of Noteholders of French Law Notes in dematerialised form (*au porteur*) such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, email address of such Noteholders.

- 2.2 **Denomination(s):** Notes shall be issued in the specified denomination(s) set out in the relevant Final Terms (the "**Specified Denomination(s)**") subject to compliance with the regulations of the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. Dematerialised Notes shall be issued in one Specified Denomination only.

2.3 **Title:**

2.3.1 Title to Dematerialised Bearer Notes shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Registered Notes shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or of the Registration Agent.

2.3.2 Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("**Definitive Materialised Bearer Notes**"), shall pass by delivery.

2.3.3 Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

2.4 **Redenomination:**

2.4.1 The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least thirty (30) calendar day's notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union, or events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as

described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".

- 2.4.2 The redenomination of the Notes pursuant to Condition 2.4.1 shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- 2.4.3 Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- 2.4.4 The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Coupon or Talon but taking into account market practice in respect of redenominated euromarket debt obligations, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre designation, interest accrual basis or Reference Rate specification) which it believes are not prejudicial to the interests of the relevant Noteholders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to them in accordance with Condition 15 as soon as practicable thereafter.
- 2.4.5 Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.
- 2.5 **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the issue date, issue price, first payment of interest and the nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

3. **Conversion and exchanges of Notes**

3.1 **Dematerialised Notes:**

- 3.1.1 Dematerialised Bearer Notes may not be converted into Dematerialised Registered Notes, whether in fully registered form or in administered registered form.
- 3.1.2 Dematerialised Registered Notes may not be converted into Dematerialised Bearer Notes.
- 3.1.3 Dematerialised Fully Registered Notes may, at the option of the Noteholder, be converted into Dematerialised Administered Registered Notes, and vice versa. The exercise of any such option by the relevant Noteholder shall be made in accordance with article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

3.2 **Materialised Notes:** Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

4. **Status of the Notes**

The Notes and, where applicable, any Coupons relating to them constitute direct, unconditional, unsecured (subject to the provisions of Condition 5) and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves and subject to such exceptions as are from time to time mandatory under French law, equally with all other present or future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

5. **Negative pledge**

So long as any of the Notes, or, if applicable, any Coupons relating to them, remain outstanding, the Issuer shall not, and will ensure that none of its Principal Subsidiaries shall, create or permit to subsist any mortgage, charge, pledge, lien (other than a lien arising by operation of law) or other form of encumbrance or security interest upon the whole or any part of their respective undertakings, assets or revenues, present or future, to secure any Relevant Debt, or any guarantee of or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, its obligations under the Notes and Coupons are (A) secured equally and rateably therewith or (B) have the benefit of such other security or other arrangement as shall be approved by the Masse of Noteholders in accordance with Condition 12.

6. **Interest and other calculations**

6.1 **Fixed Rate Notes (other than Fixed Rate Notes denominated in RMB):**

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

6.2 **Floating Rate Notes:**

6.2.1 *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms. The Interest Payment Date(s) shall be defined in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date is so defined, shall consist of each date which falls the number of months or other period defined as the Interest Period in the relevant Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

6.2.2 *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which case (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding

Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

6.2.3 *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(a) FBF Determination for Floating Rate Notes:

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (a), "**FBF Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (i) the Floating Rate is as specified in the relevant Final Terms; and
- (ii) the relevant Floating Rate Determination Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (a), "**Floating Rate**" (*Taux Variable*), "**Floating Rate Determination Date**" (*Date de Détermination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions.

(b) ISDA Determination for Floating Rate Notes:

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (b), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the relevant Final Terms;
- (ii) the designated Maturity is a period specified in the relevant Final Terms; and

the relevant Reset Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (b), "**Floating Rate**", "**Floating Rate Option**", "**designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(c) Screen Rate Determination for Floating Rate Notes:

(i) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as specified in the relevant Final Terms.

- (ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(A) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(B) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or

Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

6.2.4 *Rate of Interest for Inflation Linked Notes:*

(a) Consumer Price Index (CPI).

Where the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(a) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(a) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio. For the purpose of this Condition 6.2.4(a), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms the "**Base Reference**". Notwithstanding Condition 6.6.4, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**NDM**:" number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**CPI Monthly Reference Index M-2**": price index of month M – 2;

"**CPI Monthly Reference Index M-3**": price index of month M – 3.

Notwithstanding Condition 6.6.4., the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATINFLATION01 or on

Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

"**CPI Monthly Reference Index**" refers to the definitive consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire – www.cnofrance.org*) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the event of any conflict between the calculation method provided below and the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio.

(iii)

- (A) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

- (B) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation

Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

(b) **Harmonised Index of Consumer Prices (HICP)**

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(b) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(b) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio

For the purpose of this Condition 6.2.4(b), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6.6.4., the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

"**NDM**": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**HICP Monthly Reference Index M-2**": price index of month M - 2;

"**HICP Monthly Reference Index M-3**": price index of month M - 3.

Notwithstanding Condition 6.6.4., the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France du Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr. and on Bloomberg page TRESOR.

"**HICP Monthly Reference Index**" refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

(ii) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(iii)

(A) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "**Substitute HICP Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}}$$

(B) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{HICP Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

- 6.3 **Fixed/Floating Rate Notes:** If Fixed/Floating Rate Notes Provisions are specified to be applicable in the relevant Final Terms the Notes may bear interest at a rate, on the date set out in the Final Terms (the "**Switch Date**"), that:
- 6.3.1 the Issuer may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The Issuer election to change of interest basis (the "**Issuer Change of Interest Basis**") should be deemed effective after a valid notification sent by the Issuer to the relevant Noteholders within the period specified in the relevant Final Terms; or
 - 6.3.2 will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate (the "**Automatic Change of Interest Basis**").
- 6.4 **Zero Coupon Notes:** Zero Coupon Notes bear no interest until the Maturity Date. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7.5.1(b)).
- 6.5 **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.
- 6.6 **Margin, maximum/minimum rates of interest, rate multipliers and rounding:**
- 6.6.1 If any Margin or Rate Multiplier is specified in the relevant Final Terms, either (x) generally, or (y) in relation to one or more Interest Periods, an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Periods, in the case of (y), calculated in accordance with Condition 6.2 above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
 - 6.6.2 If any Maximum or Minimum Rate of Interest is specified in the relevant Final Terms, then any Rate of Interest shall be subject to such maximum or minimum, as the case may be.
 - 6.6.3 Unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed equal to zero.
 - 6.6.4 For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit or sub-unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen.
- 6.7 **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction and by any Rate Multiplier, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount.
- 6.8 **Determination and publication of interest and payment amounts:** The Calculation Agent shall, as soon as practicable, calculate any rate of interest or amount (including any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Make-Whole Redemption Amount, as the case may be), obtain any quotation or make any other determination or calculation that it is required to make pursuant to these Conditions and the relevant Final Terms, and it shall cause such rate, amount, quotation, determination or calculation (as well as any relevant Interest Payment Date) to be notified to the Issuer, the Fiscal Agent, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and/or admitted to trading on a

Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date is subject to adjustment pursuant to Condition 6.2.2, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

6.9 **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6.10 **RMB Notes:**

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of calendar days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

7. **Redemption, purchase and options**

7.1 **Final redemption:** Unless previously redeemed or cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

7.2 **Redemption at the option of the Issuer, exercise of Issuer's options and partial redemption:**

7.2.1 *Call Option:*

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.2 *Make-whole redemption:*

Unless otherwise specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date. Any such redemption of Notes shall be at their Make Whole Redemption Amount.

