RETAIL CASCADES

In the context of any offer of Notes that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive (a "Non-exempt Offer"), the Issuer accepts responsibility, in each Member State for which it has given its consent referred to herein, for the content of this Base Prospectus and the applicable Final Terms (together, the "Prospectus") in relation to any person (an "Investor") to whom an offer of any Notes is made by any financial intermediary to whom it has given its consent to use the Prospectus (an "Authorised Offeror"), where the offer is made during the period for which that consent is given and where the offer is made in the Member State for which that consent was given and is in compliance with all other conditions attached to the giving of the consent. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

If so specified in the Final Terms in respect of any Tranche of Notes, the Issuer consents to the use of the Prospectus in connection with a Non-exempt Offer of the relevant Notes during the offer period specified in the relevant Final Terms (the "Offer Period") either:

- (1) in the Member State(s) specified in the relevant Final Terms by any financial intermediary which is authorised to make such offers under the Markets in Financial Instruments Directive (Directive 2004/39/EC) and which satisfies any conditions specified in the relevant Final Terms; or
- (2) by the financial intermediaries, in the relevant Member State(s) and subject to the relevant conditions, in each case specified in the relevant Final Terms, for so long as they are authorised to make such offers under the Markets in Financial Instruments Directive (Directive 2004/39/EC).

The Issuer may give consent to additional financial intermediaries after the date of the relevant Final Terms and, if it does so, the Issuer will publish information in relation to such additional financial intermediaries on www.finance.veolia.com.

The consent referred to above relates to Offer Periods occurring within twelve (12) months from the date of approval of the Prospectus.

Any Authorised Offeror who wishes to use the Prospectus in connection with a Non-exempt Offer as set out in (1) above is required, for the duration of the relevant Offer Period, to publish on its website that it is using this Base Prospectus for such Non-exempt Offer in accordance with the consent of the Issuer and the conditions attached thereto.

To the extent specified in the relevant Final Terms, a Non-exempt Offer may be made during the relevant Offer Period by any of the Issuer, the Dealers or any relevant Authorised Offeror in any relevant Member State and subject to any relevant conditions, in each case all as specified in the relevant Final Terms.

As of the date of this Base Prospectus, any references to Member State(s) in the context of the Issuer consenting to the use of the Prospectus for a Non-exempt Offer shall be a reference to France only. In the event that the Issuer wishes to make a Non-exempt Offer in any other EEA Member State, a supplement to this Base Prospectus shall be prepared.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such Non-exempt Offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the "Terms and Conditions of the Non-exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-exempt Offer shall be published by that Authorised Offeror on its website at the relevant time. None of the Issuer, any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

In the case of any Tranche of Notes which are being (a) offered to the public in a Member State (other than pursuant to one or more of the exemptions set out in Article 3.2 of the Prospectus Directive) and/or (b) admitted to trading on a regulated market in a Member State, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of Notes may supplement any information in this Base Prospectus.

Le règlement-livraison des actions nouvelles à émettre devrait intervenir le 17 décembre 2015.</p> <p>A l'exception des événements listés ci-dessus aux paragraphes (i) à (ix) et des évolutions dans quelques-unes des procédures judiciaires significatives auxquelles l'Emetteur ou ses filiales sont parties, l'Emetteur estime qu'aucun événement récent ayant une incidence sur l'évaluation de sa solvabilité n'est intervenu depuis la publication du Document de Référence 2014.</p>

Toutefois, le montant nominal des Titres Indexés sur l'Inflation remboursé à maturité n'est pas indexé. Les Titres Indexés sur l'Inflation sont liés aux Indices d'Inflation, c'est-à-dire soit le CPI calculé et publié mensuellement par l'INSEE, soit le HCIP calculé et publié mensuellement par Eurostat.

