intérêts.

Maturité : Les Titres auront la maturité indiquée dans les Conditions Définitives applicables, sous réserve du respect des obligations légales et réglementaires applicables.

Description du sous-jacent applicable auquel est lié le paiement des intérêts : Des Titres Indexés sur l'Inflation pourront être émis dans le cadre du Programme dont l'intérêt est calculé par référence à un ratio d'indice d'inflation, lui-même déterminé en fonction (i) de l'indice des prix à la consommation (hors tabac) des ménages en France métropolitaine, tel que calculé et publié mensuellement par l'Institut National de la Statistique et des Etudes Economiques ("**INSEE**"), ou (ii) de l'indice harmonisé des prix à la consommation (hors tabac) (ou tout indice qui pourrait lui succéder) mesurant le taux d'inflation dans l'Union Monétaire Européenne, tel que calculé et publié mensuellement par Eurostat ("**Eurostat**").

Montant de Remboursement Final : Les Titres pourront être remboursés au pair ou pour tout autre montant indiqué dans les Conditions Définitives applicables comme étant le Montant de Remboursement Final. Le montant dû lors du remboursement de Titres Indexés sur l'Inflation pourra être lié à l'évolution du ratio d'indice d'inflation concerné.

Remboursement Anticipé : Les Titres pourront être remboursés pour des raisons fiscales, au choix de l'Emetteur, à un prix égal au Montant de Remboursement Anticipé. Les Titres pourront également être remboursés par anticipation, au choix de l'Emetteur et/ou des Porteurs de Titres, à un prix égal au Montant de Remboursement Optionnel, si cette option figure dans les Conditions Définitives, ou à un prix égal au Montant de Remboursement Make-Whole, sauf indication contraire dans les Conditions Définitives applicables, ou à un prix égal au Montant de Remboursement Anticipé si l'option de Remboursement Clean-up est indiquée comme applicable dans les Conditions Définitives, ou à un prix égal au pair si l'option de Remboursement Maturité Résiduelle est indiquée comme applicable dans les Conditions Définitives.

Remboursement Optionnel : Les Conditions Définitives relatives à chaque émission de Titres indiqueront si ceux-ci peuvent être remboursés avant la date d'échéance prévue au gré de l'Emetteur (en totalité ou en partie) et/ou des Porteurs de Titres et, si tel est le cas, les modalités applicables à ce remboursement.

Remboursement Make-Whole : Sauf exclusion de cette option dans les Conditions Définitives concernées, l'Emetteur pourra, à son gré, sous réserve du respect par l'Emetteur de toute loi, réglementation ou directive applicable, et à condition d'en aviser de façon irrévocable les Porteurs au moins quinze (15) jours calendaires et au plus trente (30) jours calendaires à l'avance (ou tout autre délai spécifié dans les Conditions Définitives), procéder au remboursement de la totalité ou, le cas échéant, d'une partie des Titres restant en circulation à tout moment (mais au plus tard à la "Date Initiale de Remboursement Maturité Résiduelle" (telle qu'indiquée dans les Conditions Définitives), le cas échéant) avant la Date de Maturité à leur Montant de Remboursement Make-Whole.

Remboursement Clean-up : Si une option de Remboursement Clean-up est indiquée comme applicable dans les Conditions Définitives, dans le cas où au moins 80% du montant total des Titres de la Souche concernée ont été achetés ou rachetés par l'Emetteur autrement que par l'option de remboursement au choix de l'Emetteur, l'Emetteur pourra, à son gré et à condition d'en aviser de façon irrévocable les Porteurs au plus soixante (60) jours calendaires et moins plus trente (30) jours calendaires à l'avance, procéder au remboursement de la totalité, et non une partie seulement, des Titres restant en circulation de la Souche au Montant de Remboursement Anticipé majoré des intérêts courus jusqu'à la date fixée pour le remboursement (incluant, le cas échéant, les intérêts de retard).

Remboursement Maturité Résiduelle : Si une option de Remboursement Maturité

		<p>Résiduelle est indiquée comme applicable dans les Conditions Définitives, l'Emetteur pourra, à son gré et à condition d'en aviser de façon irrévocable les Porteurs au moins quinze (15) jours calendaires et au plus trente (30) jours calendaires à l'avance (ou tout autre délai spécifié dans les Conditions Définitives), procéder au remboursement de la totalité, et non une partie seulement, des Titres restant en circulation de la Souche au pair majoré des intérêts courus jusqu'à la date fixée pour le remboursement (exclue), à tout moment pendant la période débutant la "Date Initiale de Remboursement Maturité Résiduelle" (inclue) (telle qu'indiquée dans les Conditions Définitives) et terminant à la Date de Maturité.</p> <p><i>Rendement</i> : Le rendement des Titres sera indiqué dans les Conditions Définitives.</p> <p><i>Représentant des Porteurs de Titres</i> : Les Porteurs de Titres seront automatiquement groupés pour la défense de leurs intérêts communs en une masse (la "Masse") et les dispositions des articles L. 228-46 et suivants du Code de commerce relatives à la Masse s'appliqueront telles que modifiées et complétées par les Modalités des Titres. La Masse aura une personnalité juridique distincte et agira soit par l'intermédiaire d'un représentant, soit par l'intermédiaire de décisions collectives des Porteurs de Titres (les "Décisions Collectives"). Les Décisions Collectives sont adoptées, soit en assemblée générale, soit par résolution écrite.</p>
C.10	Composante dérivée dans le paiement d'intérêts	<p>Voir l'Elément C.9 pour les intérêts, remboursement et représentation.</p> <p>A l'exception des Titres Indexés sur l'Inflation, les Titres émis dans le cadre du Programme ne pourront comporter aucun élément dérivé. Les Titres Indexés sur l'Inflation pourront être liés soit (i) à l'indice des prix à la consommation (hors tabac) des ménages en France métropolitaine (le "CPI") calculé et publié mensuellement par l'INSEE, soit (ii) à l'indice harmonisé des prix à la consommation (hors tabac), ou l'indice concerné lui succédant, mesurant le taux d'inflation dans l'Union Monétaire Européenne (hors tabac) tel que calculé et publié mensuellement par Eurostat (le "HICP").</p>
C.11	Cotation et admission à la négociation	<p>Une Souche de Titres peut être cotée et/ou admise aux négociations sur (a) Euronext Paris ou (b) tout autre marché réglementé de l'Espace Economique Européen, tel que défini par la Directive 2014/65/UE concernant les marchés d'instruments financiers, telle qu'amendée, (un "Marché Réglementé") ou (c) tout marché indiqué dans les Conditions Définitives applicables, autre qu'un Marché Réglementé.</p> <p>L'Emetteur pourra également émettre des Titres non cotés.</p>
C.15	Description de l'impact de la valeur du sous-jacent sur la valeur de l'investissement	<p>Les Titres Indexés sur l'Inflation sont des titres de créance dont le montant du principal et/ou des intérêts n'est pas prédéterminé. Les montants dus au titre du principal et/ou des intérêts dépendent de l'évolution des Indices d'Inflation. Le montant du principal et/ou des intérêts dus par l'Émetteur pourra donc varier et les Porteurs des Titres pourraient ne pas recevoir d'intérêts. Toutefois, les Titres Indexés sur l'Inflation ne pourront pas être remboursés en dessous de leur valeur nominale.</p>
C.16	Expiration / date d'échéance des instruments dérivés - date d'exercice / date finale de référence	<p>Sous réserve du respect des lois, règlements et directives applicables, toute échéance d'un (1) mois minimum à compter de la date d'émission initiale.</p>
C.17	Procédure de règlement des instruments dérivés	<p>Les Titres Indexés sur l'Inflation émis dans le cadre du Programme sous forme de Titres dématérialisés seront compensés par Euroclear France en tant que dépositaire central.</p> <p>Les Titres Indexés sur l'Inflation émis dans le cadre du Programme sous forme de</p>

		Titres matérialisés au porteur seront initialement émis sous la forme de Certificats Globaux Temporaires (<i>Temporary Global Certificate</i>) et seront compensés par Clearstream, Euroclear ou tout autre système de compensation convenu entre l'Émetteur, l'Agent Financier et l'Agent Placeur ou les Agents Placeurs concernés.
C.18	Modalités relatives au produit des instruments dérivés	Les paiements de principal et/ou d'intérêts se rapportant aux Titres Indexés sur l'Inflation seront déterminés en multipliant le montant nominal en circulation de ces Titres par le produit du taux annuel indiqué dans les Conditions Définitives et du Ratio d'Indice d'Inflation concerné.
C.19	Prix d'exercice / Prix de référence final du sous-jacent	Sans objet.
C.20	Type de sous-jacent utilisé et où trouver les informations à ce sujet	Les Titres Indexés sur l'Inflation sont des Titres dont le principal et/ou les intérêts sont indexés. En plus du rendement fixé au moment de l'émission appliqué à un montant nominal non-indexé, l'intérêt est déterminé en appliquant la variation annuelle de l'inflation, exprimée en pourcentage, au montant nominal des Titres Indexés sur l'Inflation. Toutefois, le montant nominal des Titres Indexés sur l'Inflation ne pourra être remboursé en dessous du pair. Les Titres Indexés sur l'Inflation sont liés aux Indices d'Inflation, c'est-à-dire soit le CPI calculé et publié mensuellement par l'INSEE, soit le HICP calculé et publié mensuellement par Eurostat. Les Conditions Définitives relatives à chaque émission de Titres Indexés sur l'Inflation indiqueront la source des informations relatives à l'indice.
C.21	Indication du marché sur lequel les valeurs seront négociées et pour lequel le prospectus a été publié	<p>Une Souche de Titres peut être cotée et/ou admise aux négociations sur (a) Euronext Paris ou (b) tout autre marché réglementé de l'Espace Economique Européen, tel que défini par la Directive 2014/65/UE concernant les marchés d'instruments financiers, telle qu'amendée, (un "Marché Réglementé") ou (c) tout marché indiqué dans les Conditions Définitives, autre qu'un Marché Réglementé.</p> <p>L'Émetteur pourra également émettre des Titres non cotés.</p>

Section D – Risques

D.2	Principaux risques liés à l'Émetteur	<p>Le Groupe est spécialisé dans la fourniture de services à l'environnement, et encourt de ce fait certains risques liés à son activité. Pour honorer les paiements relatifs aux Titres qu'il émet dans le cadre du Programme, l'Émetteur est dépendant des revenus qu'il perçoit dans le cadre de ses activités. Ces revenus peuvent être affectés par un grand nombre de facteurs, tels que :</p> <ul style="list-style-type: none"> ● les risques liés à l'évolution des marchés, des technologies et de la concurrence ; ● les risques liés à l'exercice de l'activité dans certains pays ; ● les risques liés aux catastrophes naturelles, au dérèglement climatique et à la saisonnalité ; ● les risques de responsabilité civile notamment en matière sanitaire ou environnementale ; ● les risques liés à la sûreté des personnes, biens matériels et immatériels,

<p>D.3</p>	<p>Principaux risques liés aux Titres</p>	<p>L'achat ou la détention de Titres implique certains risques qui doivent être pris en compte préalablement à toute décision d'investissement. En dépit de leur caractère éventuel, ces risques peuvent entraîner une volatilité voire une baisse de la valeur de marché des Titres en deçà des attentes (financières ou autres) des investisseurs.</p> <p>Il appartient à chaque investisseur potentiel de déterminer par lui-même et, le cas échéant, avec l'assistance de conseils professionnels, si l'achat de Titres correspond à sa situation personnelle, ses besoins financiers et ses objectifs, si cet achat est conforme à ses politiques et contraintes d'investissement, et s'il s'agit d'un investissement qui lui convient, malgré les risques réels et significatifs inhérents à tout achat ou détention de Titres.</p> <p>Ces risques incluent notamment :</p> <ul style="list-style-type: none"> ● le risque de modification des modalités des Titres par une décision de l'assemblée générale ou une résolution écrite des Porteurs des Titres, les Porteurs non présents, non représentés ou qui n'ont pas consenti à la résolution écrite ou en désaccord pouvant se retrouver liés par le vote de la majorité ; ● les risques liés au marché secondaire des Titres ; ● les risques de conflits d'intérêts potentiels ; ● les risques relatifs au change et aux devises ; ● les risques juridiques liés à l'acquisition des Titres ;

- les risques liés au risque de crédit de l'Emetteur ;
- les risques liés à la notation des Titres ;
- les risques liés à la fiscalité ;
- les risques liés à la proposition européenne de taxe sur les transactions financières ;
- les risques liés à la valeur des Titres sur le marché ;
- les risques relatifs à un changement de loi ; et
- les risques relatifs à la loi française sur les entreprises en difficulté.