7.2.3 *Clean-up Call Option by the Issuer:*

If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 80% of the initial aggregate principal amount of a particular Series of Notes has been purchased or redeemed by the Issuer other than by way of a redemption at the option of the Issuer in accordance with Condition 7.2.2, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the remaining Notes in that Series at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.4 *Residual Maturity Call Option by the Issuer*

If a Residual Maturity Call Option by the Issuer is specified in the relevant Final Terms, the Issuer may, at its option but subject to having given not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem all, but not some only, of the remaining Notes in that Series at par together with interest accrued to, but excluding, the date fixed for redemption, at any time during the period starting on (and including) the "**Initial Residual Maturity Call Option Date**" (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

7.2.5 *Exercise of Issuer's options and partial redemption:*

Any redemption or exercise pursuant to paragraphs 7.2.1 and 7.2.2 above shall relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified

in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading, as the case may be.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed.

So long as the Notes are listed and/or admitted to trading on a Regulated Market, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, give notice to the Noteholders in accordance with Condition 15 of the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, of a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- 7.3 **Redemption at the option of Noteholders and exercise of Noteholders' options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem the relevant Note(s) on the Optional Redemption Date(s) at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

To exercise such option (which must be exercised on an Option Exercise Date) the Noteholder shall deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

All Notes in respect of which any such notice is given shall be redeemed, or the Noteholder's option shall be exercised, on the date specified in such notice in accordance with this Condition.

- 7.4 **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

Final Redemption Amount = IIR x nominal amount of the Notes

"**IIR**" being for the purposes of this Condition 7.4 the ratio determined on the fifth Business Day before the Maturity Date between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index, on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

7.5 Early redemption:

7.5.1 Zero Coupon Notes:

- (a) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (b) Subject to the provisions of sub-paragraph (c) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at the Amortisation Yield (which, if none is specified in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (c) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (b) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6.3

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.

7.5.2 Inflation Linked Notes:

- (a) If the relevant Final Terms provide that this Condition 7.5.2 shall apply in respect of Inflation Linked Notes, the Early Redemption Amount in respect of such Notes will be determined by the Calculation Agent on the following basis:

Early Redemption Amount = IIR x nominal amount of the Notes

"IIR" being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (b) If the Inflation Linked Notes (whether or not this Condition 7.5.2 applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 6.2.4 above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

7.5.3 *Other Notes:*

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9, or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.6 **Redemption for taxation reasons:**

7.6.1 If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 9 below, and such obligation cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding or deduction for such French taxes.

7.6.2 If the Issuer would, on the next payment of principal or interest in respect of the Notes or Coupons, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding or deduction for French taxes or, if such date is past, as soon as practicable thereafter.

7.7 **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, in accordance with applicable laws and regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-0-1, formerly Article L. 213-1 A, of the Code for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 7.8.

7.8 **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be cancelled (i) in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France, or (ii) in the case of Materialised Bearer Notes, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7.9 **Illegality:** If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

8. **Payments and Talons**

- 8.1 **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Bearer Notes or Dematerialised Administered Registered Notes, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders or (ii) in the case of Dematerialised Fully Registered Notes, to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.
- 8.2 **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8.6.5 or Coupons (in the case of interest, save as specified in Condition 8.6.5, as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with a bank in the Principal Financial Centre for such currency or, in the case of Euro, in a city where banks have access to the TARGET 2 System.
- 8.3 **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- 8.4 **Payments subject to fiscal laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 9. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- 8.5 **Appointment of agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed at the end of the Base Prospectus. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent and the Consolidation Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Fully Registered Notes, a Registration Agent, (v) Paying Agents having specified offices in at least one major European city (which shall be Paris so long as the Notes are admitted to trading on Euronext Paris) and (vi) such other agents as may be required by any other Regulated Market on which the Notes are listed and/or admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph 8.3 above.

On a redenomination of the Notes of any Series pursuant to Condition 2.4 with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

8.6 Unmatured Coupons and unexchanged Talons:

- 8.6.1 Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 11).
- 8.6.2 If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Notes, unmaturing Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.
- 8.6.3 Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- 8.6.4 Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- 8.6.5 If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be (including, for the avoidance of doubt, any arrears of interest if applicable), shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Note.
- 8.7 **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 11), provided that, in respect of Notes admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as the case may be, in Paris.
- 8.8 **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a Payment Business Day, the Noteholder shall not be entitled to payment until the next following Payment Business Day nor to any interest or other sum in respect of such postponed payment.
- 8.9 **Payment of US Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the

benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8.9 by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

9. Taxation

9.1 **Withholding tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

9.2 **Additional amounts:** Should French law require that payments of principal or interest in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:

9.2.1 *Other connection:* to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note or Coupon; or

9.2.2 *Presentation more than thirty (30) calendar days after the Relevant Date:* in the case of Materialised Notes, more than thirty (30) calendar days after the Relevant Date.

10. Events of Default

The Representative (as defined under Condition 12), upon request of any Noteholder, may, after written notice to the Issuer and the Fiscal Agent has been given and unless all defaults shall have been remedied, cause all the Notes held by such Noteholder to become immediately due and payable, whereupon such Notes shall become immediately due and payable at their Early Redemption Amount, without any other formality, if any of the following events (each an "**Event of Default**") occurs:

10.1 the Issuer is in default for a period of fifteen (15) calendar days or more for the payment of any amount on the Notes, when and as the same becomes due and payable; or

10.2 the Issuer is in default in the due performance of any of its other obligations under the Notes, unless remedied within thirty (30) calendar days after receipt by the Issuer of written notice of such default given by a Noteholder; or

10.3 as a result of the Issuer and/or any of its Principal Subsidiaries being in default in the due and punctual payment of the principal of, or premium or interest on, any indebtedness for borrowed monies of or assumed or guaranteed by it when and as the same becomes due and payable and giving effect to any applicable grace periods, there is an acceleration of any such indebtedness or guarantee, provided that the aggregate amount of the relevant indebtedness for borrowed money in respect of which any one or more of the events mentioned in this sub-paragraph 10.3 has or have occurred equals or exceeds Euro 50,000,000 (or its equivalent in any other currency); or

12. **Representation of Noteholders**

In respect of the representation of the Noteholders, the following shall apply:

- 12.1 **Full Masse:** If the relevant Final Terms specify "**Full Masse**", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse and the provisions of the French *Code de commerce* relating to the Masse shall apply subject to the below provisions of this Condition 12.1.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, liquidation, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative (if any) or another Representative elected by the general meeting of the Noteholders (the "**General Meeting**").

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00 Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The place where a General Meeting shall be held will be set out in the notice convening such General Meeting; or

- 12.2 **Contractual Masse:** If the relevant Final Terms specify "**Contractual Masse**", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the "**Masse**") which will be subject to the below provisions of this Condition 12.2.

The Masse will be governed by the provisions of the French *Code de commerce*, with the exception of

Articles L.228-48, L.228-59, R.228-67 and R.228-69, subject to the following provisions:

12.2.1 *Legal Personality*: The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through a general meeting of the Noteholders (the "**General Meeting**").