Section D – Risques

D.2	Principaux risques liés à l'Émetteur	<p>Le Groupe est spécialisé dans la fourniture de services à l'environnement, et encourt de ce fait certains risques liés à son activité. Pour honorer les paiements relatifs aux Titres qu'il émet dans le cadre du Programme, l'Émetteur est dépendant des revenus qu'il perçoit dans le cadre de ses activités. Ces revenus peuvent être affectés par un grand nombre de facteurs, tels que :</p> <ul style="list-style-type: none">• les fluctuations des taux d'intérêt et des taux de change ;• la défaillance de certaines contreparties du Groupe ;• les fluctuations des prix de l'énergie, des consommables et des matières premières recyclées ;• l'incapacité du Groupe à faire face aux contraintes que lui impose la mise en œuvre du système d'échange de quotas d'émissions de gaz à effet de serre ;• les évolutions réglementaires en matière de santé, d'environnement, d'hygiène et de sécurité ;• les incertitudes climatiques ;• la conduite d'activités dans certains pays qui peut générer ou exacerber certains risques ;• la déstabilisation d'un pays qui peut générer des situations d'urgence et des risques exceptionnels ;• l'incapacité du Groupe à déployer son plan stratégique de transformation et d'économies ;• l'évolution du périmètre d'activité du Groupe, notamment liée aux opérations de cession et de développement ;• l'incapacité du Groupe à disposer de ressources financières pour faire face à ses engagements (risque de liquidité) ;• la transformation de l'organisation, de la structure de coûts et des affaires du Groupe face à la mutation structurelle de ses marchés et à l'environnement compétitif de ses activités ;• l'augmentation de la fréquence ou de la gravité des accidents du travail et la recrudescence de maladies professionnelles ;• le manque de main d'œuvre qualifiée, indispensable aux activités du Groupe ;• l'impact négatif que pourraient avoir des conflits sociaux sur les résultats et l'image de la société ;• la mise en jeu de la responsabilité civile du Groupe en matière sanitaire ou environnementale ;• la survenance de difficultés opérationnelles dans certaines activités de conception et de construction ;

C.19	External price/final reference price of the underlying	Not Applicable.
C.20	The type of underlying and where information on the underlying can be found	Inflation Linked Notes are Notes where the principal and/or the coupons are indexed. In addition to the yield fixed when the issue is launched applied to a non-indexed principal, the coupon is determined by applying the annual inflation variation, expressed in percentage to the issue's nominal amount. However, the nominal amount of the Inflation Linked Notes repaid at maturity is not indexed. Inflation Linked Notes are linked to the Inflation Indices, either the CPI as calculated and published monthly by the INSEE, or the HICP as calculated and published monthly by Eurostat.
C.21	Indication of market where securities will be traded and for which prospectus has been published	Notes of any particular Series may be listed and/or admitted to trading on (a) Euronext Paris or (b) any other regulated market of the European Economic Area as defined by Directive 2004/39/EC (a " Regulated Market ") or (c) a stock exchange as specified in the relevant Final Terms, other than a Regulated Market. The Issuer may also issue unlisted Notes.

Section D - Risks

D.2	Key risks specific to the Issuer	<p>The Group specialises in the supply of environmental services and is therefore subject to certain risks in relation to its business activity. To make payments on the Notes issued under the Programme, the Issuer depends on the income it receives from its business operations. Such income may be adversely affected by a large number of factors, including:</p> <ul style="list-style-type: none"> • interest rate and exchange rate fluctuations; • certain counterparties to the Group defaulting; • fluctuations in the prices of energy, commodities and recycled raw materials; • the Group's failure to adopt proper measures to face the constraints arising from the implementation of the greenhouse gas emission allowance trading scheme; • changes in health, environmental, hygiene and safety regulations; • climatic uncertainty; • the Group's presence in certain countries which can generate or exacerbate certain risks; • the destabilization of a country which can generate emergency situations and exceptional risks; • the Group's failure to implement its strategic transformation and cost reduction plan; • changes in the scope of activities of the Group stemming from divestiture or growth initiatives; • the Group's failure to hold sufficient funds to face its commitments (liquidity risk); • the Group moving forward with its efforts to transform its organization, its cost structure, and its business, in response to structural changes affecting its markets and to the competitive environment for its businesses; • the increase in the frequency and severity of work accidents and the increasing incidence of work-related illnesses; • the unavailability of skilled workforce required by the Group's activities; • the negative impact of labour disputes on the Group's results and image; • health and environmental third-party liability in respect of past and present activities; • the occurrence of operational difficulties in relation to certain

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer, the Group or any of its subsidiaries.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the main risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer, the Group or any of its subsidiaries face. Additional risks and uncertainties not currently known to the Issuer or that are currently believed to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

Terms defined herein shall have the same meaning as in the "Terms and Conditions of the Notes".

1. Risk factors relating to the Issuer

Risks factors relating to the Group and its activity are described on pages 11 to 18 of the 2014 Registration Document (as defined in section "*Documents Incorporated by Reference*").