Il existe aussi des facteurs de risques liés à la structure de certains Titres en particulier :

- les Titres peuvent comporter une option de remboursement anticipé à l'initiative de l'Emetteur; toute possibilité d'un remboursement optionnel des Titres à la main de l'Emetteur est susceptible de limiter leur valeur de marché ;
- les Titres peuvent comporter une option de remboursement anticipé à l'initiative des Porteurs de Titres; toute possibilité d'un remboursement optionnel des Titres à la main des Porteurs de Titres est susceptible de limiter leur valeur de marché ;
- la valeur des Titres à Taux Fixe peut varier ;
- les Porteurs ne pourront pas calculer par avance le taux de rendement des Titres à Taux Variable ;
- les Titres à Coupon Zéro sont sujets à des fluctuations plus importantes que les Titres non décotés ;
- les Titres à Taux Fixe/Variable peuvent avoir un *spread* moins favorable que les *spreads* applicables aux Titres à taux variable comparables et liés au même taux de référence ;
- les Titres à Taux Variable/Fixe peuvent avoir un nouveau taux fixe inférieur ;
- les Porteurs peuvent être exposés au risque relatif aux Titres Indexés sur l'Inflation, qui dépendent de la performance de l'indice ;
- les risques liés au manque d'information en ce qui concerne les Titres Indexés sur l'Inflation ;
- les Titres Indexés sur l'Inflation avec un multiplicateur ou autre facteur de levier peuvent constituer des investissements particulièrement volatiles ;
- des facteurs additionnels relatifs aux Titres Indexés sur l'Inflation (tels que les indices sur l'inflation) peuvent être sujets à des changements significatifs, que ce soit en raison de la composition dudit indice sur l'inflation, ou en raison des fluctuations de la valeur de l'indice sur l'inflation; le taux d'intérêt résultant sera moins élevé (ou plus élevé) que celui payable sur des titres de créance classiques émis par l'Emetteur au même moment ;
- les Titres RMB ne sont pas convertibles librement et dans certaines

		<p>hypothèses, l'Émetteur peut être autorisé à effectuer des paiements en U.S. dollars; il existe des restrictions significatives relatives au paiement des Titres RMB au sein et en dehors de la République Populaire de Chine. La liquidité des Titres en RMB pourrait en être affectée de manière significative et défavorable. En outre, les investissements dans les Titres RMB sont soumis aux risques de change;</p> <ul style="list-style-type: none"> • les taux d'intérêt et indices considérés comme étant des "indices de référence" (tels que le LIBOR et l'EURIBOR) font l'objet de récentes réglementations nationales et internationales et de propositions de réforme pouvant avoir un effet défavorable important s'agissant des Titres indexés sur un tel "indice de référence" pour les investisseurs; • la future cessation du LIBOR ou de tout autre indice de référence, ou les changements dans le mode d'administration de tout indice de référence, pourraient nécessiter un ajustement des modalités des Titres à Taux Variable en circulation, ce qui pourrait avoir un effet défavorable significatif sur la liquidité, la valeur et le rendement de ces Titres à Taux Variable; et • la survenance de certains événements relatifs à un indice de référence (<i>Benchmark Event</i>) pourrait avoir un effet défavorable significatif sur la valeur et le rendement des Titres à Taux Variable lié à de tels "indices de référence".

D.2	Key risks specific to the Issuer	<p>The Group specialises in the supply of environmental services and is therefore subject to certain risks in relation to its business activity. To make payments on the Notes issued under the Programme, the Issuer depends on the income it receives from its business operations. D.3	Key risk specific to the Notes	<p>The acquisition or the holding of the Notes involves certain risks which should be assessed prior to any investment decision. While all of these risk factors are contingencies which may or may not occur, they may lead to a volatility and/or decrease in the market value of the Notes below the expectations (financial or otherwise) of the investors.</p> <p>Each prospective investor in the Notes should determine, based on its own independent review and, if any, professional advice, that its acquisition of Notes is fully consistent with its personal situation, financial needs and objectives, complies and is fully consistent with all investment policies and restrictions applicable to it and is a suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.</p> <p>These risks include in particular:</p> <ul style="list-style-type: none"> ● the risk of modification of the conditions of the Notes by a general meeting of Noteholders or a written resolution binding all Noteholders including those who did not attend or did not consent to the written resolution or who voted in a manner contrary to the majority; ● risks relating to the secondary/trading market for the Notes; ● risks related to potential conflicts of interest; ● risks relating to exchange rate and currency;

- Fixed Rate Notes may not always maintain the same market value;

- Risk related to the lack of information in relation to Inflation Linked Notes;
- Inflation Linked Notes with a multiplier or other leverage factor can be particularly volatile investments;
- Additional factors relating to Inflation Linked Notes (such as inflation indices) may be subject to significant changes, whether due to the composition of any such inflation index itself, or because of fluctuations in value of the inflation indices; the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at

		<p>the same time;</p> <ul style="list-style-type: none"> • RMB is not freely convertible and the Issuer may, in certain circumstances, be entitled to make payments under RMB Notes in currency U.S. dollars; there are significant restrictions on remittance of RMB into and out of the People's Republic of China and the liquidity of the Notes denominated in RMB may be adversely affected. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer, the Group or any of its subsidiaries.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below and in the documents incorporated by reference represent the main risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons than those identified in the statements below. The Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below and in the documents incorporated by reference are not the only risks the Issuer, the Group or any of its subsidiaries face. Additional risks and uncertainties not currently known to the Issuer or that are currently believed to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere or incorporated by reference in this Base Prospectus and the Final Terms of the relevant Notes and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

Terms defined herein shall have the same meaning as in the "Terms and Conditions of the Notes".

1. Risk factors relating to the Issuer

Risks factors relating to the Group and its activity are described on pages 251 to 274 of the 2018 Registration Document (as defined in section "*Documents Incorporated by Reference*") which are incorporated by reference into this Base Prospectus.

Those risk factors include the following:

1.1 Risks relating to the business environment in which the Group operates

Risks relating to changes in markets, technology and competition

Country risks

Risks relating to natural disasters, climate change and seasonal factors

1.2 Operating risks

Third-party liability risks and particularly health and environmental risks

Risks relating to the security of persons, tangible and intangible property, securities and information systems

Risks relating to changes in the scope of the Group's business activities

Risks relating to human resource management

Risks relating to major project design and construction activities

1.3 Financial risks

Interest rate and foreign exchange risks

Risks inherent to fluctuations in the price of energy and commodities

Counterparty risks

Liquidity risks

Tax risks

1.4 **Regulatory, ethical and legal risks**

Regulatory risks

Ethical and non-compliance risks

Legal and contractual risks

2. **Risk factors relating to the Notes**

The following paragraphs describe the main risk factors that the Issuer believes are material to the Notes to be offered and/or listed and/or admitted to trading in order to assess the market risk associated with these Notes. Prospective investors should consult their own financial and legal advisers about risks associated with an investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

2.1 **General risks relating to the Notes**

Independent review and advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Modification, waivers and substitution

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defense of their common interests in a Masse, as defined in Condition 12 (*Representation of Noteholders*). The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting, Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected, a Written Resolution. Noteholders may through Collective Decisions deliberate on proposals relating to the modification of the Terms and Conditions of the Notes subject to the limitations provided by French law.

No active secondary/trading market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the European Economic Area ("**EEA**") and/or offered to the public in the EEA, the Final Terms of the Notes will be filed with the *Autorité des marchés financiers* in France and/or with the competent authority of the Regulated Market of the EEA where the Notes will be listed and/or admitted to trading, there is no assurance that such admission to trading or offer to the public will occur, that any particular Tranche of Notes will be so listed and/or admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

Potential conflicts of interest

All or some of the Dealers, the Calculation Agent or their respective affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, they have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

Where there is a lending relationship between the Issuer and one or several Dealers, it cannot be excluded that all or part of the proceeds of any issue of Notes be used to repay or reimburse all or part of such loans.

Furthermore, certain of the Dealers, the Calculation Agent or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers, the Calculation Agent and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Dealers, the Calculation Agent and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

For the purpose of this paragraph, the term "affiliate" also includes parent companies.

The Issuer, the Dealers, the Calculation Agent or their respective affiliates may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such Calculation Agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

Exchange rate and currency risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions) and the risk that authorities with jurisdiction over the investor's currency may impose or modify exchange controls. Fluctuations in exchange rates may affect the value of the Notes.

Government and monetary or financial authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates, as well as the availability of specified currency in which a Note is payable at the time of payment of interest and/or principal in respect of such Note.

Legality of purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Credit ratings

The Issuer and Veolia Environnement's debt have credit ratings which are subject to reviews from time to time by the independent credit rating agencies which assign such credit ratings.

In addition, one or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes.

A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Any such revision, suspension or withdrawal of any such credit rating could adversely affect the value of the Notes.

The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those arising from the offered Notes. Consequently, actual or anticipated declines in the credit ratings of the Issuer may affect the market value of the relevant Notes.

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the relevant rating agencies as a result of changes in or unavailability of information or if, in the rating agencies' judgment, circumstances so warrant. Any rating agency other than S&P Global Ratings Europe Limited or Moody's Investors Services Ltd could seek to rate the Notes and if such unsolicited ratings are lower than the comparable ratings assigned to the Notes by S&P Global Ratings Europe Limited or Moody's Investors Services Ltd, such unsolicited ratings could have an adverse effect on the value of the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**Participating Member States**"). On 16 March 2016, Estonia indicated that it will no longer be a Participating Member State.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The FTT proposal remains subject to negotiation between the Participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or Participating Member States may decide to withdraw.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Market value of the Notes

The market value of the Notes may be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of any inflation linked index, including, but not limited to, the volatility of such index, or market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and factors affecting capital markets in general and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical level of the inflation linked index should not be taken as an indication of such index's future performance during the term of any Note.

Change in law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any change in the law or the official application or interpretation thereof, or the impact of any judicial decision, which would occur after the date of this Base Prospectus.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in case of the opening in France of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme and regardless of their governing law.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;

- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions will be taken by a two-third majority of the debt securities held by the holders expressing a vote at the Assembly. No quorum is required on convocation of the Assembly.

Hence, the provisions relating to the representation of Noteholders described in this Base Prospectus will not be applicable in these circumstances.

Credit Risk of the Issuer

The Noteholders are exposed to the credit risk of the Issuer. Credit risk refers to the risk that the Issuer may be unable to meet its financial obligations under the Notes. If the creditworthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, the value of the Notes may decrease and investors may lose all or part of their investment.

2.2 Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

Notes subject to optional redemption by the Issuer

Redemption for tax reasons

In the event that, by reason of any change in French law or any change in the official application or interpretation of such law becoming effective after the Issue Date, the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions.

Issuer's call options

In addition, the Issuer has the option to redeem all of the Notes:

- under a call option as provided in Condition 7.2.1 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify; or
- under a make-whole call option as provided in Condition 7.2.2 of the Terms and Conditions unless in the case of any particular Tranche of Notes the Final Terms specify otherwise; or
- under a clean-up call option as provided in Condition 7.2.3 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify; or
- under a residual maturity call option as provided in Condition 7.2.4 of the Terms and Conditions if, in the case of any particular Tranche of Notes, the relevant Final Terms so specify.

Any optional redemption feature where the Issuer is given the right to redeem the Notes early is likely to limit the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so

at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

As a consequence, redemption at the option of the Issuer could cause the yield anticipated by the Noteholders to be considerably less than anticipated.

With respect to the Clean-up Call Option by the Issuer, there is no obligation under the Terms and Conditions of the Notes for the Issuer to inform investors if and when the threshold of 20% of the initial aggregate principal amount of a particular Series of Notes referred to in Condition 7.2.3 (*Clean-up Call Option*) has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that, immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been traded significantly above par, thus potentially resulting in a loss of capital invested.

Exercise of the Call Option and the Make-Whole Redemption option by the Issuer in respect of certain Notes only may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Issuer has the option to partially exercise the Call Option and the Make-Whole Redemption option with respect to a Series of Notes. Depending on the number of Notes of the same Series in respect of which such option is not exercised, any trading market in respect of these Notes may become illiquid.

Exercise of the Put Option by the Noteholders in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

The Noteholders has the option to exercise the Put Option with respect to a Series of Notes. Depending on the number of Notes of the same Series in respect of which such option is not exercised, any trading market in respect of those Notes in respect of which may become illiquid.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk if market interest rates subsequently increase above the rate paid in the Fixed Rate Notes, this may adversely affect the value of the relevant Notes.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the "**Market Interest Rate**") typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases, until the yield of the bond equals approximately the Market Interest Rate.

Floating Rate Notes

The market value of the Floating Rate Notes may be volatile

Floating rate Notes bear interest at a rate comprised of a reference rate and a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. Therefore, the amount of interest payable by the Issuer may vary and Noteholders may receive no interest. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting in the reference rate and the relevant margin, be lower than the relevant margin, provided that in no event will the relevant interest amount be less than zero.

Investor will not be able to calculate in advance their rate of return on Floating Rate Notes

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definitive yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates than prevailing.

Zero coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of zero coupon notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon notes can suffer higher price losses than other notes having the same maturity and credit rating. Due to their leverage effect, zero coupon notes are a type of investment associated with a particularly high price risk.