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

12.2.2 *Representative*:

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

- (a) the Issuer and the members of its board of directors (*conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors and its employees as well as their ascendants, descendants and spouses;
- (b) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their board of directors (*conseil d'administration*), of their management board (*directoire*) and of their supervisory board (*conseil de Surveillance*), their statutory auditors and their employees as well as their ascendants, descendants and spouses;
- (c) companies holding 10 % or more of the share capital of the Issuer and companies having 10 % or more of their share capital held by the Issuer; or
- (d) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a business in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, liquidation, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative (if any) or another Representative elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

12.2.3 *Powers of the Representative*:

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

12.2.4 *General Meeting*:

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the

Notes outstanding, may address to the Issuer and the Representative a demand for the General Meeting to be called. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (mandataire) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunication allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

12.2.5 *Powers of the General Meetings:*

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, provided, however, that the General Meeting may not increase the liabilities of Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one-fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

12.2.6 *Information to Noteholders:* Each Noteholder or Representative thereof will have the right, during the fifteen (15) calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

12.2.7 *Expenses:* The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

12.2.8 *Single Masse:* The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

12.2.9 *Sole Noteholder*: If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted with the Representative and the General Meeting by the provisions of Condition 12.2.3 and 12.2.5 above, as appropriate. Such Sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

For the avoidance of doubt, in this Condition 12, the term "**outstanding**" shall not include those Notes purchased by the Issuer pursuant to Article L.213-0-1, formerly Article L. 213-1 A, of the Code that are held by it and not cancelled.

13. **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and regulations of the Regulated Market on which the Notes are listed and/or admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for such purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. **Further issues and consolidation**

14.1 **Further issues**: The Issuer may, without the consent of the Noteholders or Couponholders create and issue further Notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof, the issue date and the first payment of interest specified in the relevant Final Terms) and that the terms of such further Notes provide for such assimilation, and references in these Conditions to "**Notes**" shall be construed accordingly.

14.2 **Consolidation**: The Issuer, with the prior approval of the Consolidation Agent, may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. **Notices**

15.1 Notices to the holders of Dematerialised Registered Notes shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) in a leading daily newspaper with general circulation in Europe (which is expected to be the Financial Times) or (b) in accordance with Articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF or (c) so long as such Notes are admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) and, so long as such Notes are listed and/or admitted to trading on any other Regulated Market and the rules of, or applicable to, such Regulated Market so require, in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

15.2 Notices to the holders of Materialised Bearer Notes and Dematerialised Bearer Notes shall be valid if

15.3 If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Bearer Notes in accordance with this Condition.

15.4 Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg or any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 15.1 and 15.2 above; except that (i) so long as such Notes are admitted to trading on Euronext Paris, notices shall be published in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) or in accordance with Articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF, (ii) so long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, such Regulated Market so require, notices shall be published in a leading daily newspaper of general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market, and (iii) notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 12 shall also be published in a leading daily newspaper of general circulation in Europe.

The Base Prospectus and the Final Terms related to Notes listed and/or admitted to trading on any Regulated Market will always be published on the websites of the AMF (www.amf-france.org) and Veolia Environnement (www.finance.veolia.com).

In addition, should the Notes be listed and/or admitted to trading on a Regulated Market other than Euronext Paris, the Final Terms related to those Notes will provide whether this Base Prospectus and the relevant Final Terms will be published on the website of (x) such Regulated Market or (y) the competent authority of the Member State in the EEA where such Regulated Market is situated.

TEMPORARY GLOBAL CERTIFICATE

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream, Luxembourg (the "**Common Depositary**"), Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream, Luxembourg may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Summary—Selling Restrictions"), in whole, but not in part, for Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part, for Definitive Materialised Bearer Notes upon certification as to non-US beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents).

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Bearer Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (or its designated agent). In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes.

In this Base Prospectus, "**Definitive Materialised Bearer Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). TAXATION

The statements below regarding taxation are a summary of certain withholding tax considerations relating to the holding of the Notes. This summary is based on law in force at the date of this Base Prospectus and is subject to any subsequent changes in law or interpretation thereof (which could be made on a retrospective basis). This summary is for general information only. It does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the tax consequences of their ownership of the Notes.

French taxation

Withholding taxes

The statements below are a summary of certain withholding tax consequences in relation to the holding of the Notes that may be relevant to Noteholders who are not shareholders of the Issuer.

Notes which are not assimilated ("assimilables" for the purpose of French law) with Notes issued before 1 March 2010

Payments of interest and other revenues made by the Issuer with respect to Notes (other than Notes which are assimilated ("assimilables" for the purpose of French law) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**").

If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and potentially to the provisions of an applicable tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes may not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent. (subject to the provisions of an applicable tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of a particular issue of Notes if the Issuer can prove that (i) the principal purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**") and (ii) in respect of the Deductibility Exclusion of the relevant interest or revenues relate to genuine transactions and is not in an abnormal or exaggerated amount. Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 no. 550 and no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and no. 80 and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State which is not a Non-Cooperative State. For this purpose, an "**equivalent offer**" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are assimilated ("assimilables" for the purpose of French law) with Notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are assimilated ("*assimilables*" for the purpose of French law) and form a single series with Notes issued before 1 March 2010 with the benefit of Article 131 *quater* of the French *Code général des impôts* will be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting obligations under French law, or *titres de créances négociables* within the meaning of the *Bulletin Officiel des Finances Publiques-Impôts* BOI-RPPM-RCM-30-10-30-30-20140211 no. 50, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with the aforementioned *Bulletin Officiel des Finances Publiques-Impôts*.

In addition, interest and other revenues paid by the Issuer on Notes and which are to be assimilated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the withholding tax set out in Article 119 *bis* 2 of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments to individuals fiscally domiciled in France

Where the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A of the French *Code général des impôts*, subject to certain exceptions, interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of 15.5 per cent. on such interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Hong Kong taxation

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

PRC taxation

The holders of RMB Notes who are not resident in the PRC for PRC tax purposes will not be subject to withholding tax, income tax or any other taxes or duties imposed by any governmental authority in the PRC in respect of their RMB Notes or any repayment of principal and payment of interest made thereon.

All prospective Noteholders should seek independent advice as to their tax positions.

However, Veolia Environnement has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (together with the Permanent Dealers, the "**Dealers**"). The Notes may also be sold by the Issuer through the Dealers, acting as agents for the Issuer.

Veolia Environnement will pay each relevant Dealer the commission agreed between them in respect of the Notes subscribed by such Dealer. Veolia Environnement has agreed to reimburse Société Générale as arranger (the "**Arranger**") for certain of its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme.

Veolia Environnement has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Public offer selling restriction under the Prospectus Directive

Please note that, in relation to EEA Member States, additional selling restrictions may apply in respect of any specific EEA Member State, including those set out in relation to the United Kingdom and France in this section.

In relation to each Member State of the European Economic Area (each, a "**Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Member State except that it may make an offer of Notes to the public in that Member State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than one hundred and fifty (150), natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC as amended and includes any relevant implementing measure in the Member State.