2. Risk factors relating to the Notes

The following paragraphs describe the main risk factors that the Issuer believes are material to the Notes to be offered and/or listed and/or admitted to trading in order to assess the market risk associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with an investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

2.1 General risks relating to the Notes

Independent review and advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests in general. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority.

No active secondary/trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the European Economic Area and/or offered to the public in the European Economic Area, the Final Terms of the Notes will be filed with the *Autorité des marchés financiers* in France and/or with the competent authority of the Regulated Market of the European Economic Area where the Notes will be listed and/or admitted to trading, there is no assurance that such admission to trading or offer to the public will occur, that any particular Tranche of Notes will be so listed and/or admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

Provision of information

None of the Issuer, the Dealer(s) or any of their respective affiliates make any representation as to the Inflation Indices (as defined hereafter). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Inflation Indices that is or may be material in the context of the Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

Potential conflicts of interest

All or some of the Dealers or their respective affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

Exchange rate and currency risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes.

Legality of purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Credit ratings

The Issuer and Veolia Environnement's debt have credit ratings which are subject to reviews from time to time by the independent credit rating agencies which assign such credit ratings.

In addition, one or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes.

A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Any such revision, suspension or withdrawal of any such credit rating could adversely affect the value of the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

EU Savings Directive

Under Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive (the "**Amending Directive**") amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. If they were to take effect, the changes would expand the range of payments covered by the Directive, in particular to include additional types of income payable on securities. The Directive would also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach would apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The changes referred to above would broaden the types of payments subject to withholding in those Member States which still operate a withholding system if they are implemented.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

However, the European Commission has proposed the repeal of the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfill administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Savings Directive.

Should a payment be made or collected through a Member State which has opted for a withholding system and any tax related amount be withheld from such payment, neither the Issuer nor any Paying Agent nor any other person will be required to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**").

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by the Participating Member States indicated an intention to implement the FTT no later than 1 January 2016 but the EU Economic Affairs Commissioner has acknowledged on 1 September 2015 that this deadline would likely not be met. The FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Market value of the Notes

The market value of the Notes may be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of any inflation linked index, including, but not limited to, the volatility of such index, or market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and factors affecting capital markets in general and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical level of the inflation linked index should not be taken as an indication of such index's future performance during the term of any Note.

Change in law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any change in the law or the official application or interpretation thereof, or the impact of any judicial decision, which would occur after the date of this Base Prospectus.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in case of the opening in France of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme and regardless of their governing law.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions will be taken by a two-third majority of the debt securities held by the holders expressing a vote at the Assembly. No quorum is required on convocation of the Assembly.

Hence, the provisions relating to the representation of Noteholders described in this Base Prospectus will not be applicable in these circumstances.

2.2 Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

Notes subject to optional redemption by the Issuer

Redemption for tax reasons

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that, by reason of any change in French law or any change in the official application or interpretation of such law becoming effective after the Issue Date, the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions.

Issuer's call options

In addition, the Issuer has the option to redeem all of the Notes:

- under a call option as provided in Condition 7.2.1 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify ; or
- under a make-whole call option as provided in Condition 7.2.2 of the Terms and Conditions unless in the case of any particular Tranche of Notes the Final Terms specify otherwise ; or
- under a clean-up call option as provided in Condition 7.2.3 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify.

Redemption on a Repurchase Event

Unless in the case of a particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that at least 80% of the initial aggregate principal amount of a Series of Notes has been purchased or redeemed by the Issuer, the Issuer has the option to redeem all of the remaining Notes in that Series at their principal amount together with accrued interest as provided in Condition 7.7.2 of the Terms and Conditions.

In the event the Issuer redeems the Notes as provided in Condition 7 and as described above, if the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of redemption increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. An investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Exercise of the Make-Whole Redemption option by the Issuer in respect of certain Notes only may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Issuer has the option to partially exercise the Make-Whole Redemption option with respect to a Series of Notes. Depending on the number of Notes of the same Series in respect of which such option is not exercised, any trading market in respect of these Notes may become illiquid.

Fixed rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Notes.

Floating rate Notes

Floating rate Notes bear interest at a rate comprised of a reference rate and a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

Zero coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of zero coupon notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, zero coupon notes are a type of investment associated with a particularly high price risk.