Fixed/Floating rate Notes

Fixed/Floating rate Notes bear interest at a rate that will automatically, or that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. Where the Notes convert from a fixed rate to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes having the same reference rate. In addition, the new floating rate may be lower at any time than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Inflation Linked Notes

Inflation Linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an inflation index, which will be either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "CPI") as calculated and published monthly by the Institut National de la Statistique et des Etudes Economiques ("INSEE"), or (ii) the harmonized index of consumer prices (excluding tobacco), or the relevant successor index, measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "HICP") (each an "Inflation Index" and together, the "Inflation Indices"). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Noteholders may receive no interest. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE and Eurostat make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE and Eurostat, as the case may be, without regard to the Issuer or the Notes. Neither the INSEE nor Eurostat, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in determination or calculation of the interest payable under such Notes. Neither the INSEE nor Eurostat has any obligation or liability in

connection with the administration, marketing or trading of the Notes. The INSEE or Eurostat, as the case may be, has no responsibility for any calculation agency adjustment made for the indices.

Risk related to the lack of information in relation to Inflation Linked Notes

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to the Inflation Indices (as defined hereafter). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Inflation Indices that is or may be material in the context of the Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

Variable rate Notes with a multiplier or other leverage factor

Notes with a multiplier or other leverage factor can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Renminbi-denominated Notes

Notes denominated in RMB ("**RMB Notes**") may be issued under the Programme. RMB Notes contain particular risks for potential investors, including the following:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC

Renminbi is not freely convertible at the present. Despite a movement towards liberalization of cross-border Renminbi remittance in current account activities and the permission for certain participating banks in Hong Kong, Singapore and Taiwan to engage in the settlement of current account trade transactions in Renminbi, there is no assurance that the PRC government will continue to liberalize control over the cross-border Renminbi remittance in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

Holders of Notes denominated in Renminbi may be required to provide certifications and other information (including Renminbi account information) in order to allow such holder to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong, Singapore and Taiwan.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service such RMB Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited.

While the People's Bank of China has established Renminbi clearing and settlement mechanisms for participating banks in Hong Kong, Singapore and Taiwan through settlement agreements on the clearing of Renminbi business (the "**Settlement Agreements**") with Bank of China (Hong Kong) Limited in Hong Kong, Industrial and Commercial Bank of China, Singapore Branch in Singapore and Bank of China, Taipei Branch in Taiwan, the People's Bank of China has provided several restrictions over the business scope of offshore participating banks in respect of cross-border Renminbi settlement (e.g. related to direct transactions with PRC enterprises), which further limits the availability of Renminbi that participating banks can utilise for conversion services for their clients.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of its RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

If Renminbi is not available to the Issuer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer may settle any such payment (in whole or in part) in U.S. dollars.

RMB Notes issued under the Programme may only be held through an account with Euroclear France or with an Account Holder which itself has an account with Euroclear France

Noteholders may only hold RMB Notes if they have an account with Euroclear France or maintained with an Account Holder which itself has an account with Euroclear France (which includes Euroclear and Clearstream).

Investment in RMB Notes is subject to exchange rate risks

The value of Renminbi against the Euro, the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. All payments of interest and principal with respect to RMB Notes will be made in Renminbi. As a result, the value of these Renminbi payments in Euro or U.S. dollar terms may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the Euro, the U.S. dollar or other foreign currencies, the value of investment in Euro, U.S. dollar or other applicable foreign currency terms will decline.

Investment in RMB Notes is also subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Notes denominated in RMB will generally carry a fixed interest rate. Consequently, the trading price of such Notes will vary with fluctuations in Renminbi interest rates. If a Noteholder tries to sell such Notes before their maturity, he may receive an offer that is less than his original investment.

Developments in other markets may adversely affect the market price of any RMB Notes

The market price of RMB Notes may be adversely affected by declines in the international financial markets and world economic conditions. The market for Chinese securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including the PRC. Since the sub-prime mortgage crisis in 2008, the international financial markets have experienced significant volatility. Should similar developments occur in the international financial markets in the future, the market price of RMB Notes could be adversely affected.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law and the implementing regulations which took effect on 1 January 2008, any gain realised on the transfer of the Renminbi Notes by non-resident enterprise holders may be subject to enterprise income tax if such gain is regarded as income derived from sources within the PRC. However, there remains uncertainty as to whether the gain realised from the transfer of the Renminbi Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. Therefore, if non-resident enterprise holders are required to pay PRC income tax on gains on the transfer of the Renminbi Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of the gross proceeds, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of the Renminbi Notes reside that reduces or exempts the relevant tax), the value of their investment in the Renminbi Notes may be materially and adversely affected.

Risk of change in Government Support and Regulatory Regime

RMB Notes issuance is subject to laws and regulations of Hong Kong as the principal financial center for RMB Notes. The PRC Government currently views Hong Kong as one of the key offshore Renminbi-denominated debt instrument centers and has established a cooperative relationship with Hong Kong's local government to develop the Renminbi-denominated debt instrument market. There can be no assurance that the PRC's Government will continue to encourage issuance of RMB-denominated debt instrument outside

of mainland China and any change in the PRC Government's policy or the regulatory regime governing the issuance of Renminbi-denominated debt instruments may adversely affect the Renminbi Notes.

The reform and regulation of "benchmarks" may adversely affect the value of Floating Rate Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR and LIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Floating Rate Notes (including the value and/or liquidity thereof and/or the return thereon) linked to or referencing such a "benchmark".

The purpose of Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds published in the Official Journal of the European Union on 29 June 2016 (the "**Benchmarks Regulation**") is to regulate the risk of manipulating the value of indices and to reduce the risk of conflicts of interests arising. It aims at improving the quality (integrity and accuracy) of the input data and the transparency of the methodologies used by administrators and at improving governance and controls of both administrators' and contributors' activities. Most of the provisions of the Benchmarks Regulation have applied since 1 January 2018.

The Benchmarks Regulation applies to "contributors", "administrators" and "users" of "benchmarks" (including EURIBOR and LIBOR) in the EU, and, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks" (or, if non-EU-based, to be subject to equivalent requirements) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). The scope of the Benchmarks Regulation is wide and, in addition to so-called "critical benchmark" indices, applies to many interest rate and foreign exchange rate indices, equity indices and other indices, applies to many interest rate and foreign exchange rate indices, equity indices and other indices (including "proprietary" indices or strategies) where used to determine the amount payable under or the value or performance of certain financial instruments traded on a trading venue or via a systematic internaliser, financial contracts and investment funds.

The Benchmarks Regulation could have a material impact on any Floating Rate Notes linked to or referencing a "benchmark", in particular:

- (i) an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- (ii) the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation, and such changes could, among other things, have the effect of reducing, increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark".

Either of the above could potentially lead to the Floating Rate Notes being de-listed, adjusted or redeemed early or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Floating Rate Notes or have other adverse effects or unforeseen consequences.

More broadly, any of the international, national or other proposal for reform or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the effect of discouraging market participants from continuing to administer or contribute certain "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmarks"; or (iii) lead to the disappearance of certain "benchmark". Any of the above changes or any other

consequential changes as a result of international or national reforms or other initiatives or investigations could have a material adverse effect on the value of and return on any Floating Rate Notes linked to or referencing a "benchmark".

It should be noted that on 24 May 2018, the European Commission published a proposal for a European Regulation amending Regulation (EU) 2016/1011 on low carbon benchmarks and positive carbon impact benchmarks. Moreover the text reviews existing provisions of the Benchmarks Regulation by providing an extension of the transition regime for critical and third-country benchmarks until the end of 2021. Substantially agreed provisions were published in February 2019, subject only to legal and linguistic review and are currently expected to be concluded in the first half of 2019.

Investors should be aware that, if a benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Floating Rate Notes (it being specified that if "Benchmark Replacement" applies, a specific fall-back shall apply - please refer to the risk factor entitled "*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Floating Rate Notes linked to or referencing such "benchmarks"*" below). Depending on the manner in which a benchmark is to be determined under the Terms and Conditions, this may (i) if ISDA Determination or FBF Determination applies, be relying upon the provision by reference banks of offered quotations for the relevant benchmark which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes linked to or referencing a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Floating Rate Notes linked to or referencing a "benchmark".

Future discontinuance of LIBOR and other benchmarks may adversely affect the value of Floating Rate Notes

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority (the "FCA"), which regulates LIBOR, announced that it intends to stop persuading or compelling panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021 (the "FCA Announcement"). The FCA Announcement indicates that the continuation of LIBOR in its current form (or at all) after 2021 cannot and will not be guaranteed. In a further speech on 12 July 2018, the Chief Executive Officer of the FCA, emphasised that market participants should not rely on the continued publication of LIBOR after the end of 2021. The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the terms and conditions of outstanding Floating Rate Notes of any Series, or result in other consequences, in respect of any Floating Rate Notes linked to such benchmark (including but not limited to Floating Rate Notes whose interest rates are linked to LIBOR) depending on the specific provisions of the relevant terms and conditions applicable to the Floating Rate Notes. Any such consequences could have a material adverse effect on the liquidity and value of and return on any such Floating Rate Notes.

Other interbank offered rates such as EURIBOR (together with LIBOR, the "IBORs") suffer from similar weaknesses to LIBOR and as a result may be discontinued or be subject to changes in their administration.

Changes to the administration of an IBOR or the emergence of alternatives to an IBOR may cause such IBOR to perform differently than in the past, or there could be other consequences which cannot be predicted. The discontinuation of an IBOR or changes to its administration could require changes to the way in which the Rate of Interest is calculated in respect of any Floating Rate Notes referencing or linked to such IBOR. The development of alternatives to an IBOR may result in Floating Rate Notes linked to or referencing such IBOR performing differently than would otherwise have been the case if the alternatives to such IBOR had not developed. Any such consequence could have a material adverse effect on the value of, and return on, any Floating Rate Notes linked to or referencing such IBOR.

Whilst alternatives to certain IBORs for use in the bond market (including SONIA (for Sterling LIBOR) and rates that may be derived from SONIA) are being developed, in the absence of any legislative measures,

outstanding notes linked to or referencing an IBOR will only transition away from such IBOR in accordance with their particular terms and conditions.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Floating Rate Notes linked to or referencing such "benchmarks"

In case of Screen Rate Determination for Floating Rate Notes and if "Benchmark Replacement" is specified to be "Applicable" in the applicable Final Terms, the Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as LIBOR or EURIBOR) or other relevant reference rate, and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Floating Rate Notes by reference to such benchmark under the Benchmarks Regulation or otherwise. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Terms and Conditions of the Notes), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, the ultimate fallback for a particular Interest Period, including where no Successor Rate or Alternative Rate (as applicable) is determined, may be that the rate of interest for such Interest Period be based on the rate which applied for the immediately preceding Interest Period.

This ultimate fallback may result in the effective application of a fixed rate Notes linked to or referencing a "benchmark". In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Floating Rate Notes.

The Successor Rate or Alternative Rate may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, the Successor Rate or Alternative Rate may perform differently from the discontinued benchmark. This could significantly affect the performance of an alternative rate compared to the historical and expected performance of the relevant benchmark. There can be no assurance that any adjustment factor applied to any Series of Notes will adequately compensate for this impact. This could in turn impact the rate of interest on, and trading value of, the affected Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the Relevant Screen Page may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the Successor Rate or Alternative Rate.

Any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes linked to or referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes linked to or referencing a "benchmark". Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

Investors should consider all of these matters when making their investment decision with respect to the relevant Floating Rate Notes linked to or referencing such "benchmarks".

2. **Form, denomination(s), title, redenomination and method of issue**

2.1 **Form:** Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").

2.1.1 Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the Code by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may be issued, at the option of the Issuer and as specified in the relevant Final Terms, in either bearer form (*au porteur*) ("**Dematerialised Bearer Notes**"), in which case they are inscribed in an account maintained by an Account Holder having itself an account in the books of Euroclear France, or in registered form (*au nominatif*) ("**Dematerialised Registered Notes**") and, in such latter case, at the option of the relevant Noteholder, in either fully registered form (*au nominatif pur*) ("**Dematerialised Fully Registered Notes**"), in which case they are inscribed in an account maintained by the Issuer or the Registration Agent, or in administered registered form (*au nominatif administré*) ("**Dematerialised Administered Registered Notes**"), in which case the Notes are inscribed both in an account maintained by the Issuer or the Registration Agent and an account maintained by an Account Holder.

2.1.2 Materialised Notes are issued in bearer form ("**Materialised Bearer Notes**"). Materialised Bearer Notes are serially numbered and are issued with coupons (the "**Coupons**") and, where appropriate, a talon (the "**Talon**") attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any issue of Materialised Notes requires the appointment by the Issuer of a Materialised Note Agent (designated in the relevant Final Terms) which will perform the functions otherwise attributed, in these Conditions, to the Fiscal Agent and/or Paying Agent.

In accordance with Articles L.211-3 and R.211-1 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Unless this possibility is expressly excluded in the applicable Final Terms, the Issuer may, in accordance with the provisions of Article L. 228-2 of the *Code de commerce*, request at any time from the central depository identification information of Noteholders of Notes in dematerialised form (*au porteur*) such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, email address of such Noteholders.