Pour honorer les paiements relatifs aux Titres qu'il émet dans le cadre du Programme, l'Émetteur est dépendant des revenus qu'il perçoit dans le cadre de ses activités. Ces revenus peuvent être affectés par un grand nombre de facteurs, tels que :</p> <ul style="list-style-type: none"> • les risques liés à l'évolution des marchés du Groupe, des technologies et de la concurrence ; • les risques liés au maintien des licences, permis et autorisations nécessaires et aux évolutions réglementaires en matière de santé, d'environnement, d'hygiène et de sécurité ; • les risques de taux et risque de change ; • le risque de contrepartie; • les risques liés aux variations de prix de l'énergie, des consommables et des matières premières secondaires ; • la présence du Groupe dans certains pays peut générer ou exacerber certains risques pour les activités ; • les impacts potentiels du Brexit ; • la déstabilisation d'un pays peut générer des situations d'urgences et des risques exceptionnels ; • les risques liés aux catastrophes naturelles et au dérèglement climatique ; • les risques liés aux conditions climatiques sur les résultats du Groupe et à la saisonnalité ; • les risques relatifs au système d'échange de quotas d'émissions de gaz à effet de serre ; • les risques liés au plan stratégique du Groupe ; • les risques liés à l'évolution du périmètre d'activités du Groupe, notamment liés aux opérations de cession et de développement ; • les risques liés à la sûreté des personnes, biens matériels et immatériels, valeurs et systèmes d'information ; • le risque de liquidité • le risque lié à la santé et la sécurité des salariés • le risque lié à la disponibilité des compétences • le risque lié à la dégradation du climat social • les risques de responsabilité civile notamment en matière sanitaire ou environnementale ou liés aux activités présentes

D.3	Principaux risques liés aux Titres	<p>L'achat ou la détention de Titres implique certains risques qui doivent être pris en compte préalablement à toute décision d'investissement. En dépit de leur caractère éventuel, ces risques peuvent entraîner une volatilité voire une baisse de la valeur de marché des Titres en deçà des attentes (financières ou autres) des investisseurs.</p> <p>Il appartient à chaque investisseur potentiel de déterminer par lui-même et, le cas échéant, avec l'assistance de conseils professionnels, si l'achat de Titres correspond à sa situation personnelle, ses besoins financiers et ses objectifs, si cet achat est conforme à ses politiques et contraintes d'investissement, et s'il s'agit d'un investissement qui lui convient, malgré les risques réels et significatifs inhérents à tout achat ou détention de Titres.</p> <p>Ces risques incluent notamment :</p> <ul style="list-style-type: none"> • le risque de modification des modalités des Titres par une décision de l'assemblée générale des Porteurs des Titres, les Porteurs non présents ou en désaccord pouvant se retrouver liés par le vote de la majorité ; • les risques liés au marché secondaire des Titres ; • les risques de conflits d'intérêts potentiels ; • les risques relatifs au change et aux devises ; • les risques juridiques liés à l'acquisition des Titres ; • les risques liés au risque de crédit de l'Emetteur ; • les risques liés à la notation des Titres ; • les risques liés à la fiscalité ; • les risques liés à la proposition européenne de taxe sur les transactions financières ;

- les risques liés à la valeur des Titres sur le marché ; et
- les risques relatifs à un changement de loi.
- les risques relatifs à la loi française sur les entreprises en difficulté

Il existe aussi des facteurs de risques liés à la structure de ces Titres en particulier :

- les Titres peuvent comporter une option de remboursement anticipé à l'initiative de l'Emetteur; toute possibilité d'un remboursement optionnel des Titres à la main de l'Emetteur est susceptible de limiter leur valeur de marché ;

- les Titres Indexés sur l'Inflation avec un multiplicateur ou autre facteur de levier peuvent constituer des investissements particulièrement volatiles;
- des facteurs additionnels relatifs aux Titres Indexés sur l'Inflation (tels que les indices sur l'inflation peuvent être sujets à des changements significatifs, que ce soit en raison de la composition dudit indice sur l'inflation, ou en raison des fluctuations de la valeur de l'indice sur l'inflation; le taux d'intérêt résultant sera moins élevé (ou plus élevé) que celui payable sur des titres de créance classiques émis par l'Emetteur au même moment ;]

Section B - Issuer		
B.1	Legal name and commercial name of the Issuer	Veolia Environnement.
B.2	Domicile and legal form of the Issuer, the legislation under which the Issuer operates and its country of incorporation	Veolia Environnement is a <i>société anonyme à conseil d'administration</i> (a limited liability company with a board of directors under French law) incorporated in France since 1995 for a term of ninety-nine (99) years. Its registered office is located at 21 rue La Boétie, 75008 Paris, France.
B.4b	Trends	<p>The management of environmental issues is becoming increasingly important and complex in both rapidly developing and developed countries. Access to water is a key factor in the growth of entire economies, cities and many different industries. Pollution is becoming increasingly difficult to treat, energy resources and raw materials are growing scarcer and regulations are becoming more and more stringent. Energy efficiency and the circular economy are becoming critical issues.</p> <p>The 21st century is therefore seeing a radical change in the role played by cities in the global economy, where growth, prosperity and social welfare have become priority issues. Faced with growing international competition and increasingly stringent environmental regulations, industrial companies are finding that they need support to be more competitive and implement their growth strategies.</p> <p>Against this backdrop, demand for environmental services that offer significant added value is increasing and can be seen in the many growth opportunities opening up around the world. Veolia is therefore offering expert, innovative solutions that enable it to position itself as a "value creator".</p> <p>To achieve a strong position in these markets, between 2012 and 2015, the Group embarked upon a process of transformation during which it refocused on its most important growth zones and business lines, significantly reduced its debts, restructured its organization to make it simpler, better integrated and more responsive and implemented a major savings program to restore its margins.</p> <p>In 2016, Veolia commenced the implementation of a development plan aiming at achieving profitable, targeted and consistent growth by capitalizing on the achievements gained through the transformation</p>

Finance - Group

Veolia has successfully issued 2 bonds for 1.3 billion Euros

This issuance includes a 650 million Euro bond maturing in March 2022 (5-year maturity) bearing a coupon of 0.672 % and a 650 million Euro bond maturing in November 2026 (short 10-year maturity) bearing a coupon of 1.496 %. Both were issued at par.

The size of the transaction was initially expected to be 1 billion Euros, but an extensive investor demand led to a strong order-book, giving Veolia the opportunity to materially increase the size of the deal and obtain significantly better interest rate conditions at the same time.

The high level of oversubscription, the quality of the investor base and the outstanding conditions that were achieved are signals of the significant appreciation of Veolia's credit quality.

The proceeds of this issuance will be used for General Corporate Purposes.

Lithuania

Veolia's 15-year contract for the operation of the Lithuanian capital's heating system ended on March 29, 2017. The city of Vilnius filed a claim for compensation for damage to assets incurred during the period of delegated management to Veolia Environnement and its subsidiary Vilnius Energija (Vilnius Energy). The Group fully contests this claim. The city of Vilnius recently announced that this claim should amount to €200 million. As a result, the municipal company issued a warranty claim for this €200 million to Veolia on March 29, 2017 (Notice of Default) and the Vilnius Municipal Council decided to go to arbitration before the Stockholm Chamber of Commerce (SCC) on April 25, 2017 for this amount. As of March 31, 2017, the move towards a withdrawal from Lithuania, motivated by the end of a major contract and the sales process already launched for other activities, led the Group to transfer its Lithuanian activities to discontinued operations in accordance with IFRS 5.

United Kingdom & Ireland – Waste Management

Veolia wins South London Waste Partnership contract

Veolia, through its subsidiary Veolia ES UK Ltd - UK's leading resource management company, has signed a major new recycling and waste services contract spanning four South London boroughs. The new eight year contract worth over £209 million, with two possible eight year extensions, has seen 330 staff join Veolia from 1 April, when the new contract began.

Starting today (3rd April 2017) Veolia will be responsible for delivering a new-look collection service to households in Sutton, as well as an 'as-is' (no change) collection service in Merton. The new service will be introduced in Merton and Croydon in October 2018 and Kingston in April 2019. Veolia will manage recycling and waste collections, street cleansing, commercial waste, recycle material sales, winter maintenance and vehicle management for one million residents over the four London boroughs.

Estelle Brachlianoff, Senior Executive Vice President, Veolia UK and Ireland said: "We are delighted to have been awarded the contract with the South London Waste Partnership and to continue working with existing clients in Kingston and Croydon as well as beginning new relationships with Merton and Sutton.