Fixed to floating rate Notes

Fixed to floating rate Notes bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes having the same reference rate. In addition, the new floating rate may be lower at any time than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Inflation Linked Notes

Inflation Linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an inflation index, which will be either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "**CPI**") as calculated and published monthly by the Institut National de la Statistique et des Etudes Economiques ("**INSEE**"), or (ii) the harmonized index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "**HICP**") (each an "**Inflation Index**" and together, the "**Inflation Indices**"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Noteholders may receive no interest. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE and Eurostat make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE and Eurostat, as the case may be, without regard to

the Issuer or the Notes. Neither the INSEE or Eurostat, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in determination or calculation of the interest payable under such Notes. Neither the INSEE nor Eurostat has any obligation or liability in connection with the administration, marketing or trading of the Notes. The INSEE or Eurostat, as the case may be, has no responsibility for any calculation agency adjustment made for the indices.

Variable rate Notes with a multiplier or other leverage factor

Notes with a multiplier or other leverage factor can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Renminbi-denominated Notes

Notes denominated in RMB ("**RMB Notes**") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including the following:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC

Renminbi is not freely convertible at the present. Despite a movement towards liberalization of cross-border Renminbi remittance in current account activities and the permission for certain participating banks in Hong Kong, Singapore and Taiwan to engage in the settlement of current account trade transactions in Renminbi, there is no assurance that the PRC government will continue to liberalize control over the cross-border Renminbi remittance in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

Holders of Notes denominated in Renminbi may be required to provide certifications and other information (including Renminbi account information) in order to allow such holder to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong, Singapore and Taiwan.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service such RMB Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited.

While the People's Bank of China has established Renminbi clearing and settlement mechanisms for participating banks in Hong Kong, Singapore and Taiwan through settlement agreements on the clearing of Renminbi business (the "**Settlement Agreements**") with Bank of China (Hong Kong) Limited in Hong Kong, Industrial and Commercial Bank of China, Singapore Branch in Singapore and Bank of China, Taipei Branch in Taiwan, the People's Bank of China has provided several restrictions over the business scope of offshore participating banks in respect of cross-border Renminbi settlement (e.g. related to direct transactions with PRC enterprises), which further limits the availability of Renminbi that participating banks can utilise for conversion services for their clients.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of its RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

RMB Notes issued under the Programme may only be held through an account with Euroclear France or with an Account Holder which itself has an account with Euroclear France

Noteholders may only hold RMB Notes if they have an account with Euroclear France or maintained with an Account Holder which itself has an account with Euroclear France (which includes Euroclear and Clearstream, Luxembourg).

Investment in RMB Notes is subject to exchange rate risks

The value of Renminbi against the Euro, the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. All payments of interest and principal with respect to RMB Notes will be made in Renminbi. As a result, the value of these Renminbi payments in Euro or U.S. dollar terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the Euro, the U.S. dollar or other foreign currencies, the value of investment in Euro, U.S. dollar or other applicable foreign currency terms will decline.

Investment in RMB Notes is also subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Notes denominated in RMB will generally carry a fixed interest rate. Consequently, the trading price of such Notes will vary with fluctuations in Renminbi interest rates. If a Noteholder tries to sell such Notes before their maturity, he may receive an offer that is less than his original investment.

Developments in other markets may adversely affect the market price of any RMB Notes

The market price of RMB Notes may be adversely affected by declines in the international financial markets and world economic conditions. The market for Chinese securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including the PRC. Since the sub-prime mortgage crisis in 2008, the international financial markets have experienced significant volatility. Should similar developments occur in the international financial markets in the future, the market price of RMB Notes could be adversely affected.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law and the implementing regulations which took effect on 1 January 2008, any gain realised on the transfer of the Renminbi Notes by non-resident enterprise holders may be subject to enterprise income tax if such gain is regarded as income derived from sources within the PRC. However, there remains uncertainty as to whether the gain realised from the transfer of the Renminbi Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. Therefore, if non-resident enterprise holders are required to pay PRC income tax on gains on the transfer of the Renminbi Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of the gross proceeds, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of the Renminbi Notes reside that reduces or exempts the relevant tax), the value of their investment in the Renminbi Notes may be materially and adversely affected.

2.5 **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

3. **Conversion and exchanges of Notes**

3.1 **Dematerialised Notes:**

3.1.1 Dematerialised Bearer Notes may not be converted into Dematerialised Registered Notes, whether in fully registered form or in administered registered form.