2.2 **Denomination(s):** Notes shall be issued in the specified denomination(s) set out in the relevant Final Terms (the "**Specified Denomination(s)**") subject to compliance with the regulations of the relevant monetary or financial authority or any laws or regulations applicable to the relevant Specified Currency. Dematerialised Notes shall be issued in one Specified Denomination only.

2.3 **Title:**

2.3.1 Title to Dematerialised Bearer Notes shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Registered Notes shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or of the Registration Agent.

- 2.3.2 Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("**Definitive Materialised Bearer Notes**"), shall pass by delivery.
- 2.3.3 Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- 2.4 **Redenomination:**
- 2.4.1 The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least thirty (30) calendar day's notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union, or events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- 2.4.2 The redenomination of the Notes pursuant to Condition 2.4.1 shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- 2.4.3 Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- 2.4.4 The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Coupon or Talon but taking into account market practice in respect of redenominated euromarket debt obligations, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre designation, interest accrual basis or Reference Rate specification) which it believes are not prejudicial to the interests of the relevant Noteholders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to them in accordance with Condition 15 as soon as practicable thereafter.
- 2.4.5 Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.
- 2.5 **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the issue date, issue price, first payment of interest and the nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.

3. **Conversion and exchanges of Notes**

3.1 **Dematerialised Notes:**

3.1.1 Dematerialised Bearer Notes may not be converted into Dematerialised Registered Notes, whether in fully registered form or in administered registered form.

3.1.2 Dematerialised Registered Notes may not be converted into Dematerialised Bearer Notes.

3.1.3 Dematerialised Fully Registered Notes may, at the option of the Noteholder, be converted into Dematerialised Administered Registered Notes, and vice versa. The exercise of any such option by the relevant Noteholder shall be made in accordance with article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

3.2 **Materialised Notes:** Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

4. **Status of the Notes**

The Notes and, where applicable, any Coupons relating to them constitute direct, unconditional, unsecured (subject to the provisions of Condition 5) and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves and subject to such exceptions as are from time to time mandatory under French law, equally with all other present or future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

5. **Negative pledge**

So long as any of the Notes, or, if applicable, any Coupons relating to them, remain outstanding, the Issuer shall not, and will ensure that none of its Principal Subsidiaries shall, create or permit to subsist any mortgage, charge, pledge, lien (other than a lien arising by operation of law) or other form of encumbrance or security interest upon the whole or any part of their respective undertakings, assets or revenues, present or future, to secure any Relevant Debt, or any guarantee of or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, its obligations under the Notes and Coupons are (A) secured equally and rateably therewith or (B) have the benefit of such other security or other arrangement as shall be approved by the Masse of Noteholders in accordance with Condition 12.

6. **Interest and other calculations**

6.1 **Fixed Rate Notes (other than Fixed Rate Notes denominated in RMB):**

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

6.2 **Floating Rate Notes:**

6.2.1 *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms. The Interest Payment Date(s) shall be defined in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date is so defined, shall consist of each date which falls the number of months or other period defined as the Interest Period in the relevant Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

6.2.2 *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which case (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

6.2.3 *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(a) FBF Determination for Floating Rate Notes:

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (a), "**FBF Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (i) the Floating Rate is as specified in the relevant Final Terms; and
- (ii) the relevant Floating Rate Determination Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (a), "**Floating Rate**" (*Taux Variable*), "**Floating Rate Determination Date**" (*Date de Détermination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions.

(b) ISDA Determination for Floating Rate Notes:

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (b), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent for a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the relevant Final Terms;
- (ii) the designated Maturity is a period specified in the relevant Final Terms; and

the relevant Reset Date is the first calendar day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (b), "**Floating Rate**", "**Floating Rate Option**", "**designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(c) Screen Rate Determination for Floating Rate Notes:

- (i) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below or (if applicable) in Condition 6.2.3(d) (*Benchmark Discontinuation*) below, be either:

(A) the offered quotation; or

(B) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as specified in the relevant Final Terms.

- (ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(A) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(B) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it

is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

(d) Benchmark Discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, this Condition 6.2.3(d) applies only if "*Benchmark Replacement*" is specified to be "Applicable" in the relevant Final Terms. For the avoidance of doubt, if "*Benchmark Replacement*" is specified to be "Not Applicable" in the relevant Final Terms, if a Benchmark Event occurs, then the provisions over other fallbacks specified in Condition 6.2.3(c) shall apply and prevail.

If a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over other fallbacks specified in Condition 6.2.

(i) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 6.2.3(d)(ii)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 6.2.3(d)(iii)) and any Benchmark Amendments, if any (in accordance with Condition 6.2.3(d)(iv)).

An Independent Adviser appointed pursuant to this Condition 6.2.3(d) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 6.2.3(d).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 6.2.3(d)(iv)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 6.2.3(d)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 6.2.3(d)(iv)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of

interest on the Notes (subject to the further operation of this Condition 6.2.3(d)).

(iii) Adjustment Spread

If the Independent Adviser, determines in good faith (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate(s) of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 6.2.3(d) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 6.2.3(d)(v), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 6.2.3(d), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 15, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 6.2.3(d). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(vi) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provisions relating to the Original Reference Rate specified in condition 6.2.3(c) will continue to apply to such determination, provided that such fallbacks may in certain circumstances lead to apply the Rate of Interest determined as at the last preceding Interest Determination Date.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 6.2.3(d), mutatis

mutandis, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 6.2.3(d).

(vii) Definitions

In this Condition 6.2.3(d):

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser, acting in good faith and in a commercially reasonable manner, determines in accordance with customary market usage in the international debt capital market for such Successor Rate or the Alternative Rate and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- c) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser acting in good faith determines to be appropriate.

"**Alternative Rate**" means, in the absence of Successor Rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 6.2.3(d) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

"**Benchmark Event**" means, with respect to an Original Reference Rate:

- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

- d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six (6) months prior to the specified date referred to in (d)(i);
- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;
- f) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable); or

6.2.4 *Rate of Interest for Inflation Linked Notes:*

(a) Consumer Price Index (CPI).

Where the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(a) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(a) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio. For the purpose of this Condition 6.2.4(a), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6.6.4, the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{\text{ND}_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**CPI Monthly Reference Index M-2**": price index of month M – 2;

"**CPI Monthly Reference Index M-3**": price index of month M – 3.

Notwithstanding Condition 6.6.4., the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

"**CPI Monthly Reference Index**" refers to the definitive consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire – www.cnofrance.org*) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the event of any conflict between the calculation method provided below and the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio.

- (iii)
- (A) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.
- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

- (B) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

(b) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union (excluding tobacco) as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 6.2.4(b) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6.2.4(b) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (i) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio

For the purpose of this Condition 6.2.4(b), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6.6.4., the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (A) in relation to the first calendar day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a calendar day (D) (other than the first calendar day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{\text{ND}_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of calendar days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual calendar day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

"**HICP Monthly Reference Index M-2**": price index of month M - 2;

"**HICP Monthly Reference Index M-3**": price index of month M - 3.

Notwithstanding Condition 6.6.4., the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France du Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

"**HICP Monthly Reference Index**" refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European

Monetary Union (excluding tobacco) as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

- (ii) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (iii)
 - (A) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "**Substitute HICP Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the calendar day following its release to all calculations taking place from this date.
 - (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}}$$

- (B) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{HICP Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

6.3 **Fixed/Floating Rate Notes:** If Fixed/Floating Rate Notes Provisions are specified to be applicable in the relevant Final Terms the Notes may bear interest at a rate, on the date set out in the Final Terms (the "**Switch Date**"), that:

- 6.3.1 the Issuer may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The Issuer election to change of interest basis (the "**Issuer Change of Interest Basis**") should be deemed effective after a valid notification sent by the Issuer to the relevant Noteholders within the period specified in the relevant Final Terms; or
- 6.3.2 will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate (the "**Automatic Change of Interest Basis**").

- 6.4 **Zero Coupon Notes:** Zero Coupon Notes bear no interest until the Maturity Date. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7.5.1(b)).
- 6.5 **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.
- 6.6 **Margin, maximum/minimum rates of interest, rate multipliers and rounding:**
- 6.6.1 If any Margin or Rate Multiplier is specified in the relevant Final Terms, either (x) generally, or (y) in relation to one or more Interest Periods, an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Periods, in the case of (y), calculated in accordance with Condition 6.2 above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
- 6.6.2 If any Maximum or Minimum Rate of Interest is specified in the relevant Final Terms, then any Rate of Interest shall be subject to such maximum or minimum, as the case may be.
- 6.6.3 Unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed equal to zero.
- 6.6.4 For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit or sub-unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen.
- 6.7 **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction and by any Rate Multiplier, unless an Interest Amount is specified in the relevant Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount.
- 6.8 **Determination and publication of interest and payment amounts:** The Calculation Agent shall, as soon as practicable, calculate any rate of interest or amount (including any Interest Amount, Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Make-Whole Redemption Amount, as the case may be), obtain any quotation or make any other determination or calculation that it is required to make pursuant to these Conditions and the relevant Final Terms, and it shall cause such rate, amount, quotation, determination or calculation (as well as any relevant Interest Payment Date) to be notified to the Issuer, the Fiscal Agent, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and/or admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date is subject to adjustment pursuant to Condition 6.2.2, the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

6.9 **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6.10 **RMB Notes:**

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of calendar days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

7. **Redemption, purchase and options**

7.1 **Final redemption:** Unless previously redeemed or cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

7.2 **Redemption at the option of the Issuer, exercise of Issuer's options and partial redemption:**

7.2.1 *Call Option:*

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the

Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.2 *Make-whole redemption:*

Unless otherwise specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time (but no later than the Initial Residual Maturity Call Option Date (as defined below), if applicable) prior to their Maturity Date (the "**Make-Whole Redemption Date**") at their Make-Whole Redemption Amount.

For the purpose of this Condition:

"Make-Whole Redemption Amount" means in respect of any Notes to be redeemed pursuant to this Condition 7.2.2, an amount, determined by the Calculation Agent, equal to the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate (as specified in the relevant Final Terms) plus a Make-Whole Redemption Margin (as specified in the relevant Final Terms), plus in each case, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

"Make-Whole Redemption Margin" means the margin specified as such in the relevant Final Terms.

"Make-Whole Redemption Rate" means the average of the four (4) quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth (4th) Business Day preceding the Make-Whole Redemption Date at 11.00 a.m. (Central European time (CET)). If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (CET) on the third (3rd) business day in London preceding the Make-Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 15.

"Reference Dealers" means each of the four (4) banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

"Similar Security" means a reference bond or reference bonds having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Make-Whole Redemption Rate, the Make-Whole Redemption Margin and the Make-Whole Redemption Date will be notified by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

7.2.3 *Clean-up Call Option by the Issuer:*

If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 80% of the initial aggregate principal amount of a particular Series of Notes has been purchased or redeemed by the Issuer other than by way of a redemption at the option of the Issuer in accordance with Condition 7.2.2, the Issuer may, at its option but subject to having given not

more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the remaining Notes in that Series at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.2.4 *Residual Maturity Call Option by the Issuer*

If a Residual Maturity Call Option by the Issuer is specified in the relevant Final Terms, the Issuer may, at its option but subject to having given not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem all, but not some only, of the remaining Notes in that Series at par together with interest accrued to, but excluding, the date fixed for redemption, at any time during the period starting on (and including) the "**Initial Residual Maturity Call Option Date**" (as specified in the relevant Final Terms) and ending on (but excluding) the Maturity Date.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

7.2.5 *Exercise of Issuer's options and partial redemption:*

Any redemption or exercise pursuant to paragraphs 7.2.1 and 7.2.2 above shall relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading, as the case may be.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed.

So long as the Notes are listed and/or admitted to trading on a Regulated Market, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, give notice to the Noteholders in accordance with Condition 15 of the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, of a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

7.3 **Redemption at the option of Noteholders and exercise of Noteholders' options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem the relevant Note(s) on the Optional Redemption Date(s) at their Optional Redemption Amount (as specified in the relevant Final Terms), together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

To exercise such option (which must be exercised on an Option Exercise Date) the Noteholder shall deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent as specified in the

Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

All Notes in respect of which any such notice is given shall be redeemed, or the Noteholder's option shall be exercised, on the date specified in such notice in accordance with this Condition.

- 7.4 **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

Final Redemption Amount = IIR x nominal amount of the Notes

"IIR" being for the purposes of this Condition 7.4 the ratio determined on the fifth Business Day before the Maturity Date between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index, on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- 7.5 **Early redemption:**

7.5.1 *Zero Coupon Notes:*

- (a) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (b) Subject to the provisions of sub-paragraph (c) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at the Amortisation Yield (which, if none is specified in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (c) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7.6 or Condition 7.9 or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (b) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6.3.

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.