"Through the Partnership, we have the opportunity to harmonise services across the four London boroughs to deliver significant cost savings and high quality, reliable services that will boost sustainability and preserve resources. As winners of Business in the Community's Responsible Business of the Year we look forward to the opportunity to put Veolia at the heart of these communities in South London and to support a more sustainable future for everyone."

The move will see services move from in-house at Merton and Sutton to all being operated by Veolia similar to those already operated in Croydon and Kingston and will help each council achieve cost savings from measures including fortnightly refuse collections, which will help to boost recycling. Residents will be able to recycle a number of materials such as paper, glass, plastic and food waste.

These services will operate alongside the South London Waste Partnership (SLWP) Household Waste and Recycling Centres contract which was awarded to Veolia in July 2015 to manage reuse and recycling of household waste across six sites.

Veolia has been operating in London since 1995 and currently serves around 40% of the population predominantly with recycling and waste services. In 2016, the Group collected around 3 million tonnes of waste from 14 municipal contracts (including Watford) and several commercial contracts operating from four depots. Of this, nearly 1 million tonnes was recycled, composted or turned into energy via an anaerobic digestion process. Veolia operates four waste treatment facilities in London and several Household Waste and Recycling Centres across a total of 31 sites across the region.

Veolia wins three energy services contracts with industrial clients in China for a total of €864 million

These three energy sector contracts confirm Veolia's position as an energy services specialist in for industrial clients in China. The company will provide a suite of solutions based on its expertise in this sector, to improve its clients' energy performance and to help them comply with the regulations for the new Chinese environmental standards.

Signed respectively for 10, 20 and 25 years, these three contracts, concluded by its subsidiary Veolia China Holding, are:

- **Energy performance management at the site of Hongda Chemical, a subsidiary of one of China's leading chemicals industry groups**

This €335 million contract includes financing and installing a best-in-class system for managing and optimizing a steam production plant. Veolia's solutions will result in the following benefits for the client Hongda Chemical: cost savings, compliance with the new regulations for greenhouse gas emissions, and a sufficient quantity of steam and demineralized water for the smooth operation of its business.

A team of 130 people will be assigned to this contract.

- **The construction and operation of a chilled water plant for a data center in one of China's main IT hubs, a platform specifically designed for big data.**

The Veolia solutions provided for the client, a Chinese publishing company, will enable it to comply with new standards introduced in Beijing requiring a strict Power and Water Usage Effectiveness. This metric is used to determine the energy efficiency of a data center. This legislation will be gradually rolled out to the entire country, bringing stricter requirement on the power consumption by the IT systems versus the total power consumed by

the entire data center. It effectively measures the eco-responsibility of the data center operation. With this €188 million contract, Veolia has gained ground-floor entry on the market for energy services for data centers, the number of which is growing rapidly driven by strong Internet usage in China. A team of 20 people will be assigned to this contract.

- **The production of electricity and steam from biomass for chemicals and construction manufacturing clients**

Worth €341 million, this contract covers the construction, operation and maintenance of a biomass plant in Hebei Province. Located in China's northeast, this province has enjoyed buoyant growth in the last few years resulting in a strong and sustained demand for steam. This resource, used as an alternative to coal in industrial production processes, and supplied by Veolia at competitive rates, enables industrial clients to continue with their transition towards using a higher proportion of renewables in their energy mix. In this instance, renewables will account for up to 80% by the end of the contract.

A team of 65 will be assigned to the site operation and maintenance teams.

For **Régis Calmels, Senior Executive Vice-President of Asia**, "This win of three new contracts in the Energy sector is an evidence of Chinese industries' growing need of renewable energies and effective energy management. The regulation continuously becomes tighter and, as a result, industries must reduce their environmental footprint. And this merely creates more excellent opportunities for Veolia."

(UNAUDITED IFRS FIGURES)

REVENUE GROWTH ACCELERATION CONFIRMED

RESULTS GROWTH IN LINE WITH OBJECTIVES

CONFIRMATION OF ANNUAL OBJECTIVES

- REVENUE GREW 4.5%¹ TO €6,270 MILLION
- EBITDA UP 0.9%¹, TO €863 MILLION
- COST SAVINGS OF €63 MILLION
- CURRENT EBIT GROWTH OF 6.1%¹, TO €431 MILLION
- CURRENT NET INCOME – GROUP SHARE INCREASED 3.7%¹ TO €155 MILLION, AND UP 7%¹ EXCLUDING CAPITAL GAINS

Antoine Frérot, Veolia Environnement's Chairman and CEO commented: *"First quarter results are satisfactory and reinforce our strategic plan. Revenue growth, which had resumed in the last quarter, recorded a significant acceleration. Results growth was also in line with our forecasts, despite some exceptional, though expected items. Our cost savings program, increased in order to support our results and offset these exceptional items, was also in line with our expectations. This solid start to the year allows us to remain confident in achieving our goals for the year as a whole."*

¹ At constant exchange rates and after taking into account IFRIC 12 and IFRS 5 adjustments
At constant scope and FX, revenue growth amounts to +3.1%

- **Revenue posted strong growth of 4.6% to €6,270 million, compared with represented €5,995 million in the first quarter of 2016. At constant exchange rates, revenue growth was 4.5%.**

The variation of exchange rates had no significant impact on the income statement.

The strong increase in revenue by €275 million breaks down as follows:

- In France, revenue declined by 1.5% to €1,303 million, but increased by 0.6% at constant consolidation scope after the divestiture of Bartin in the fourth quarter of 2016. Water revenue declined by 2.6%, with volumes down by 0.4%, a -0.3% price indexation impact and an impact of -0.3% related to contract renegotiations. In Waste, revenue was stable at current consolidation scope, but up 4.8% at constant consolidation scope. In France, the Group recorded a 6.8% increase in volumes landfilled, a solid performance in waste to energy activities and benefited from an increase in paper prices in Recycling activities.
 - The Europe excluding France segment recorded strong growth of 7.2% at constant exchange rates to €2,275 million. Revenue in the United Kingdom increased 6.1% at constant exchange rates due to the start of new contracts, good availability of PFI waste-to-energy plants and the increase in recycled raw material prices. Central and Eastern Europe revenue increased 9% at constant exchange rates, due to a favorable weather benefit for heating relative to 1Q2016, the integration of the Prague Left Bank district heating network and biomass cogeneration facilities in Hungary, as well as good water volumes. Revenue in Germany was up sharply by 11.1% due to good commercial momentum and the increase in recycled raw material prices in the Waste business.
 - Revenue growth was strong in the Rest of the World segment, with 11.8% growth at constant exchange rates to €1,648 million. The United States continued to benefit from the integration of the sulfuric acid regeneration activity and good trends in hazardous waste. Industrial Services revenue remains under pressure (-3%) and weather was not favorable in the energy business. Asia continues to record strong growth (+18% at constant exchange rates), mainly due to the contribution from the SINOPEC contract and continued good waste volume trends. Latin America revenue also increased significantly (+27% at constant exchange rates). Revenue in the Pacific zone was quasi-stable (-1.4% at constant exchange rates) and still penalized by industrial services performance. The Africa Middle East zone posted flat revenue (+0.5%) with growth in the Middle East and Morocco and a decline in Gabon.
 - Global Businesses revenue declined by 3.2% at constant exchange rates, with a further decline in revenue in the engineering business and the SADE business (-11.4% combined) partially offset by growth in hazardous waste revenue (+2.2%).
 - By business, at constant exchange rates, Water revenue declined by 0.9%, with on one hand good overall performance in the concessions and on the other hand the decline in construction revenue. Waste revenue increased 8.1% (+5.6% at constant consolidation scope and exchange rates), and Energy revenue increased 9.7% (+7.1% at constant consolidation scope and exchange rates).
- **EBITDA increased 0.9% to €863 million compared with represented €855 million in the first quarter of 2016.**

The growth in EBITDA was driven by:

- The resumption of revenue growth
- Recurring cost savings, which amounted to €63 million in the quarter, mainly due to improved operational performance and purchasing optimization

- Weak tariff indexation
- And temporary additional costs, mainly related to commercial efforts, maintenance of certain facilities and cash charges related to self-insurance.