3.1.2 Dematerialised Registered Notes may not be converted into Dematerialised Bearer Notes.

3.1.3 Dematerialised Fully Registered Notes may, at the option of the Noteholder, be converted into Dematerialised Administered Registered Notes, and vice versa. The exercise of any such option by the relevant Noteholder shall be made in accordance with article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

3.2 **Materialised Notes:** Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

4. **Status of the Notes**

The Notes and, where applicable, any Coupons relating to them constitute direct, unconditional, unsecured (subject to the provisions of Condition 5) and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves and subject to such exceptions as are from time to time mandatory under French law, equally with all other present or future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

5. **Negative pledge**

So long as any of the Notes, or, if applicable, any Coupons relating to them, remain outstanding, the Issuer shall not, and will ensure that none of its Principal Subsidiaries shall, create or permit to subsist any mortgage, charge, pledge, lien (other than a lien arising by operation of law) or other form of encumbrance or security interest upon the whole or any part of their respective undertakings, assets or revenues, present or future, to secure any Relevant Debt, or any guarantee of or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, its obligations under the Notes and Coupons are (A) secured equally and rateably therewith or (B) have the benefit of such other security or other arrangement as shall be approved by the Masse of Noteholders in accordance with Condition 12.

6. **Interest and other calculations**

6.1 **Fixed Rate Notes (other than Fixed Rate Notes denominated in RMB):**

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

6.2 Floating Rate Notes:

6.2.1 *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms. The Interest Payment Date(s) shall be defined in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date is so defined, shall consist of each date which falls the number of months or other period defined as the Interest Period in the relevant Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

6.2.2 *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which case (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

6.2.3 *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(a) FBF Determination for Floating Rate Notes:

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (a), "**FBF Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (i) the Floating Rate is as specified in the relevant Final Terms; and
- (ii) the relevant Floating Rate Determination Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (a), "**Floating Rate**" (*Taux Variable*), "**Floating Rate Determination Date**" (*Date de Détermination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions.

(b) ISDA Determination for Floating Rate Notes:

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (b), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the relevant Final Terms;
- (ii) the designated Maturity is a period specified in the relevant Final Terms;
and

the relevant Reset Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (b), "**Floating Rate**", "**Floating Rate Option**", "**designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

- (c) Screen Rate Determination for Floating Rate Notes:

- (i) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as specified in the relevant Final Terms.

- (ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(A) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(B) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be

the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

6.2.4 *Rate of Interest for Inflation Linked Notes:*

- (a) Consumer Price Index (CPI).

Where the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(a) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(a) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio. For the purpose of this Condition 6.2.4(a), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on

the date specified in the applicable Final Terms the "**Base Reference**"). Notwithstanding Condition 6.5.3, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**NDM**:" number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**CPI Monthly Reference Index M-2**": price index of month M – 2;

"**CPI Monthly Reference Index M-3**": price index of month M – 3.

Notwithstanding Condition 6.5.3, the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence Française du Trésor Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

"**CPI Monthly Reference Index**" refers to the definitive consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire – www.cnofrance.org*) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the event of any conflict between the calculation method provided below and the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per

annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio.

(iii)

(A) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

(B) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

(b) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(b) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(b) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio

For the purpose of this Condition 6.2.4(b), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6.5.3, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

"**NDM**": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**HICP Monthly Reference Index M-2**": price index of month M - 2;

"**HICP Monthly Reference Index M-3**": price index of month M - 3.

Notwithstanding Condition 6.5.3, the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence Française du Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

"**HICP Monthly Reference Index**" refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per

annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(iii)

(A) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "**Substitute HICP Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}}$$

(B) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{HICP Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

6.3 **Zero Coupon Notes:** Zero Coupon Notes bear no interest until the Maturity Date. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7.5.1(b)).

6.4 **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.

- 6.5 **Margin, maximum/minimum rates of interest, rate multipliers and rounding:**
- 6.5.1 If any Margin or Rate Multiplier is specified in the relevant Final Terms, either (x) generally, or (y) in relation to one or more Interest Periods, an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Periods, in the case of (y), calculated in accordance with Condition 6.2 above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
- 6.5.2 If any Maximum or Minimum Rate of Interest is specified in the relevant Final Terms, then any Rate of Interest shall be subject to such maximum or minimum, as the case may be.
- 6.5.3 For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit or sub-unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen.
- 6.6 **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction and by any Rate Multiplier, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount.
- 6.7 **Determination and publication of interest and payment amounts:** The Calculation Agent shall, as soon as practicable, calculate any rate of interest or amount (including any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Make-Whole Redemption Amount, as the case may be), obtain any quotation or make any other determination or calculation that it is required to make pursuant to these Conditions and the relevant Final Terms, and it shall cause such rate, amount, quotation, determination or calculation (as well as any relevant Interest Payment Date) to be notified to the Issuer, the Fiscal Agent, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and/or admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date is subject to adjustment pursuant to Condition 6.2.2, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- 6.8 **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal office or any other

office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6.9 **RMB Notes:**

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of calendar days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