7.5.2 *Inflation Linked Notes:*

- (a) If the relevant Final Terms provide that this Condition 7.5.2 shall apply in respect of Inflation Linked Notes, the Early Redemption Amount in respect of such Notes will be determined by the Calculation Agent on the following basis:

Early Redemption Amount = IIR x nominal amount of the Notes

"IIR" being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (b) If the Inflation Linked Notes (whether or not this Condition 7.5.2 applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 6.2.4 above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

7.5.3 *Other Notes:*

The Early Redemption Amount payable in respect of any Note (other than Notes described in 7.5.1 and 7.5.2 above), upon redemption of such Note pursuant to Condition 7.6 or Condition 7.9, or upon it becoming due and payable as provided in Condition 10 shall be the Final Redemption Amount together with interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

7.6 **Redemption for taxation reasons:**

7.6.1 If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 9 below, and such obligation cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest), provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding or deduction for such French taxes.

7.6.2 If the Issuer would, on the next payment of principal or interest in respect of the Notes or Coupons, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 9 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable date on which the Issuer could make payment of principal and/or interest without withholding or deduction for French taxes or, if such date is past, as soon as practicable thereafter.

7.7 **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, in accordance with applicable laws and regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-0-1 of the Code for the purpose of enhancing the liquidity of the Notes, or cancelled in accordance with Condition 7.8.

7.8 **Cancellation:** All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be

cancelled (i) in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France, or (ii) in the case of Materialised Bearer Notes, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7.9 **Illegality:** If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

8. **Payments and Talons**

8.1 **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Bearer Notes or Dematerialised Administered Registered Notes, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders or (ii) in the case of Dematerialised Fully Registered Notes, to an account denominated in the relevant currency with a bank designated by the Noteholders. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

8.2 **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 8.6.5) or Coupons (in the case of interest, save as specified in Condition 8.6.5), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with a bank in the Principal Financial Centre for such currency or, in the case of Euro, in a city where banks have access to the TARGET 2 System.

8.3 **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

8.4 **Payments subject to fiscal laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 9. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

8.5 **Appointment of agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed at the end of the Base Prospectus. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent and the Consolidation Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal

Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Fully Registered Notes, a Registration Agent, (v) Paying Agents having specified offices in at least one major European city (which shall be Paris so long as the Notes are admitted to trading on Euronext Paris) and (vi) such other agents as may be required by any other Regulated Market on which the Notes are listed and/or admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph 8.3 above.

On a redenomination of the Notes of any Series pursuant to Condition 2.4 with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

8.6 **Unmatured Coupons and unexchanged Talons:**

8.6.1 Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 11).

8.6.2 If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Notes, unexpired Coupons relating to such Notes (whether or not attached) shall become void and no payment shall be made in respect of them.

8.6.3 Upon the due date for redemption of any Materialised Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

8.6.4 Where any Materialised Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any such Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

8.6.5 If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be (including, for the avoidance of doubt, any arrears of interest if applicable), shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Note.

8.7 **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to

Condition 11), provided that, in respect of Notes admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as the case may be, in Paris.

- 8.8 **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a Payment Business Day, the Noteholder shall not be entitled to payment until the next following Payment Business Day nor to any interest or other sum in respect of such postponed payment.
- 8.9 **Payment of US Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US dollars on the due date at the US Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 10.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 8.9 by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

9. **Taxation**

- 9.1 **Withholding tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

- 9.2 **Additional amounts:** Should French law require that payments of principal, interest or other revenues in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:

9.2.1 *Other connection:* to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with France other than the mere holding of the Note or Coupon; or

9.2.2 *Presentation more than thirty (30) calendar days after the Relevant Date:* in the case of Materialised Notes, more than thirty (30) calendar days after the Relevant Date.

10. **Events of Default**

The Representative (as defined under Condition 12), upon request of any Noteholder, may, after written notice to the Issuer and the Fiscal Agent has been given and unless all defaults shall have been remedied, cause all the Notes held by such Noteholder to become immediately due and payable, whereupon such Notes shall become immediately due and payable at their Early Redemption Amount, without any other formality, if any of the following events (each an "**Event of Default**") occurs:

- 10.1 the Issuer is in default for a period of fifteen (15) calendar days or more for the payment of any amount on the Notes, when and as the same becomes due and payable; or

- 10.2 the Issuer is in default in the due performance of any of its other obligations under the Notes, unless remedied within thirty (30) calendar days after receipt by the Issuer of written notice of such default given by a Noteholder; or
- 10.3 as a result of the Issuer and/or any of its Principal Subsidiaries being in default in the due and punctual payment of the principal of, or premium or interest on, any indebtedness for borrowed monies of or assumed or guaranteed by it when and as the same becomes due and payable and giving effect to any applicable grace periods, there is an acceleration of any such indebtedness or guarantee, provided that the aggregate amount of the relevant indebtedness for borrowed money in respect of which any one or more of the events mentioned in this sub-paragraph 10.3 has or have occurred equals or exceeds Euro 50,000,000 (or its equivalent in any other currency); or
- 10.4 the Issuer or any of its Principal Subsidiaries makes any proposal for a general moratorium in relation to its debt or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise à la suite d'un plan de cession*) of the Issuer or any of its Principal Subsidiaries or, to the extent permitted by applicable law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings (unless such proceeding - including for judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) - is frivolous or vexatious and is discharged, stayed or dismissed within ninety (90) days of commencement) or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors or the Issuer or any of its Principal Subsidiaries is wound up or dissolved; or
- 10.5 any Principal Subsidiary not established in France of the Issuer is adjudicated or found bankrupt or insolvent or stops or threatens to stop payment or is found unable to pay its debts or any order is made by any competent court or administrative agency for, or a resolution is passed by it for, judicial composition proceedings with its creditors or for the appointment of a receiver or trustee or other similar official in insolvency proceedings in relation to it or any event occurs which under the law of any relevant jurisdiction has an analogous or equivalent effect; or
- 10.6 the Issuer and/or any of its Principal Subsidiaries sells or otherwise disposes of all or substantially all of its assets or ceases or threatens to cease to carry on the whole of its business or substantially the whole of its business or an order is made or an effective resolution passed for its winding-up, dissolution or liquidation, unless such winding-up, dissolution, liquidation, cessation or disposal is made in connection with a merger, consolidation, reconstruction, amalgamation or other form of combination (a "**Restructuring**") with or to, any other corporation and (i) in the case of the Issuer, its liabilities under the Notes are transferred to and assumed by such other corporation and the credit rating assigned by any of S&P or Moody's (or other rating agency) to the long-term, unsecured and unsubordinated indebtedness of the surviving entity following such Restructuring is not less than the credit rating assigned by any such credit rating agency to the long-term, unsecured and unsubordinated indebtedness of the Issuer immediately prior to the effective date of such Restructuring, or (ii) in the case of any Principal Subsidiary, the undertaking and assets of such Principal Subsidiary are vested in the Issuer or another of its Principal Subsidiaries.

11. **Prescription**

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

12. **Representation of Noteholders**

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *Masse* (the "**Masse**") which will be governed by the provisions of articles L.228-46 *et seq.* of the French *Code de commerce* as amended by this Condition 12.

12.1 **Legal Personality**

The *Masse* will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes.

12.2 **Representative**

The names and addresses of the initial Representative and its alternate, if any, will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the single Representative of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties, as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, dissolution, retirement, resignation or revocation of the Representative, such Representative will be replaced by its alternate, if any, or another Representative may be appointed. Collective Decisions in relation to the appointment or replacement of the Representative shall be published in accordance with Condition 12.8.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative, if any, at the registered office of the Issuer.

12.3 **Powers of the Representative**

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

12.4 **Collective Decisions**

Collective Decisions are adopted either (i) in a general meeting (the "**General Meeting**") or (ii) by unanimous consent of the Noteholders following a written consultation (the "**Written Unanimous Resolutions**", as further described in Condition 12.4.2 below), or (iii) by consent of one or more Noteholders holding together at least ninety (90) per cent. of the principal amount of the Notes outstanding, following a written consultation (the "**Written Majority Resolutions**", as further described in Condition 12.4.2 below and together with the Written Unanimous Resolutions, the "**Written Resolutions**").

In accordance with Article R.228-71 of the French Commercial Code (*Code de commerce*), the rights of each Noteholder to participate in Collective Decisions will be evidenced by entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 12.8.

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

12.4.1 **General Meetings**

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes cast by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 12.8 not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or by visioconference.

Each Noteholder or Representative thereof will have the right, during the fifteen (15) calendar day period on the first convocation and five (5) calendar day period on the second convocation preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting.

The General Meeting is chaired by the Representative. In the event of the absence of a representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French *Code de commerce*, designate a provisional chairman until a new Representative has been appointed.

12.4.2 Written Resolutions and Electronic Consent

Pursuant to Article L. 228-46-1 of the French *Code de commerce* the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders by way of a Written Unanimous Resolution or a Written Majority Resolution.

(a) Written Unanimous Resolution

Written Unanimous Resolutions shall be signed by or on behalf of all Noteholders and shall not have to comply with formalities and time limits referred to in Condition 12.4.1. Pursuant to Articles L. 228-46-1 and R. 225-97 of the French *Code de commerce*, approval of a Written Unanimous Resolution may also be given by way of electronic communication allowing the identification of Noteholders ("**Electronic Consent**"). Any Written Unanimous Resolution shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Unanimous Resolution may be contained in one document, or in several documents in like form each signed by or on behalf of one or more of such Noteholders, and shall be published in accordance with Condition 12.8.

(b) Written Majority Resolution

Notices seeking the approval of a Written Majority Resolution, which shall include the text of the proposed resolutions together with any report thereon, will be published as provided under Condition 12.4.1 no less than fifteen (15) calendar days prior to the date fixed for the passing of such Written Majority Resolution (the "**Written Majority Resolution Date**"). Notices seeking the approval of a Written Majority Resolution will contain the conditions of form and time limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Majority Resolution. Noteholders expressing their approval or rejection before the Written Majority Resolution Date will undertake not to dispose of their Notes until after the Written Majority Resolution Date.

Written Majority Resolutions shall be signed by one or more Noteholders holding together at least ninety (90) per cent. of the nominal amount of the Notes outstanding. Approval of a Written Majority Resolution may also be given by Electronic Consent. Any Written Majority Resolution shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Majority Resolution may be contained in one document, or in several documents in like form each signed by or on behalf of one or more of such Noteholders, and shall be published in accordance with Condition 12.8.

12.5 Expenses

The Issuer shall pay all expenses relating to the operations of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

12.6 **Single Masse**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defense of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche or Series of Notes will be the single Representative of all such Series.

12.7 **Sole Noteholder**

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*. The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

12.8 **Notices to Noteholders**

Any notice to be given to Noteholders in accordance with this Condition 12 shall be published on the website of Veolia Environnement (<http://www.finance.veolia.com>) and,

- (i) in the case of the holders of Notes in registered form (*au nominatif*), mailed to them at their respective addresses, in which case they shall be deemed to have been given on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing; or
- (ii) in the case of the holders of Notes in bearer form (*au porteur*), given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared.

Any decision to proceed with a transaction, notwithstanding the failure to obtain Noteholders' approval, as contemplated by article L.228-72 of the French *Code de commerce* will be notified to Noteholders in accordance with this Condition 12.8. Any Noteholder will then have the right to request redemption of its Notes at par within thirty (30) days of the date of notification, in which case the Issuer shall redeem such Noteholder within thirty (30) days of the Noteholder's request for redemption.

If a merger or a spin-off is contemplated by the Issuer, the Issuer will have the option to submit the proposal for approval by a Collective Decision of the *Masse* or to offer redemption at the Early Redemption Amount to Noteholders pursuant to articles L. 228-73, L. 236-13 and L. 236-18 of the French *Code de commerce*. Such redemption offer shall be notified to Noteholders in accordance with this Condition 12.8. If the *Masse* does not approve the merger or spin-off proposal, any decision to proceed with the transaction will be notified to Noteholders in accordance with this Condition 12.8.

12.9 **Outstanding Notes**

For the avoidance of doubt, in this Condition 12, the term "**outstanding**" shall not include those Notes purchased by the Issuer, or on its behalf, or by any of its subsidiaries pursuant to applicable laws and regulations.

13. **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws and regulations, and regulations of the Regulated Market on which the Notes are listed and/or admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for such purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed

Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. Further issues and consolidation

14.1 **Further issues:** The Issuer may, without the consent of the Noteholders or Couponholders create and issue further Notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof, the issue date and the first payment of interest specified in the relevant Final Terms) and that the terms of such further Notes provide for such assimilation, and references in these Conditions to "Notes" shall be construed accordingly.