- **Current EBIT increased 5.9% at current consolidation scope and exchange rates (+6.1% at constant exchange rates) from represented €407 million in the first quarter of 2016 to €431 million.**
 - Growth in current EBIT resulted from the increase in EBITDA and the progression of the contribution from joint ventures and associates, as well as a net positive provision reversal, with its counterpart an offsetting self-insurance charge at the EBITDA level (€12M).

- **Current net income – Group share grew 4.8% (+3.7% at constant exchange rates) from represented €148 million in the first quarter of 2016 to €155 million. Excluding capital gains, current net income – Group share increased 7% at constant exchange rates.**

- **Net financial debt was up €164 million (+€122 million excluding exchange rate impacts) to €8,430 million at March 31, 2017, compared to represented €8,266 million at March 31, 2016. Net financial debt takes into account €327 million in financial transactions over the prior 12 months.**

With respect to the satisfactory start to the 2017 year, the Group confirms its outlook.

- **2017 outlook***
 - Resumption of revenue growth
 - Stable EBITDA, or moderate EBITDA growth
 - Increased efforts to reduce costs: more than €250 million in cost savings

- **2018 outlook***
 - Continuation of revenue growth
 - Resumption of more sustained EBITDA growth
 - More than €300 million in cost savings

- **2019 objective***
 - Continuation of revenue growth and full impact of cost savings
 - EBITDA between €3.3bn and €3.5bn (excluding IFRIC 12)

BJ INCOME STATEMENT

1. Revenue

Group consolidated revenue for the three months ended March 31, 2017 was €6,269.8 million, compared with represented €5,995.1 million in Q1 2016, up +4.5% at constant exchange rates. Excluding Construction revenue² and the impact of energy prices, revenue increased +5.9% at constant exchange rates.

1.1. Revenue by segment

By segment, the change in revenue compared to March 31, 2016 breaks down as follows:

(in € million)	Three months ended March 31, 2016 represented	Three months ended March 31, 2017	2016 / 2017 change		
			Δ	Δ at constant exchange rates	Δ at constant FX and excluding construction & energy prices

Other	6.8	7.8	-	-	-
Group Revenue	5,995.1	6,269.8	+4.6%	+4.5%	+5.9%

- Revenue declined slightly in **France** (-1.5% compared with Q1 2016 represented and +0.6% at constant consolidation scope): sluggish Water activities were offset by growth in the Waste business.
 - Water business revenue fell -2.6%, in line with the -0.4% decrease in volumes sold, the -0.3% reduction in tariff indexation and negative commercial impacts (loss of the Blois contract and an invoicing and collection services contract in Nice);
 - Waste business revenue was stable compared to represented Q1 2016, but grew 4.8% at constant consolidation scope, adjusted for the impact of the sale of Bartin Recycling on November 30, 2016. Strong incineration activities (start-up of the Nancy contract and work at the Synerval plant in Le Mans) and landfill volumes (+6.8%), higher recyclate prices (+10% for paper), an increase in municipal and commercial collection tariffs, were accompanied by continued vigorous commercial development, reflected by a high contract renewal rate and significant contract wins (Halluin contract in Lille, etc.)
- **Europe excluding France** (excluding Lithuania which was transferred to discontinued operations) reported revenue growth of +7.2% at constant exchange rates, with solid momentum in all key countries:
 - In the United Kingdom, revenue increased +6.1% at constant exchange rates to €484 million (compared with a decrease of -1.4% for the year ended December 31, 2016), thanks to good PFI performance (95% average incinerator availability), the positive impact of new Waste contracts in 2016 and 2017 (St Albans, Southend on Sea, HWRC, Army 2020), and higher recyclate prices (notably paper and ferrous and non-ferrous scrap metals);

² Construction activities concern the Group's engineering and construction businesses (mainly Veolia Water Technologies and SADE), as well as construction completed as part of operating contracts.

- In Northern Europe, the good revenue momentum was once again confirmed, with an increase of +10.2% at constant exchange rates versus represented figures for the quarter ended March 31, 2016. Germany reported a marked increase in revenue thanks to higher recycle prices (paper), a rise in commercial collection volumes and the integration of new contracts (in particular the industrial sites purchased from Nuon in May 2016). The other Northern Europe countries benefited from an increase in plastic recycling activities in the Netherlands, the integration of Ferroweld in Sweden in 2016 and strong Construction activities;
- In Central and Eastern Europe, revenue increased +9.0% at constant exchange rates to €864 million, driven by an overall favorable weather impact (+€17 million), an increase in heating and electricity volumes sold in Poland, a rise in water volumes invoiced, higher water tariffs in the Czech Republic and the impact of recent Group developments: Prague Left Bank (€14 million), Biomass cogeneration plants in Hungary and the new Water contract in Armenia. These items were mitigated by lower energy tariffs in Slovakia, Hungary and the Czech Republic.
- Strong revenue growth of +11.8% at constant exchange rates in the **Rest of the world** segment, reported across most regions.
 - Revenue rose +16.8% at constant exchange rates to €528 million in North America (flat in fiscal year 2016), benefiting from the integration of Chemours' Sulfur Products division assets (€52 million), the acquisition of a building energy services company (Enovity) in January 2017 and good hazardous waste performance. Gas prices rose in the Municipal Energy business, offsetting the decrease in heating volumes sold (due to a mild winter);
 - Strong revenue growth in Latin America (+27.2% at constant exchange rates) thanks to inflation-led tariff increases in Argentina, an increase in Waste volumes (notably related to the Buenos Aires contract in Argentina) the increase in Water volumes and construction work (under the Guayaquil contract in Ecuador), as well as the positive impact of the acquisition of the Pedreira landfill site in Brazil in May 2016;
 - In Asia, significant revenue growth of +18.0% at constant exchange rates was observed. In China, revenue rose sharply (+31.0%) resulting from the integration of Sinopec in 2016 in the Industrial Water sector and growth in volumes sold in Energy by the Harbin and Jiamusi heating networks and under industrial contracts (start-up of Hongda 2 contract) and an increase in Waste volumes. Revenue growth in Japan was also driven by the development of Municipal Water O&M and Customer service activities;
 - In the Pacific zone, revenue decreased by -1.4% at constant exchange rates (compared with -3.1% in fiscal year 2016). In the Waste business, the increase in collection prices and strong treatment activities were offset by the decline in collection activities and industrial services;
 - In Africa and the Middle East, revenue was stable (+0.5% at constant exchange rates).
- **Global Businesses:** -3.2% decline in revenue at constant exchange rates: dynamic Hazardous waste revenues were offset by continued downsizing in Engineering.
 - Solid growth in Hazardous Waste activities (+2.2% at constant exchange rates), tied particularly to strong industrial maintenance performance (increase in volumes and new contracts);
 - Design & Build activities slumped 11.4% at constant exchange rates, in line with business streamlining and a weaker backlog than in 2016. Bookings remain low, with some international delays.