7. **Redemption, purchase and options**

7.1 **Final redemption:** Unless previously redeemed or cancelled as provided below or its maturity is extended pursuant to any option provided by the relevant Final Terms including any Issuer's option in accordance with Condition 7.2 or any Noteholders' option in accordance with Condition 7.3, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

7.2 **Redemption at the option of the Issuer, exercise of Issuer's options and partial redemption:**

7.2.1 *Call Option:*

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer's option (as may be described) in relation to all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.2 *Make-whole redemption:*

Unless otherwise specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date. Any such redemption of Notes shall be at their Make Whole Redemption Amount.

7.2.3 *Clean-up Call Option by the Issuer:*

If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 80% of the initial aggregate principal amount of a particular Series of Notes has been purchased or redeemed by the Issuer, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the remaining Notes in that Series at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.4 *Exercise of Issuer's options and partial redemption:*

Any redemption or exercise pursuant to paragraphs 7.2.1 and 7.2.2 above shall relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading, as the case may be.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes that will not be redeemed shall be made in accordance with article R.213-16 of the Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading.

So long as the Notes are listed and/or admitted to trading on a Regulated Market, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, give notice to the Noteholders in accordance with Condition 15 of the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, of a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- 7.3 **Redemption at the option of Noteholders and exercise of Noteholders' options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem the relevant Note(s) on the Optional Redemption Date(s) at their Optional Redemption Amount (as specified in the

relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

To exercise such option (which must be exercised on an Option Exercise Date) the Noteholder shall deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

All Notes in respect of which any such notice is given shall be redeemed, or the Noteholder's option shall be exercised, on the date specified in such notice in accordance with this Condition.

- 7.4 **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

Final Redemption Amount = IIR x nominal amount of the Notes

"**IIR**" being for the purposes of this Condition 7.4 the ratio determined on the fifth Business Day before the Maturity Date between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index, on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- 7.5 **Early redemption:**

7.5.1 *Zero Coupon Notes:*

- (a) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (b) Subject to the provisions of sub-paragraph (c) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at the Amortisation Yield (which, if none is specified in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (c) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (b) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6.3

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.

7.5.2 Inflation Linked Notes:

- (a) If the relevant Final Terms provide that this Condition 7.5.2 shall apply in respect of Inflation Linked Notes, the Early Redemption Amount in respect of such Notes will be determined by the Calculation Agent on the following basis:

Early Redemption Amount = IIR x nominal amount of the Notes

"IIR" being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (b) If the Inflation Linked Notes (whether or not this Condition 7.5.2 applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 6.2.4 above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

7.5.3 Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9, or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.6 Redemption for taxation reasons:

- 7.6.1 If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 9 below, and such obligation cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding for such French taxes.
- 7.6.2 If the Issuer would, on the next payment of principal or interest in respect of the Notes or Coupons, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9 below, then the Issuer shall

forthwith give notice of such fact to the Fiscal Agent and the Issuer shall redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding for French taxes or, if such date is past, as soon as practicable thereafter.

7.7 **Purchases:**

7.7.1 The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, in accordance with applicable laws and regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-1 A of the Code for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 7.8.

7.7.2 Unless otherwise specified in the relevant Final Terms, in the event that at least 80 % of the initial aggregate principal amount of the Notes has been purchased or redeemed by the Issuer (a "**Repurchase Event**"), the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.8 **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be cancelled (i) in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France, or (ii) in the case of Materialised Bearer Notes, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7.9 **Illegality:** If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

8. **Payments and Talons**

8.1 **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Bearer Notes or Dematerialised Administered Registered Notes, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders or (ii) in the case of Dematerialised Fully Registered Notes, to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

8.2 **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8.6.5 or Coupons (in the case of interest, save as specified in Condition 8.6.5, as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with a bank in the Principal Financial Centre for such currency or, in the case of Euro, in a

city where banks have access to the TARGET 2 System.

- 8.3 **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- 8.4 **Payments subject to fiscal laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 9. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- 8.5 **Appointment of agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed at the end of the Base Prospectus. Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

8.6 **Unmatured Coupons and unexchanged Talons:**

Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 11).