14.2 **Consolidation:** The Issuer, with the prior approval of the Consolidation Agent, may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. Notices

15.1 Notices to the holders of Dematerialised Registered Notes shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) in a leading daily newspaper with general circulation in Europe (which is expected to be the Financial Times) or (b) in accordance with Articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF or (c) so long as such Notes are admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) and, so long as such Notes are listed and/or admitted to trading on any other Regulated Market and the rules of, or applicable to, such Regulated Market so require, in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

15.2 Notices to the holders of Materialised Bearer Notes and Dematerialised Bearer Notes shall be valid if published (i) in a daily leading newspaper with general circulation in Europe (which is expected to be the Financial Times) or (ii) in accordance with Articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF or (iii) so long as such Notes are admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) and so long as such Notes are listed and/or admitted to trading on any other Regulated Market, in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

15.3 If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Bearer Notes in accordance with this Condition.

15.4 Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream or any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 15.1 and 15.2 above; except that (i) so long as such Notes are admitted to trading on Euronext Paris, notices shall be published in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*) or in accordance with Articles 221-3 and 221-4 of the general regulations (*règlement général*) of the AMF, and

(ii) so long as the Notes are listed and/or admitted to trading on any Regulated Market and the rules of, or applicable to, such Regulated Market so require, notices shall be published in a leading daily newspaper of general circulation in the city where the Regulated Market on which such Notes are listed and/or admitted to trading is located, or by any such other method permitted by such Regulated Market.

15.5 For the avoidance of doubt, this Condition 15 does not apply to any notice given to Noteholders pursuant to Condition 12.

16. **Method of publication of the prospectus and the Final Terms**

So long as any Notes issued under this Base Prospectus remain listed and/or admitted to trading on any Regulated Market, this Base Prospectus and the Final Terms related to Notes listed and/or admitted to trading on any Regulated Market will be published on the websites of the AMF (www.amf-france.org) and Veolia Environnement (www.finance.veolia.com).

In addition, should the Notes be listed and/or admitted to trading on a Regulated Market other than Euronext Paris, the Final Terms related to those Notes will provide whether this Base Prospectus and the relevant Final Terms will be published on the website of (x) such Regulated Market or (y) the competent authority of the Member State in the EEA where such Regulated Market is situated.

17. **Governing law and jurisdiction**

17.1 **Governing law:** The Notes (and, where applicable, Coupons and Talons) and any non contractual obligations arising out or in connection with the Notes are governed by, and shall be construed in accordance with, French law.

17.2 **Jurisdiction:** Any claim against the Issuer in connection with any Notes, Coupons or Talons may be brought before any competent court in Paris.

TEMPORARY GLOBAL CERTIFICATES IN RESPECT OF MATERIALISED BEARER NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depository for Euroclear and Clearstream (the "**Common Depository**"), Euroclear or Clearstream will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depository may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Summary—Selling Restrictions"), in whole, but not in part, for Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part, for Definitive Materialised Bearer Notes upon certification as to non-US beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents).

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Bearer Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (or its designated agent). In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes.

In this Base Prospectus, "**Definitive Materialised Bearer Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal requirements and requirements of the Regulated Market. Forms of such Definitive Materialised Bearer Notes shall be available at the specified offices of the designated Paying Agent(s).

Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Certificate, the calendar day next succeeding the calendar day that is forty (40) calendar days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such calendar day pursuant to Condition 13, the Exchange Date for such Temporary Global Certificate shall be postponed to the calendar day falling after the expiry of forty (40) calendar days after the issue of such further Materialised Notes.

TAXATION

The statements below regarding taxation are a summary of certain withholding tax considerations relating to the holding of the Notes. This summary is based on law in force at the date of this Base Prospectus and is subject to any subsequent changes in law and/or interpretation thereof (which could be made on a retrospective basis). This summary is for general information only. It does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the tax consequences of their ownership of the Notes.

French taxation

Withholding taxes on payments made outside France

The statements below are a summary of certain withholding tax consequences in relation to the holding of the Notes that may be relevant to Noteholders who are not shareholders of the Issuer.

Notes which are not assimilated ("assimilables" for the purpose of French law) with notes issued before 1 March 2010

Payments of interest and other revenues made by the Issuer with respect to Notes (other than Notes which are assimilated ("*assimilables*" for the purpose of French law) and form a single series with notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**") other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A.

If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and potentially to the provisions of an applicable tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes may not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of (i) 12.8 per cent. for payments benefiting individuals who are not French tax residents, (ii) 30 per cent. for payments benefiting corporate or other legal entities who are not French tax residents (to be aligned on the standard corporate income tax rate set forth in Article 219-I of the French *Code général des impôts* for fiscal years beginning as from 1 January 2020) or (iii) 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject, in any case, to certain exceptions and potentially to the provisions of an applicable tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest and other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 no. 550 and no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and no. 80 and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State which is not a Non-Cooperative State. For this purpose, an "**equivalent offer**" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or

- (ii) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are assimilated ("assimilables" for the purpose of French law) with notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are assimilated ("*assimilables*" for the purpose of French law) and form a single series with notes issued before 1 March 2010 with the benefit of Article 131 *quater* of the French *Code général des impôts* will be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting obligations under French law, or *titres de créances négociables* within the meaning of the *Bulletin Officiel des Finances Publiques-Impôts* BOI-RPPM-RCM-30-10-30-30-20140211 no. 50, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with the aforementioned *Bulletin Officiel des Finances Publiques-Impôts*.

In addition, interest and other revenues paid by the Issuer on Notes and which are to be assimilated (*assimilables* for the purpose of French law) and form a single series with notes issued before 1 March 2010 will not be subject to the Deductibility Exclusion and hence will not be subject to the withholding tax set out in Article 119 *bis* 2 of the French *Code général des impôts* solely on account of their being paid to an account held with a financial institution established in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Withholding taxes on payments made to individuals fiscally domiciled in France

Where the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French *Code général des impôts*, subject to certain exceptions, interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at an aggregate rate of 17.2 per cent. on such interest and other similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

All prospective Noteholders should seek independent advice as to their tax positions.

SUBSCRIPTION AND SALE OF THE NOTES

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 25 June 2019 (as amended or supplemented as at the issue date, the "**Dealer Agreement**") between Veolia Environnement, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis to the permanent dealers (the "**Permanent Dealers**"). However, Veolia Environnement has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (together with the Permanent Dealers, the "**Dealers**"). The Notes may also be sold by the Issuer through the Dealers, acting as agents for the Issuer.

Veolia Environnement will pay each relevant Dealer the commission agreed between them in respect of the Notes subscribed by such Dealer. Veolia Environnement has agreed to reimburse Société Générale as arranger (the "**Arranger**") for certain of its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme.

Veolia Environnement has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

FORM OF FINAL TERMS

[MiFID II PRODUCT GOVERNANCE / [RETAIL INVESTORS,]PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES [ONLY]TARGET MARKET – Solely for the purposes of [the/each] manufacturer[’s/s’] product approval process, the target market assessment in respect of the Notes taking into account the five categories referred to in item 18 of the Guidelines published by European Securities and Markets Authority ("**ESMA**") on 5 February 2018 has led to the conclusion that: (i) the target market for the Notes is eligible counterparties[./ and] professional clients[only/ and retail clients], each as defined in Directive 2014/65/EU on markets in financial instruments, as amended ("**MiFID II**") EITHER [and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate[, including investment advice, portfolio management, non-advised sales and pure execution services]] OR [(ii) all channels for distribution [; and (iii) the following channels for distribution of the Notes to retail clients are appropriate – investment advice] portfolio management[./ and][non-advised sales][and pure execution services][, subject to the distributor’s suitability and appropriateness obligations under MiFID II, as applicable]]. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]¹

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of [Directive 2014/65/EU on markets in financial instruments (as amended, "**MiFID II**")]/[MiFID II]; or (ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC, as amended or superseded (the "**Prospectus Directive**"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]²

B.4b	Trends	<p>Pressure on natural resources is increasing as demand rises in a world that has a growing population, is becoming more urbanized and is facing pollution and climate change. Humankind must completely rethink its relationship with resources and come up with a new model of economic and social development that is more efficient, balanced and sustainable.</p> <p>The 21st century is therefore seeing a radical change in the role played by cities in the global economy, where growth, prosperity and social welfare have become priority issues. Faced with growing international competition and increasingly stringent environmental regulations, industrial companies are finding that they need support to be more competitive and implement their growth strategies.</p> <p>Against this backdrop, demand for environmental services that provide significant added value is increasing and can be seen in the many growth opportunities opening up around the world. Veolia offers expert, innovative solutions that enable it to position itself as a "value creator". The Group's growth is founded on a sustainable value creation momentum, with offerings that help clients reduce their environmental footprint and integrate climate change challenges.</p>

Nestlé and Veolia join forces to tackle plastics leakage into the environment and develop recycling schemes

Nestlé and Veolia, the world's leading resource management company, today announced their collaboration to work on waste collection, sorting and recycling of plastic material, with an emphasis on flexible plastic packaging. Projects will focus on eleven priority countries across Asia, Africa, Latin America and Europe.

The partnership will also explore technologies to establish viable models of recycling in different countries. This includes chemical recycling technologies like pyrolysis, which is capable to produce virgin quality plastic. These technologies will help Nestlé to increase the recycled content of its bottled water packaging to 35% and its overall product packaging to 15% by 2025.

Magdi Batato, Executive Vice President, Head of Operations, Nestlé, said: "Plastic waste is a challenge that requires an ecosystem of solutions all working simultaneously. This partnership is another specific step to accelerate our efforts in addressing the critical issue of plastic waste. Leveraging on Veolia's technology and expertise, we will start with pilot projects in multiple countries, with the intention of scaling these up globally."

Laurent Auguste, Senior Executive Vice-President for Development, Innovation and Markets, Veolia, said: "I am very pleased and welcome the opportunity of this partnership with a global F&B leader like Nestlé, in the quest for a more circular economy of plastics. Our expertise in resource recovery and recycling has positioned us to tackle this issue with global brands and other value-chain actors, across all continents. General Shareholders Meeting of April 18, 2019

The Veolia group is giving itself a Purpose

At its Combined Shareholders' Meeting, the Veolia group officially gave itself a Purpose. The Group's Purpose was drawn up in consultation with its various stakeholders and approved by the Board of Directors, and articulates why Veolia exists and what it does and how, for the benefit of all its stakeholders. This Purpose, which is the fruit of more than 160 years of history, is in line with Veolia's "Resourcing the World" mission statement.

The Purpose states the fundamental way in which Veolia will act. It is both the direction in which the Group is heading and a means to show the extent of its ambition and to give its actions a firmer long-term foundation. All Veolia's stakeholders are being informed of its Purpose – whether employees, customers, suppliers, shareholders, partners or the territories where it operates – so that they know what it means and can contribute to its practical application.

Antoine Frérot, Chairman and Chief Executive Officer of Veolia, said: *"At a time when many people oppose the actions of businesses and dispute their contribution to society as a whole, I think it is necessary to recall their usefulness, starting with that of Veolia. The more our business demonstrates that it is working for all its stakeholders, the more it will be accepted and recognized."* He added: *"Our business prospers because it is useful, not the other way round. Its usefulness is the source of its attractiveness for its customers and it is its usefulness which keeps its employees committed and which is the foundation of the loyalty of its shareholders, customers and partners."*

Moreover, the Combined Shareholders' General Meeting of Veolia Environnement took place at the Maison de la Mutualité in Paris, on Thursday, April 18, 2019, under the chairmanship of Mr. Antoine Frérot, Chairman and Chief Executive Officer of the Company. (UNAUDITED DATA – AUDIT IN PROCESS)

Antoine Frérot, Veolia's Chairman and CEO indicated: *"We have accomplished a very good start of the year. The Group has continued to enjoy a sustained progression of activity, despite an unfavorable weather for our heating business, supported by good commercial momentum in all geographies, particularly in the new high value activities we have developed, such as hazardous waste, plastic recycling or industrial utilities and onsite services.*

Results also progressed at a very good rhythm, driven by sales growth and by cost reduction efforts. The performance accomplished in the first quarter allows us to be very confident in the achievement of our full year objectives: 2019, the last year of our 2016-2019 strategic plan should be another very satisfactory year".

¹ Variation vs. 1Q2018 restated for IFRS5 and at constant forex. At current exchange rates, revenue rose by 5.4%

² Variation vs. 1Q2018 restated for IFRS5, at constant forex and excluding IFRS16 impact. At current exchange rates EBITDA grew by 4%, and Current EBIT by 4.6%

³ Variation vs. 1Q2018 restated for IFRS5 and at constant forex. At current exchange rates, Current net profit attributable to group was up 7%, and up 13.8% excluding capital gains

- **Group consolidated revenue increased by +4.8% at constant exchange rates (+5.4% at current exchange rates) to €6,785 million, vs. €6,438 million in Q1, 2018 restated, and by +6.0% excluding weather impact.**

Revenue has continued to grow strongly, like in previous quarters, supported by commercial wins, good volumes in Waste (+2.6%) but also in Water, and by enhanced tariff increases (+€90M, or +1.4%, vs. +€47M impact in 1Q2018)

Exchange rate variations had a small favorable impact of €39 million (+0.6%).

High energy prices had an overall positive impact of +€53M (+0.8%), whereas the decline in recycled paper prices had a quasi-neutral impact (-€7 million, -0.1%). The very mild weather in Q1 has on the other hand weighed negatively on sales for an amount of -€77M (-1.2%).