The change in revenue between the first quarter of 2016 and 2017 breaks down **by main impact** as follows:

The **foreign exchange impact** on revenue amounted to €3.2 million (0.1% of revenue) and mainly reflects fluctuations in the UK pound sterling (-€60.2 million), the Australian dollar (+€19.8 million), the US dollar (+€18.5 million) and the Brazilian real (+€9.4 million).

The **consolidation scope impact** (+€87 million) mainly concerns developments in 2016: the integration of Chemours' Sulfur Products division assets in the United States (€52 million), Prague Left Bank in the Czech Republic (€14 million) and the Pedreira landfill site in Brazil (€10 million) as well as the sale of Bartin Recycling in the Waste business in France (-€39 million).

The decrease in **Construction** revenue (-€74 million, compared with -€117 million in Q1 2016) was mainly due to a more measured reduction in Veolia Water Technologies and SADE activities, and the end of the negative impact of lower construction revenue related to the completed PFI incinerators in the United Kingdom.

Group revenue benefited from an increase in **energy and recyclate prices** in the amount of +€27 million (compared with -€94 million in Q1 2016), following an increase in recyclate paper prices in Europe and energy prices in the United States, partially offset by a decrease in energy prices in Europe.

Commercial momentum improved significantly (**Commerce/Volumes** impact) to +€152 million (compared with +€98 million in Q1 2016):

- +€74 million increase in sales volume, in line with an increase in volumes sold in Germany (Energy) and Central Europe (Water and Energy), good growth in Waste in Germany, solid growth in Hazardous waste activities globally and good Energy and Waste volumes in China, partially offset by continued difficulties in industrial services in North America and Australia;
- A commercial impact of +€63 million thanks to numerous contract wins in Europe (in Waste in the United Kingdom and multi-utility industrial contracts) and good performance in Asia (including the Sinopec contract in China for €31 million);
- The weather impact of +€15 million is favorable in Central Europe and negative in the United States.

Favorable **price effects** are tied to tariff indexation which remains favorable (except in France), but very moderate, and the significant impact of higher Waste prices in Argentina.

1.2. Revenue by business

(in € million)	Three months ended March 31, 2016 represented	Three months ended March 31, 2017	2016 / 2017 change		
			Δ	Δ at constant exchange rates	Δ at constant FX and excluding construction & energy prices
Water	2,635	2,632	-0.1%	-0.9%	+2.5%
Waste	2,014	2,155	+7.0%	+8.1%	+8.1%

Group Revenue	5,995	6,270	+4.6%	+4.5%	+5.9%

WATER

Water revenue was stable at constant exchange rates, but increased +2.5% at constant exchange rates excluding Construction revenue and energy prices, compared with Q1 2016 represented figures. This increase can be explained as follows:

- Higher volumes and a positive commercial effect of 1.9%. The rise in water volumes invoiced in Central and Eastern Europe, was partly offset by a -0.4% decrease of volumes in France. Revenue also benefited from the impact of new industrial water developments, notably Sinopec in China (+€31 million);
- A slightly negative price effect of -0.2%;

- The decrease of construction activity by 2.8%: Veolia Water Technologies revenue remains down, although to a lesser extent than in 2016.

WASTE

Waste revenue rose +8.1% at constant exchange rates compared with represented Q1 2016 figures (+5.6% at constant consolidation scope and exchange rates), due to:

- A scope impact of +2.5%, mostly related to the integration of the Chemours Sulfur Products division's assets in the United States (+€52 million);
- Commercial and volume effects of +1.2%. Waste volumes increased in France (landfills, sorting & recycling), in Germany and in hazardous waste overall, but remained weak in Australia. Revenue also benefited from numerous commercial wins, in the United Kingdom and in Germany in particular;
- A positive price effect of 1.3%, notably in Latin America and in Germany;
- The impact of higher recycle paper prices and volumes of recycled materials: +1.8%.

ENERGY

Energy revenue rose 9.7% at constant exchange rates compared with Q1 2016 represented figures (+7.1% at constant consolidation scope and exchange rates). This increase can be explained as follows:

- a scope impact of +2.7%, notably related to the acquisition of Prague left bank DHN in 2016 and of an energy efficiency business in the United States (Enovity) in 2017;
- a favorable weather impact of €15 million (+1.1%) mostly in Poland and Czech Republic;
- the positive volumes and commerce effect of 4.6%, due to higher volumes of energy sold in Central and Eastern Europe and in China, and new energy efficiency contracts;
- a slightly positive price effect of 0.6% : lower heat and electricity prices in Europe were more than offset by higher gas prices in the United States.

2. Other income statement items

2.1 EBITDA

Group consolidated EBITDA for the three months ended March 31, 2017 was €862.9 million, up 0.9% at constant exchange rates compared with Q1 2016 represented figures. The EBITDA margin decreased from 14.3% in Q1 2016 to 13.8% in Q1 2017.

Changes in EBITDA by segment were as follows:

- In **France**, EBITDA increased slightly during the quarter driven by cost savings:
 - In the Water business, EBITDA remained flat in Q1 2017, thanks to significant cost savings which offset ongoing unfavorable impacts: price squeeze as result of negative tariff indexation, negative impact of contractual negotiations and weak volumes (-0.4%);
 - In the Waste business, EBITDA increased 6% benefiting from significant cost savings, an increase in the price of paper and the impact of commercial developments.
- EBITDA continued to grow in **Europe excluding France** (excluding Lithuania), despite a number of mainly one-off negative impacts:

- in Central and Eastern Europe, thanks to cost savings efforts and a favorable weather impact (+€8 million);
 - In the United Kingdom, thanks to strong overall business performance (tied to efficiency plans) and the favorable impact of the price of paper, offset by plant maintenance outage one-off costs;
 - In Germany, strong Waste performance was offset by the negative comparison related to non-recurring items in 2016.
- Double-digit growth in EBITDA in the **Rest of the world**:
- Return to EBITDA growth in the United States (after a difficult 2016), despite an unfavorable weather impact in Energy, thanks to the implementation of efficiency measures and the successful integration of Chemours' Sulfur Products division assets;
 - Double-digit growth in EBITDA in China, tied to good performance in Municipal Energy (higher volumes, efficiency gains and favorable weather impact) and Industrial Water (Sinopec contract).
- In the **Global Businesses** segment, the benefits of restructuring at Veolia Water Technologies and the good performance of Hazardous waste activities were offset by some transitory headwinds. Veolia Water Technologies continues its transformation plan with the standardization of its offerings, purchasing savings and a decrease in selling and administrative costs.

The change in EBITDA between the first quarter of 2016 and 2017 breaks down **by main impact** as follows:

The **foreign exchange impact** on EBITDA was -€0.5 million and mainly reflects fluctuations in the UK pound sterling (-€7.9 million), the Brazilian real (+€2.2 million), the Australian dollar (+€1.6 million), the US dollar (+€1.5 million) and the Korean won (+€1.3 million).

The **consolidation scope impact** (+€20.5 million) mainly concerns developments in 2016: the integration of Chemours' Sulfur Products division assets in the United States, Prague Left Bank in the Czech Republic and the Pedreira landfill site in Brazil.

Commerce and volumes impacts amounted to +€16 million, thanks to a favorable weather impact in Europe, strong Hazardous waste performance, good Water and Energy volumes in Central and Eastern Europe and solid activity in Asia. These factors were nonetheless mitigated by ongoing difficulties in the Water business in France due to the negative impact of contractual negotiations and lower volumes and the start-up costs associated with the new contract in Armenia.

Prices, net of cost inflation, had a negative impact, notably in France.