- 8.6.2 If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Notes, unmatured Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.
- 8.6.3 Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- 8.6.4 Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- 8.6.5 If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be (including, for the avoidance of doubt, any arrears of interest if applicable), shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Note.
- 8.7 **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 11), provided that, in respect of Notes admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as the case may be, in Paris.

- 8.9 **Payment of US Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8.9 by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

- 9.2.3 *Payment to individuals:* where such withholding or deduction is required to be made pursuant to the Savings Directive or any other Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directives; or
- 9.2.4 *Payment by another Paying Agent:* in respect of Definitive Materialised Bearer Notes, presented for payment by or on behalf of a holder of any Note or Coupon, as the case may be, who would be able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunication allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

12.2.5 *Powers of the General Meetings:*

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, provided, however, that the General Meeting may not increase the liabilities of Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one-fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French code de commerce, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

- 12.2.6 *Information to Noteholders*: Each Noteholder or Representative thereof will have the right, during the fifteen (15) calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.
- 12.2.7 *Expenses*: The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.
- 12.2.8 *Single Masse*: The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.
- 12.2.9 *Sole Noteholder*: If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted with the Representative and the General Meeting by the provisions of Condition 12.2.3 and 12.2.5 above, as appropriate. Such Sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

For the avoidance of doubt, in this Condition 12, the term "**outstanding**" shall not include those Notes purchased by the Issuer pursuant to Article L.213-1 A of the Code that are held by it and not cancelled.

13. **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and regulations of the Regulated Market on which the Notes are listed and/or admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for such purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. **Further issues and consolidation**

- 14.1 **Further issues**: The Issuer may, without the consent of the Noteholders or Couponholders create and issue further Notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof, the issue date and the first payment of interest specified in the relevant Final Terms) and that the terms of such further Notes provide for such assimilation, and references in these Conditions to "**Notes**" shall be construed accordingly.
- 14.2 **Consolidation**: The Issuer, with the prior approval of the Consolidation Agent, may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 15, without the

consent of the Noteholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. Notices

15.1 Notices to the holders of Dematerialised Registered Notes shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) in a leading daily newspaper with general circulation in Europe (which is expected to be the Financial Times) or (b) in accordance with articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF or (c) so long as such Notes are admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) and, so long as such Notes are listed and/or admitted to trading on any other Regulated Market and the rules of, or applicable to, such Regulated Market so require, in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Bearer Notes in accordance with this Condition.

15.4 Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg or any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 15.1 and 15.2 above; except that (i) so long as such Notes are admitted to trading on Euronext Paris, notices shall be published in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) or in accordance with articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF, (ii) so long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, such Regulated Market so require, notices shall be published in a leading daily newspaper of general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market, and (iii) notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 12 shall also be published in a leading daily newspaper of general circulation in Europe.

16. Method of publication of the prospectus and the Final Terms

The Base Prospectus and the Final Terms related to Notes listed and/or admitted to trading on any Regulated Market will always be published on the websites of the AMF (www.amf-france.org) and Veolia Environnement (www.finance.veolia.com).

In addition, should the Notes be listed and/or admitted to trading on a Regulated Market other than Euronext Paris, the Final Terms related to those Notes will provide whether this Base Prospectus and the relevant Final Terms will be published on the website of (x) such Regulated Market or (y) the competent authority of the Member State in the EEA where such Regulated Market is situated.

17. **Governing law and jurisdiction**

TEMPORARY GLOBAL CERTIFICATE

Temporary Global Certificate issued in respect of Materialised Bearer Notes

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream, Luxembourg (the "**Common Depositary**"), Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream, Luxembourg may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Summary—Selling Restrictions"), in whole, but not in part, for Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part, for Definitive Materialised Bearer Notes upon certification as to non-US beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents).

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Bearer Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (or its designated agent). In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes.

In this Base Prospectus, "**Definitive Materialised Bearer Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal requirements and requirements of the Regulated Market. Forms of such Definitive Materialised Bearer Notes shall be available at the specified offices of the designated Paying Agent(s).

Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Certificate, the calendar day next succeeding the calendar day that is forty (40) calendar days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such calendar day pursuant to Condition 13, the Exchange Date for such Temporary Global Certificate shall be postponed to the calendar day falling after the expiry of forty (40) calendar days after the issue of such further Materialised Notes.