At constant scope and exchange rates, growth stood at 3.5%.

The strong revenue growth was the result of increases in each of the geographic zones with the following breakdown (at constant forex):

- In France, activity was up +2.8% at €1,347 million. Water had a moderate growth (+0.6%) thanks to better price indexations (+1.2% vs. +0.6% in Q1 2018) and an increase in volumes of +1.1%. In Waste, activity was up by 5.4% thanks to good volumes (+1.9%), and enhanced service price increases (+2.3%) particularly in C&I.
- Europe excluding France grew by +4.7% to €2,572 million. The UK was up 5.6% thanks to strong waste volumes and a continued good commercial dynamic. Central Europe progressed by 4.6%, boosted by higher energy prices and increase in water volumes, partially offset by lower energy volumes sold due to the very mild winter (negative impact of -€47M). Northern Europe grew by 2.7% with waste volumes up +2.9%, notably in Germany, but unfavorable weather (negative impact of -€13M). Rest of Northern Europe grew by 9% with a positive scope effect in Belgium and strong plastic recycling in the Netherlands. Southern Europe rose by 8.5%, thanks to commercial wins in energy efficiency.
- Rest of the World once again posted the strongest growth in revenues, +6.6% to €1,758 million. All countries showed strong growth, except North America with lower district heating activity due to the mild winter and the remaining negative scope effect from the divestiture of Industrial Services beginning of 2018. Asia grew by 7.1%, in particular China +10.9% and Japan +5%. Latin America grew by 29.2% due to the integration of Grupo Sala and significant price increases. The Pacific zone showed an increase of 8.9%, with good waste volumes and the restart of the Sydney desalination plant. Africa Middle East recorded a progression of +2.9%.
- Global Businesses were up 4.7% to €1,102 million: continuation of solid growth in Hazardous Waste (+8.9%) and improved construction (+2.9%) thanks to SADE, up 8.5%, while Veolia Water Technologies' revenue was down 2.3%.
- By activity, at constant exchange rates, Water was up 2.7%, Waste by 5.0% and Energy by 2.5%.

- **EBITDA improved by +4.0% at current exchange rates and +3.8% at constant exchange rates to €1,031 million vs. €992 million in Q1, 2018 restated.**

Excluding IFRS16 impact (€111 million in 1Q2019, like in 1Q2018), EBITDA growth at constant forex vs. 1Q2018 restated was +4.2%, and +6.9% excluding weather.

EBITDA growth benefited from:

- Sustained revenue growth (commerce and volume impact on EBITDA amounted to €20 million, while scope added €10 million)
- Cost savings of €60 million
- Unfavorable weather for -€24 million
- A reduced price cost squeeze thanks to improved price indexation (-€21 million vs. -€28 million in Q1 2018.)
- A small negative impact of energy and recycled materials prices (-€8 million)

- **Current EBIT increased by +4.6% at current exchange rates, and +4.6% at constant exchange rates to €484 million vs. €462 million in Q1 2018 restated.**
 - Current EBIT growth is the result of the increase in EBITDA, minored by increased D&A resulting from higher capex and a lower contribution from equity-accounted joint ventures and associates due to a €16 million non-recurring capital gain registered in 1Q 2018.

- **Current net income - Group share was €209 million vs. €196 million in Q1 2018 restated, up 7% at current exchange rates. Excluding capital gains, the growth rate was +13.8%.**
 - Cost of financing amounted to -€113 million, vs. -€96 million in Q1 2018 restated, temporarily penalized by the €5 million carrying cost of the €750 million bond issued early January 2019, in anticipation of the April 2019 bond redemption.
 - Net financial capital gains were +€18 million vs. +€37 million in Q1 2018 restated
 - Tax rate was 24%
 - Non-controlling interests decreased slightly to €62 million vs. €64 million

- **Net Financial Debt amounted to €11,962 million, down vs. €11,457 million in March 31, 2018 restated.**
 - It included an increase in industrial investments of €82 million to €516 million, with higher maintenance capex this quarter and an increase in discretionary investments by €53 million. Excluding IFRS 16 impact (€97 million in 1Q2019), capex are expected to reach €1.9bn for the full year. Net financial debt is up by €505 million year on year, due to unfavorable exchange rates (€200 million) and net financial acquisitions. Net financial debt is expected significantly below €12 billion at year end 2019 (before the potential divestiture of the DHN activity in the US)

- **2019 outlook***
 - Continuation of Revenue growth
 - Cost savings of at least €220 million
 - EBITDA between €3.5 billion and €3.6 billion and between €3.9 billion and €4.0 billion including IFRS16 impacts
- **Dividend growth in line with that of current net income**

** At constant exchange rates (based on rates at the end of 2018)*

- **Positive outcome of the US tax litigation**

As a result of the reorganization in 2006 of the former US. Filter (acquired in 1999), Veolia, through its subsidiary VENA0, sought a tax deduction pursuant to the "Worthless Stock Deduction" (WSD) provisions under US tax law. Related tax losses totaled USD 4.5 billion (tax base) as of December 31, 2006. Following a long tax audit, the IRS issued a revenue agent's report on November 6, 2018, rejecting the worthless stock deduction and seeking penalties. Veolia filed a detailed protest on December 21, 2018, in which it refuted the merits of the IRS's arguments.

The IRS has recently informed Veolia that it will not pursue a challenge of the Worthless Stock Deduction, and has provided a revised revenue agent's report reflecting that decision on April 30 2019.

Consequently, the USD 764 million in tax already recognised in the accounts is no longer being challenged by the IRS. In addition, tax losses not yet recognised, i.e. a potential positive tax impact of up to USD 460 million in tax, may be progressively recognized if and to the extent the Group generates sufficient U.S. taxable income in the future to utilize these losses before they expire in 2026.

GABON

On February 18, 2019, Gabon and Veolia Africa signed a settlement agreement providing for the transfer of 51% of SEEG shares held by Veolia Africa to the Société de Patrimoine du Service public de l'eau potable, de l'énergie électrique et de l'assainissement, a company owned by Gabon, for a price of €45 million. Subject to the fulfillment of conditions precedent and the signature of the protocol by the SEEG, Gabon and the Group shall request the discontinuance of the pending proceeding before the ICSID and shall mutually and definitively release all claims and actions arising from the concession agreement terminated by Gabon.

On March 29, 2019, the ICSID noted the end of the arbitration proceeding between the Group and Gabon, enabling the implementation of the settlement agreement.

As of March 31, 2019, a portion of the transfer price has been paid for the SEEG shares for an amount of €4.5 million. The remaining €40.5 million is payable in six equal monthly installments from the month of May this year.

LITHUANIA

The Lithuanian operations were consolidated as discontinued operations (Vilnius contract) / held for sale (Litesko contract) in the 31 December 2018 accounts. The most recent exchanges during the first quarter of 2019 did not make it possible to implement a process involving the sale of these businesses. As a result, as at 31 March 2019, Litesko's assets and liabilities and the income statement of Vilnius and Litesko were reclassified as continued operations. This reclassification was the subject of a publication of restated financial statements in March 2018 in order to ensure comparability between periods.

CHANGE IN LEASE STANDARD

The Group applies the new lease standard, IFRS 16, with effect from January 1, 2019. The standard is applied using the full retrospective method (recalculation of the asset and the debt as if the standard had been applied from inception of the lease).

The adjustments resulting from the application of this standard in the income statement are significant, with an increase in EBITDA due to the cancellation of the lease expense, offset by an increase in depreciation in current EBIT and in interest (see Appendix, first quarter 2018 pro forma impact).

 - in water, tariff increases mostly in Bulgaria and Romania, and good volumes (+3%);
 - in Northern Europe, revenue increased +2.7% at constant exchange rates compared to the re-presented prior-year period, to €717.0 million. Germany, the main contributor (€493.8 million),

benefited from strong growth in waste volumes (+3.5%), offset by an unfavorable weather impact in energy (-€13 million). Tuck-in activities (industrial services in Belgium and plastic recycling in the Netherlands) also contributed to revenue growth in the zone.

- in the United Kingdom/Ireland, revenue increased +5.6% at constant exchange rates to €562.1 million, due to numerous commercial wins and good volumes in waste with limited impact of recycled paper prices;
- Strong growth in the **Rest of the world** of +6.6% at constant exchange rates compared with re-presented figures for the three months ended March 31, 2018:
 - strong revenue growth in Latin America (+29.2% at constant exchange rates): tariff increases and acquisition of Grupo Sala in Colombia in 2018;
 - revenue in Asia increased by +7.1% at constant exchange rates. The area benefits from a strong revenue growth in China +10.9% mainly due to the waste business (hazardous waste incinerators, landfills in Hong Kong and WEEE recycling) and higher heating sales (Harbin). Japan grew by +5% at constant exchange rates, mostly due to commercial gains in municipal water and positively contributed to the strong development of the zone.
 - revenue fell -1.4% at constant exchange rates to €539.2 million in North America, mainly due to the sale of the Industrial Services division in Q1 2018 (-€11 million) and a fall in energy revenue (weather impact of -€18 million, with lower volumes due to a mild winter), partially offset by favorable commercial impacts in energy, and increased activity in water (contract wins and higher tariffs) and in waste (increasing volumes in hazardous waste);
 - the Pacific zone recorded +8.9% growth at constant exchange rates for the three months ended March 31, 2019, due to good waste volumes and in water activity, the restart of the Sydney desalination plant;
 - in Africa/Middle East, revenue increased +2.9% at constant exchange rates, with a growth fueled by new energy services contracts in the Middle East.
- **Global businesses:** revenue increased 4.7% at constant exchange rates versus the re-presented prior-year period:

 - Construction activities are up by +2.9% at constant exchange rates. Veolia Water Technologies backlog increased by +14% compared to December 31, 2018 to €2,019 million due to the signing of two contracts of desalination plant construction projects representing a cumulative revenue of €283 million. With an 8.5% increase in its revenue for the three month ended March 31, 2019 SADE benefits from a strong level of activity, especially in France.

The increase in revenue between 2018 and 2019 breaks down by main impact as follows:

The **foreign exchange impact** totaled +€39.4 million (+0.6% of revenue) and mainly reflects fluctuations in the US dollar (+€48.2 million), the pound sterling (+€16.0 million), the Japanese yen (+€7.8 million), the Argentine peso (-€33.2 million) and the Polish zloty (-€10.4 million).

The **consolidation scope impact** of +€85 million mainly relates to:

- developments in 2018: integration of Grupo Sala in Colombia (+€32 million), PPC industrial assets in Slovakia (+€16 million) and HCl in Belgium (+€13 million) and divestiture of the Industrial Services division in the United States in February 2018 (-€11 million);
- 2019 transactions, including the acquisitions of Levice in Slovakia and Renscimento in Portugal.

Energy and recyclate prices (+€46 million) are linked to higher energy tariffs (+€53 million) in Europe (+€64 million due to sales in heat and electricity in Central Europe and Germany, higher electricity prices in the United Kingdom), offset by an unfavorable price effect in North America (-€13 million: lower electricity and natural gas prices) and a limited impact of lower recycled material prices in France, the United Kingdom and Germany (-€7 million compared to -€20 million for the three month ended March 31, 2018).

The **weather impact** is -€77 million (vs +€17 million in Q1 2018) and is particularly unfavorable in Central Europe (-€47 million), Germany (-€13 million) and North America (-€18 million).

Commercial momentum improved significantly (Commerce/Volumes impact) to +€172 million (compared to +€195 million in Q1 2018):

- o volume increase of +€92 million, in line with sustained volume growth in waste (+2.6%) and water (+1.1% in France, +3% in Central Europe);
- o a commercial impact of +€60 million, thanks to industrial and municipal contract wins in Waste in the United Kingdom, in water in Asia (particularly in Japan), and in hazardous waste and energy services in the Middle East;
- o construction activities contributed €20 million (€76 million in Q1 2018)
- Favorable price effects (+€90 million) are tied to tariff increases in waste (+2.7% notably in France, the United Kingdom, and Latin America) and in hazardous waste activities, and benefit from positive tariff indexations in Water (in France, Central Europe and Latin America).

By business, the increase in revenue breaks down as follows:

- a negative weather impact (i.e. -4%), particularly in Central Europe;

EBITDA

Group consolidated EBITDA for the three months ended March 31, 2019 was €1,030.8 million, up 4.2% at constant exchange rates and excluding IFRS 16 impact (amount stable for Q1 2019 : +€111 million) compared with re-presented figures for Q1 2018.

The increase in EBITDA between 2018 and 2019 breaks down by main impact as follows:

The **foreign exchange impact** on EBITDA was +€2.3 million and mainly reflects fluctuations in the US dollar (+€5.5 million), the pound sterling (+€2.6 million), the Japanese yen (+€0.7 million), the Argentine peso (-€4.0 million) and the Polish zloty (-€2.7 million).