Cost-savings plans contributed €63 million, consistent with the annual objective of €250 million. They mainly cover operational efficiency (47%) and purchasing (30%) and were achieved across all geographic zones: France (30%), Europe excluding France (22%), Rest of the World (29%), Global Businesses (14%) and Corporate (5%).

Transitory costs and one-off items mainly concern insurance costs (offset by provision reversals), higher maintenance costs in Q1 (particularly in the United Kingdom) and an unfavorable comparison effect tied to favorable contract terminations in 2016.

2.2. Current EBIT

Group consolidated Current EBIT for the three months ended March 31, 2017 was €430.5 million, up +6.1% at constant exchange rates compared with Q1 2016 represented figures.

This strong growth in Current EBIT was mainly due to:

- the improvement in Group EBITDA;
- the increase in depreciation and amortization charges at constant exchange rates, in line with consolidation scope impacts, primarily in the United States following the acquisition of Chemours' assets in July 2016, as well as in Korea, China, Brazil and France Water;
- the favorable change in net operating provision reversals, in particular provisions for landfill site remediation in France and the United Kingdom, and captive insurance provisions (€12 million);
- impairment of property, plant and equipment, intangible assets and operating financial assets recognized in March 2016, particularly in the United Kingdom;
- the increase in the contribution of equity-accounted entities, notably in China.

The foreign exchange impact on Current EBIT was -€0.7 million and mainly reflects fluctuations in the UK pound sterling (-€4.6 million) and the Brazilian real (€1.8 million).

IFRIC 12

In the income statement, the adjustments resulting from this clarification drive an increase in EBITDA and Current EBIT. In effect, the concession fee formerly accounted for as a charge is eliminated and then reallocated between interest expense and repayment of the recognized debt. At the same time, a depreciation charge for the asset is recognized and then deferred taxes are adjusted accordingly.

On the balance sheet, the liability related to the fixed payments is classified within concession liabilities and broken down between current and non-current liabilities according to maturity. The liability balance relating to the adjustments is greater than the corresponding net asset value: in effect the asset depreciation rate is linear, while the reimbursement rate is progressive ("constant annuity formula", with reduction in the interest portion in favor of the principal repayment).

The increase in EBITDA resulting from the application of the clarification is offset by the liability repayment (classified in CAPEX) and interest payments. As a result, these adjustments have no impact on net free cash flow or net financial debt.

Municipal waste – Latin America

In Mexico City, Veolia will build and operate the first Waste to Energy facility in Latin America

Veolia, through its subsidiary Proactiva Medio Ambiente Mexico S.A. de C.V., has won the public call for tenders published by the government of Mexico City and just signed the contract to Design, Build, and Operate the first Waste to Energy facility in Latin America. With a capacity twice that of the largest facility in France, this unit will treat around 1.6 million metric tons of household waste a year. The 30 year operation and maintenance contract of this facility will represent an estimated cumulative revenue of 886 million euros for Veolia.

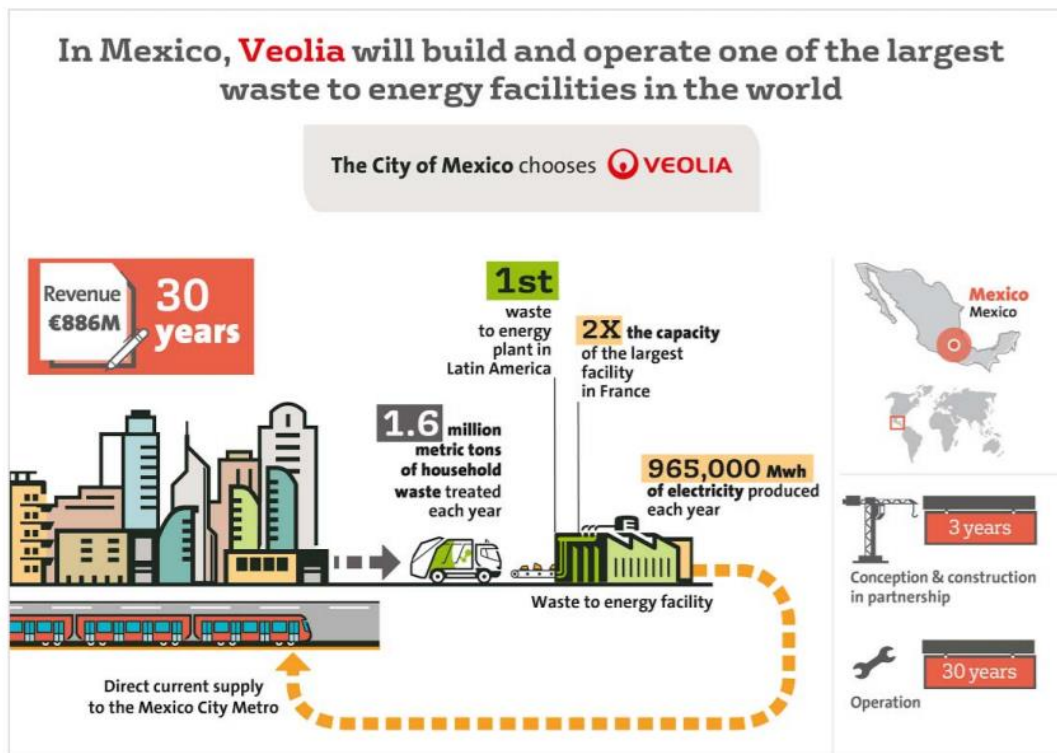

Jointly with leading global and Mexican companies, Veolia will build and operate the first waste to energy plant in Latin America. It must be said that each day, the inhabitants of Mexico City generate 13,000 metric tons of waste. Untreated, this waste would cover the city's central square, *Plancha Zocalo*, to a depth of one meter. At present, two-thirds of this waste is landfilled.

This new waste to energy facility will provide an efficient alternative for treating the waste from this city of 10 million people. Each day, it will convert about one-third of the city's household waste into green energy. The 965,000 MWh of electricity produced each year by the plant will be used directly by the Mexico City Subway *Metro*.

Gustavo Miguez, Executive Vice President Latin America at Veolia, explains: "Today, waste can become a valuable resource. In this instance, Mexico City will favor the treatment of waste and the production of renewable energy. We are delighted to have been selected for this truly significant project, through which we will contribute to improving the quality of life of the citizens of Mexico City and their essential services, while also helping fight climate change." He adds: "What we are going to do in Mexico City is the demonstration that our expertise in waste management - one of Veolia's core business - has a bright future ahead of it. The needs in Mexico, and more widely in Latin America, are such that we have a huge potential for development".

The plant's construction is due to begin in 2017 and will last 3 years. Operations are scheduled to start in 2020.

Active for 25 years in Mexico, Veolia serves 13 million people in the country and employs 3,000. Veolia treats 2.3 million metric tons of waste a year and provides 800,000 people with a waste collection service. With 500 million cubic meters of drinking water produced annually, Veolia Mexico meets the needs of the residents of 20 Mexican cities.

.....

Veolia group is the global leader in optimized resource management. With over 163 000 employees worldwide, the Group designs and provides water, waste and energy management solutions that contribute to the sustainable development of communities and industries. Through its three complementary business activities, Veolia helps to develop access to resources, preserve available resources, and to replenish them.

In 2016, the Veolia group supplied 100 million people with drinking water and 61 million people with wastewater service, produced 54 million megawatt hours of energy and converted 30 million metric tons of waste into new materials and energy.

Veolia Environnement (listed on Paris Euronext: VIE) recorded consolidated revenue of €24.39 billion in 2016.