TAXATION

The statements below regarding taxation are based on law and practice at the date of this Base Prospectus and are subject to any subsequent changes in law or practice (which could be made on a retrospective basis). The following statements do not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and may not apply equally to all persons. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the tax consequences of their ownership of the Notes.

EU taxation

Under Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive (the "**Amending Directive**") amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. If they were to take effect, the changes would expand the range of payments covered by the Directive, in particular to include additional types of income payable on securities. The Directive would also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach would apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The changes referred to above would broaden the types of payments subject to withholding in those Member States which still operate a withholding system if they are implemented.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

However, the European Commission has proposed the repeal of the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfill administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

French taxation

Implementation of the Savings Directive

The Directive 2003/48/EC on taxation of savings income has been implemented into French law under Article 242 *ter* of the French *code général des impôts* and Articles 49 I *ter* to 49 I *sexies* of the Schedule III to the French *Code général des impôts*. Article 242 *ter* of the French *Code général des impôts* imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Withholding taxes

The descriptions below are intended as a basic summary of certain withholding tax consequences in relation to the holding of the Notes under current French law by Noteholders who are not shareholders of the Issuer.

Notes which are not assimilated ("assimilables" for the purpose of French law) with Notes issued before 1 March 2010

Payments of interest and other revenues made by the Issuer with respect to Notes (other than Notes which are assimilated ("assimilables" for the purpose of French law) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *code général des impôts* (a "**Non-Cooperative State**").

If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and potentially to the more favourable provisions of an applicable tax treaty), by virtue of Article 125 A III of the French *code général des impôts*.

Furthermore, interest and other revenues on such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq* of the French *code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *code général des impôts*, at a rate of 30 per cent. or 75 per cent. subject to the more favourable provisions of the tax treaty, if applicable.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *code général des impôts* nor the Deductibility Exclusion, will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**") and (ii) in respect of the Deductibility Exclusion the interest or other assimilated revenues on the relevant Notes relate to genuine transactions and are not in an abnormal or exaggerated amount. Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 no. 550 and no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and no. 80 and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *code monétaire et financier* or pursuant to an equivalent offer in a State which is not a Non-Cooperative State. For this purpose, an "**equivalent offer**" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are assimilated ("assimilables" for the purpose of French law) with Notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are assimilated ("assimilables" for the purpose of French law) and form a single series with Notes issued before 1 March 2010 with the benefit of

Article 131 *quater* of the French *code général des impôts*, will be exempt from the withholding tax set out under Article 125 A III of the French *code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting obligations under French law, or *titres de créances négociables* within the meaning of the *Bulletin Officiel des Finances Publiques-Impôts* BOI-RPPM-RCM-30-10-30-30-20140211 no. 50, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *code général des impôts*, in accordance with the aforementioned *Bulletin Officiel des Finances Publiques-Impôts*.

In addition, interest and other revenues paid by the Issuer on Notes and which are to be assimilated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the withholding tax set out in Article 119 *bis* of the French *code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments to individuals fiscally domiciled in France

Pursuant to Article 125 A of the French *code général des impôts*, subject to certain exceptions, interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest and other similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

Hong Kong taxation

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

PRC taxation

The holders of RMB Notes who are not resident in the PRC for PRC tax purposes will not be subject to withholding tax, income tax or any other taxes or duties imposed by any governmental authority in the PRC in respect of their RMB Notes or any repayment of principal and payment of interest made thereon.

SUBSCRIPTION AND SALE OF THE NOTES

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 29 September 2015 (as amended or supplemented as at the issue date, the "**Dealer Agreement**") between Veolia Environnement, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis to the permanent dealers (the "**Permanent Dealers**"). However, Veolia Environnement has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (together with the Permanent Dealers, the "**Dealers**"). The Notes may also be sold by the Issuer through the Dealers, acting as agents for the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are, unless otherwise specified in the relevant Final Terms, jointly and severally underwritten by two or more Dealers.

Veolia Environnement will pay each relevant Dealer the commission agreed between them in respect of the Notes subscribed by such Dealer. Veolia Environnement has agreed to reimburse Société Générale as arranger (the "**Arranger**") for certain of its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

Veolia Environnement has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling restrictions

Public offer selling restriction under the Prospectus Directive

Please note that, in relation to EEA Member States, additional selling restrictions may apply in respect of any specific EEA Member State, including those set out in relation to the United Kingdom and France in this section.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**"), it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC as amended, and includes any relevant implementing measure in the Relevant Member State.