The **consolidation scope impact** of +€10 million mainly relates to developments in 2019 and notably the integration of Levice industrial assets and Renascimento assets in Portugal, as well as the acquisitions of 2018 in Colombia (Grupo Sala), Slovakia (PPC), the disposal of ScvK and the contract evolution in North Bohemia.

Commerce and volume impacts totaled +€20 million, thanks to continued strong waste volumes and overall commercial dynamism.

The **weather impact** on EBITDA was highly unfavorable (-€24 million compared to +€3 million in the three month ended March 31, 2018), particularly in Central Europe (-€20 million), in Germany (-€4 million) and in North America (-€5 million). Weather effect was slightly favorable in China (+€5 million).

Energy and recyclate prices had a negative impact on EBITDA (-€8 million compared to -€13 million in the three month ended March 31, 2018): -€6 million in energy and a lower recycled paper prices (-€2 million).

Price cost squeeze impact improved, from -€28 million at March 31, 2018 to -€21 million, thanks to higher tariff indexation in water and waste.

Cost savings plans contributed €60 million, slightly ahead of the €220 million annual objective. These savings mainly concern operating efficiency (53%) and purchasing (28%) and were achieved across all geographical zones: France (25%), Europe excluding France (26%), Rest of the world (29%), Global businesses (9%) and Corporate (11%).

CURRENT EBIT

Group consolidated current EBIT for the three months ended March 31, 2019 was €483.7 million, up 4.6% at constant exchange rates on the three months ended March 31, 2018 re-presented. EBITDA reconciles with current EBIT for the three months ended March 31, 2019 as follows:

<i>(in € million)</i>	<i>Three-months ended March 31, 2018 re-presented ⁽¹⁾</i>	<i>Three months ended March 31, 2019</i>
EBITDA	991.5	1,030.8

Provisions, fair value adjustments & other ⁽³⁾	2.1	13.8
Share of current net income of joint ventures and associates	37.1	22.9
Current EBIT	462.5	483.7

(1) Adjustments to figures for the three months ended March 31, 2018 concern the application of IFRS 16 and the reclassification of Lithuania from discontinued operations to full consolidation in March 2018 re-presented.

(2) Including principal payments on current operating financial assets (OFA) of -€22.6 million for the three months ended March 31, 2019 compared to -€31 million for the three months ended March 31, 2018.

(3) Including capital gain or loss on industrial divestitures for an amount of €2.6 million for the three months ended March 31, 2019 compared to €2.2 million for the three months ended March 31, 2018.

- EBITDA growth;
- favorable fluctuation of net reversal of operating provisions (compared to the first quarter of 2018, which was marked by one-off charges in the United Kingdom and South Korea)

Offset by:

- the increase in depreciation and amortization charges at constant exchange rates (-€21.3 million or +4.6% compared to the three months ended March 31, 2018), in line with the development of the Group's activities and consolidation scope impacts;
- a decrease in the contribution of equity-accounted entities, following the recognition in 2018 of a €15.9 million gain on disposal in the United States partially offset in 2019 by an increase of the contribution of Chinese equity accounted entities.

The foreign exchange impact on Current EBIT was neutral.

Subscription terms and conditions

- Beneficiaries

This plan is carried out pursuant to provisions of articles L. 3332-18 et seq. of the French Labor Code, in the context of Veolia Environnement's group Savings plan (Plan d'Epargne de Groupe or PEG) and international group savings plan (Plan d'Epargne de Groupe International or PEGI).

This plan is intended for employees of the Group located in the following countries, who have at least three months' seniority within the Group as on the closing date of the cancellation period: Argentina, Australia, Belgium, Brazil, Bulgaria, Canada, China, Colombia, Czech Republic, Finland, France, Germany, Hong Kong, Hungary, Ireland, Italy, Luxembourg, Japan, Morocco, Mexico, the Netherlands, Poland, Portugal, Romania, Slovakia, South Korea, Spain, Sweden and the United States. In the United Kingdom, a share offering is carried out under the Share Incentive Plan mechanism.

Former employees who are either retired or on early retirement and still hold assets in the PEG since they left the Group are eligible to participate in the plan. They will not, however, benefit from the employer matching contribution.

- Subscription Formula

For countries where the share offering is carried out via a company mutual fund (Fonds Commun de Placement d'Entreprise or FCPE), beneficiaries will have the possibility of subscribing for Veolia Environnement shares under two separate offerings, a secure offering and a classic offering.

The secure offering: for a maximum personal contribution of 300 Euros, the subscriber benefits from (i) a gross employer matching contribution corresponding to 100% of his/her personal contribution and (ii) a protection on the amount of his/her initial investment, including the employer matching contribution, up to 600 Euros gross. The subscriber is also entitled to a multiple of the potential increase of the Veolia Environnement share price.

The classic offering: the subscriber invests in Veolia Environnement shares, at the 20% discounted price. Any investment made under the classic offering carries a risk of capital loss as it will follow the upward and downward fluctuations of the Veolia Environnement share price.

For those countries where shares will be subscribed and held directly by the subscribers, only a classic offering is offered with a 100% employer matching contribution up to 300 Euros gross.

- Custody of the Shares

The subscription is carried out through an FCPE or, in some countries, by direct shareholding.

For shares subscribed and held in the FCPE, voting rights attached to these shares will be exercised by the FCPE's supervisory board. The voting rights will be exercised directly by the subscribers for shares subscribed and held directly by them.

- Lock-up Period

In accordance with provisions of Article L. 3332-25 of the French Labor Code, the directly subscribed shares as well as the FCPE units are unavailable for a five-year period, except in the event of occurrence of an early release case as described in articles L. 3332-25 and R. 3324-22 of the French Labor Code, as applicable in the various countries where the plan is proposed.

Provisional timetable for the plan

The timetable below is provided for information purposes only and is subject to modifications due to any event affecting the smooth completion of the plan

Reservation Period: from June 11 to July 1, 2019 (inclusive)

Subscription Price to be set: on August 30, 2019

Cancellation Period: from September 3 to 5, 2019 (inclusive)

Settlement-delivery of the shares under the plan: expected to take place on October 15, 2019

Hedging transaction

The implementation of the financial mechanisms relating to the secure offering requires hedging operations by the financial institution structuring the offering on market exchange and/or over-the-counter exchanges, by means of the purchase and/or sales of shares, the purchase of call options and/or all other transactions, at all times and in particular as from the opening date of the fixation period of the reference price and for the whole duration of the plan.

Listing of the shares

The Veolia Environnement shares are admitted to trading on the Euronext Paris stock exchange. The request for admitting the newly issued Veolia Environnement shares to trading on the Euronext Paris regulated market will be sent as soon as possible after the completion of the share capital increase. The new shares will be listed on the same line as the existing shares (ISIN code: FR 0000124141-VIE) and will be entirely assimilated to the existing shares as from the date of their admission to trading.

Specific notification concerning the international offering

This press release does not constitute an offer to sell or a solicitation to subscribe Veolia Environnement shares. The offering of Veolia Environnement shares is strictly reserved for the above referenced beneficiaries and will be carried out only in those countries where such an offering has been registered with or disclosed to the relevant local authorities and/or where a prospectus has been approved by the relevant local authorities, or an exemption from the requirement to prepare a prospectus or to register or disclose the offering has been granted.

More generally, the plan will only be carried out in countries in which all required filing procedures or notifications have been completed and the necessary authorizations have been obtained.

Veolia Environnement shares offered to sale under this plan have not been recommended by any governmental securities commission or regulatory authority. Neither Veolia Environnement nor any employer is giving investment advice. Investing is a personal decision that must be made by the employee, taking into account his/her financial resources, investment goals, personal tax situation, any other investment alternatives available and the fact that the value of a quoted share will fluctuate. In this regard, employees are encouraged to consider the diversification of their investment

portfolio to ensure that the risk that they assume is not unduly concentrated on any single investment.

The Offer is proposed on a discretionary basis by Veolia Environnement. Neither Veolia Environnement, nor the employers are required to repeat the plan or to make similar offerings in the future. The terms and conditions of the plan do not form part of the employment contract of the employees.

In France, the present document constitutes the press release required to benefit from the exemption from publication of prospectus provided in Articles 4.1(e) et 4.2(f) of the Prospectus Directive 2003/71/EC implemented in the national law by the Member States of the European Union, and for France in Articles 212-4 5° and 212-5 6° of the General Regulations of the French Market Authority (AMF), in Articles 1.4(i) et 1.5(h) of the Regulation Prospectus (UE) 2017/1129 as well as Article 19 of the AMF circular of October 21, 2016 as amended on January 15, 2018 (DOC-2016-04) and Article 3.1 of the AMF Guidelines on the employee savings funds (DOC-2012-10) as modified on January 3, 2019.

Africa - Mining Industry

AngloGold Ashanti has contracted Veolia for water treatment at its Obuasi gold mine in Ghana

Veolia has signed a new contract with AngloGold Ashanti Limited, part of the the South African headquartered gold mining company, AngloGold Ashanti, the world's third largest gold producer. Veolia Ghana Limited (*) will be responsible for operating and maintaining all the water treatment plants for the Obuasi open-cut and underground mines in Ghana. Under this three-year contract, Veolia will provide all its operational expertise for the mining industry.

No fewer than six facilities are needed to guarantee the treated water and discharge quality for AngloGold Ashanti's Obuasi mine: four wastewater treatment plants and two drinking water treatment plants. Their management has been entrusted to Veolia Ghana Limited for a period of three years. Water is essential for the mining industry. It is used in various activities associated with the extraction phases: ore processing, dust control, sludge transportation, as well as employees' needs. In a tropical climate subject to highly seasonal heavy rainfall, the Ghanaian mine a responsibility to manage its wastewater and process residue in order to comply with the local Environmental Protection Agency's requirements for discharge into the ecosystem.

A heavy consumer of water, the mining sector is one of the major growth areas identified by Veolia. The Group is working hand-in-hand with players in the industry to find solutions to the challenges they face in Africa, as elsewhere in the world. It is a strategic market segment with promising growth prospects for the Group.

"This new contract is confirmation of Veolia's operational expertise in water and discharge treatment that are so critical to the mining industry", explains Christophe Maquet, Director of Veolia's Africa and Middle East Zone. "By optimizing the process water treatment for the Obuasi gold mine, we have an opportunity to improve the productivity of this crucial operation".

 - (b) a copy of the Base Prospectus together with any supplement to the Base Prospectus or further Base Prospectus and any documents incorporated by reference therein;
 - (c) the Final Terms for Notes that are listed and/or admitted to trading on Euronext Paris or any Regulated Market in the EEA;
 - (d) the Agency Agreement; and
 - (e) all reports, letters and other documents, valuations and statements prepared by any expert any part of which is extracted or referred to in the Base Prospectus.

In addition, so long as any Notes issued under this Base Prospectus remain listed and/or admitted to trading on any Regulated Market, the following documents will be available on the website of the AMF (www.amf-france.org) and on the website of the Issuer (www.finance.veolia.com):

- (a) the Final Terms for Notes that are listed and/or admitted to trading on Euronext Paris or offered to the public in France;
 - (b) this Base Prospectus together with any supplement to this Base Prospectus or further Base Prospectus and any documents incorporated by reference therein.
12. In respect of any Tranche of Fixed Rate Notes, an indication of the expected yield on the Notes shall be specified in the applicable Final Terms. The yield shall be calculated on the Issue Date of the Notes based on the Issue Price. The specified yield shall be calculated as being the yield to maturity on the Issue Date of the Notes and shall not be an indication of future yields.
13. This Base Prospectus (including the documents incorporated by reference) contains certain statements that are forward-looking including statements with respect to the Issuer's business strategies, expansion and growth of operations, trends in its business, competitive advantage, technological and regulatory changes and information on exchange rate risk. Forward-looking statements generally include all statements preceded by, followed by or that include the words "believe", "expect", "project", "anticipate", "seek", "estimate" or similar expressions. Such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and actual results may differ materially from those in the forward-looking statements as a result of various factors. Potential investors are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof.
14. In connection with the issue of any Tranche, the Dealer or Dealers (if any) named as the stabilising manager(s) (the "**Stabilising Manager(s)**") (or person(s) acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of thirty (30) calendar days after the issue date of the relevant Tranche and sixty (60) calendar days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment shall be conducted in accordance with all applicable laws and rules.
15. In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to "U.S. dollar" and "\$" are to the currency of the United States of America, references to "yen" are to the currency of Japan, references to "Sterling" and "£" are to the currency of the United Kingdom, references to "Renminbi" or "RMB" are to the currency of the People's Republic of China ("PRC") and references to "€"

and "Euro" are to the lawful currency of the participating member states of the European Union that have adopted or adopt the single currency in accordance with the Treaty establishing the European Community as amended from time to time.

16. The Final Terms in respect of any Notes will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority ("**ESMA**") on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU on markets in financial instruments (as amended, "**MiFID II**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

17. If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.
18. Amounts payable under Floating Rate Notes may be calculated by reference to one or more "benchmarks" for the purposes of the Benchmarks Regulation. In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation.
